# Honoring Community Members During the Pandemic

Created by Lane Foushee, Gia Guernelli, Isaac Albaugh

---

The class of 2021 at Brunswick High School wanted to thank all frontline workers, local businesses, teachers, and community members who have contributed in a meaningful way to the town of Brunswick during the pandemic. We decided to give recipients t-shirts written with the slogan “Stronger Together” to those whom we believe have continued to work during this time to make our lives safer and better.
