Welcome from the Superintendent

Welcome to the 2020 - 2021 school year. We know that the start of the school year and the opening of schools will look and feel much different than it has in the past. Our District is committed to getting students back into schools with as much in-person teaching and learning as possible, however, at this time it is not safe and healthy to do so. We continue to follow the guidelines from our local public health professionals. Our primary duty is to keep our students, families, and staff safe and healthy.

By the time you receive this publication, you have received information about our Continuous Learning 2.0 Plan. As outlined in the plan, when school starts on September 9, it will be remote (online) learning. Through this plan, our goals are to continue to provide positive experiences for your child(ren) and family, one where all students and families feel welcome, treated with dignity and respect in an environment where students are engaged in their learning, feel safe, and cared for by staff. We can do this together by building trusting relationships, mutual respect, and delivering exceptional customer service to all we serve, even though a virtual experience. Remote teaching and learning will look much different than it did in the spring where each of us, families, and staff alike were in crisis-response mode with all doing their best to provide continuous teaching and learning when schools closed abruptly. We recognize that no matter what options parents and guardians choose for their child, it may come with challenges. Our professional educators are here to support your child(ren) academically, socially, and emotionally.

Please stay connected with us and your child’s school to keep informed on upcoming announcements and events. Schools will communicate with students and families directly in the coming days. School offices are now open to serve families with questions or other needs. If you plan to visit your child’s school, masks and social distancing are required. You may want to call ahead as many inquiries may be handled over the phone.

As your Superintendent, it is an honor and privilege to serve the students and families of our Marysville and Tulalip community. On behalf of the Board of Directors and our District and School(s) staff, we welcome our students and families back to school in our new virtual classroom environments. Thank you for your continued support.

In partnership,
Jason Thompson
Superintendent

About

The Marysville School District Board of Directors is composed of five district citizens elected by voters to serve four-year terms. Their authority is established by the Washington State Legislature and they act under the direction and restrictions of state law. The Board’s responsibilities include but are not limited to:

- Establishing general policy for the school system;
- Employing school personnel upon recommendation of the superintendent;
- Adopting the annual operating budget;
- Exercising the legislative powers conferred by the Legislature in overseeing school functions; and
- Selecting the superintendent of schools.

The members of the Board of Directors share a common vision for the Marysville School District. The board seeks to find ways to provide not just an adequate education for children, but an excellent one. The belief is that every child in Marysville and Tulalip deserves the very best educational experience possible and every child has the potential to achieve success in life if given the right tools to do so.

We encourage members of the community and our staff to attend board meetings and to be involved in committees when possible. We believe that it truly does take a community to raise a child. – MSD Board of Directors

Schedule of School Board Meetings 2020-2021

The Marysville School District Board of Directors will conduct their regular meetings on the dates listed. All regular board meetings begin at 6:00 PM and are typically on the first and third Wednesday of each month with some exceptions due to holidays and school breaks. Regular session meetings are held at the district administration office at 4220 80th Street NE, Marysville, WA, in the Board Room. If there are cancellations, postponements, changes of location or start time, advance notice will be given to board members and the notice will be posted on the district website Board of Directors page. Note: Board work study sessions, retreats, or special meetings are not a part of this schedule and are scheduled as needed by the Board and the Superintendent.

Working Together

The Board of Directors recognizes the importance of a communal commitment for the success of our students and staff. Likewise, the Board encourages the joining together with stakeholders in providing exceptional academic, social, and emotional experiences for students.

The Board also seeks continual input from members of the community because your input is important to the work of the district. You may provide input and support by attending and speaking at a board meeting, emailing the Board President, or calling the District’s Educational Services Center. If you have a school or district-related issue, please review the Guidelines for Resolving Citizens Concerns prior to contacting the school board. Keep in mind that the school board president is responsible for all board-related correspondence. Learn more about the School Board and how you can get involved on our website at www.msd25.org

ANNUAL DISTRICT REPORT CARDS

The Office of Superintendent of Public Instruction (OSPI) provides school and district reports that include:

- Assessments and Test Scores
- Demographic Information

Information on individual schools and the Marysville School District is available at www.k12.wa.us. Click on “Data and Reporting” then click on “Report Card” and choose the District or School(s).

ASSESSMENT INFORMATION

For information on Washington State Assessments, visit the OSPI website at: https://www.k12.wa.us/student-success/testing For local testing information and dates, go to www.msd25.org

ATTENDANCE/TRUANCY REQUIREMENTS (BECCA NOTIFICATION)

Under state law (RCW 28A.225), students are required to attend school full-time, without unexcused absences, skips or tardiness. When a student accumulates seven (7) days of unexcused absences in any month (one day consists of more than half a school day) or ten (10) days of unexcused absences in a school year, they may be referred to a Community Truancy Board, possibly resulting in a Becca Petition being filed with juvenile court where sanctions can be imposed. These sanctions may include essays, study club, community service, detention and detention alternatives. Parent or guardian fines may also be imposed of up to $25 for each day of unexcused absences from school. If a student misses twenty (20) consecutive days of school, they will be withdrawn from their school of attendance.

