RE: Required Immunization for attending

School in the state of Ohio

Dear Parent/Guardian:

As we still do not have documentation at school verifying the required Meningococcal immunization as of Monday September 28<sup>th</sup>, your child will be excluded from attending school. This is mandated by Ohio Revised Code 3313.671 and required in order for school to be in compliance with the law. He/She will **NOT** be permitted to ride the bus/attend school or participate in extracurricular activities on Monday, September 28<sup>th</sup> unless proof of the immunization is on record at school. **YOU MUST BRING A COPY OF THE SHOT RECORD BY FRIDAY, SEPTEMBER 25<sup>TH</sup>**, for your child to ride the bus/attend school or participate in extracurricular activities on Monday, September 28<sup>th</sup>.

Please call Meleah Hazelbaker, RN at (High School 858-1103) if you have any questions.

Thank you,

Christopher N. Rapp

Principal