ATHLETICS

Annually, students must submit a completed online athletic registration in order to be eligible to participate. The completed registration and the following is required:

Online registration has replaced paper copies. In order to complete the registration process the parent must use their Skyward/Family Access “Parent Login ID” to access the registration form.

Athletes are still required to submit a hard copy of their physical to their athletic office or middle school athletic coordinator.

Students must have a current physical and health insurance to participate. Physicals are good for 24 months (two years). The District-issued physical form or United States Military forms must be used for physicals. A note with a doctor’s signature will not be accepted.

Marysville School District does not have athletic participation fees. We do require athletes to purchase an A.S.B. card. This purchase is necessary as A.S.B. dollars support school sports programs including uniforms and equipment.

Students must meet residence and academic requirements for eligibility. For more information contact the District Athletic Office at (360) 965-0111 or visit the WIAA website at www.wiaa.com.

BECCA BILL

The “Becca Bill” is our state’s truancy law. It is intended to stop truancy before it becomes a problem. Schools and families should work together as a team to ensure school attendance and student safety. However, if a student has unexcused absences, this law requires that schools and school districts take the following actions:

1. One (1) unexcused absence. The school must inform the parent when there is one unexcused absence. This is done by a phone call.

2. Two (2) unexcused absences. After the second unexcused absence, the school is required to schedule a meeting with the parent or legal guardian and student to discuss the causes of the unexcused absences and find solutions to prevent further absences. This is a team effort.

3. Five (5) unexcused absences. The school must enter into a written truancy agreement with the family, where the parent, student and school agree on the necessary steps to resolve the student’s attendance problem.

4. Seven (7) unexcused absences during a month or ten (10) unexcused absences within a school year. The student may be referred to a Community Truancy Board, which is a group of citizens who help resolve truancy cases away from the court. The school district may also file a petition in juvenile court to order the student to attend school. If this court order is violated, the court will call for a Contempt Hearing and the student will receive a court order, which can include essays, study club, community service and detention. Fines may also be imposed of up to $25 for each day of unexcused absence from school.

BREACKFAST AND LUNCH PROGRAM

The Marysville School District’s food service partner Sodexo and District food service staff work diligently to ensure our students and staff have great-tasting, nutritious meals. All District schools serve lunch and breakfast. If you have questions about the breakfast and lunch program, or would like to see menus or calorie counts, visit https://www.msd25.org/o/District/page/child-nutrition-services

Meal Program*  

*Meal prices subject to change on board approval.

All families are encouraged to complete a Free and Reduced Application.
FREE AND REDUCED MEALS
Free and reduced meal prices are available to all students who qualify. All families are encouraged to complete a Free and Reduced Application. If you qualified for this program last year, a new application must be completed at the beginning of each new school year. A Free and Reduced Application will be mailed to each household in August. Applications are also available at each school and at the District Service Center, 4220 80th St. NE, Marysville, WA 98270.

Once your application has been received and processed you will be notified regarding your eligibility status as soon as possible. Students that qualified for this meal program last school year are automatically eligible for the first thirty (30) days of the new school year. Please note: siblings that were not on the previous year’s application do not qualify under the 30-day grace period.

Please complete a new application form before the first day of school to avoid any interruption of service or accrual of charges for children that were not on last year’s application. If you have questions, please call our Food Service Department at (360) 965-0115 or visit http://bit.ly/MSDFoodService.

UNPAID MEAL CHARGES
Students who qualify for free meals will not be denied a reimbursable meal, even if they have accrued a negative balance from previous purchases. Students with outstanding meal charge debt will be allowed to purchase a meal if the student pays for the meal when it is received.

The District will make reasonable, discrete efforts to notify families when meal account balances are low through use of weekly emails and an automated calling system notifying parents or guardians of low balances and negative balances.

Families will be notified of an outstanding negative balance once their student(s) account enters into the negative. Negative balances not paid prior to the end of a student’s enrollment within the District will be considered delinquent debt and will be turned over to the Superintendent or designee for collection. The District will make reasonable, discrete efforts to collect delinquent (overdue), unpaid meal charges, which is an allowable use of National School Food Service Account (NSFSA) funds, and will coordinate communications with families to resolve the charges.

Options may include collection agencies, small claims court or any other collection method permitted by law and consistent with the Fair Debt Collection Practices Act.

CAREER AND TECHNICAL EDUCATION

Career and Technical Education (CTE) offers students in grade seven through 12 an opportunity to explore career options, while further supporting basic academic, employment and leadership skills. CTE courses enable the achievement of, and options for high-demand, high-wage and STEM (science, technology, engineering, and math) focused employment and continuing education. Career and Technical Education courses are required for graduation, and high school students who participate in CTE courses that have credit equivalencies may be able to satisfy two graduation requirements by taking one course. In addition, CTE courses may offer students college credit while in high school. See your school counselor for details on equivalency and college credit options.

CHILD FIND NOTICE

Marysville School District is committed to early identification of children with disabilities. The Marysville School District’s Child Find Program is designed to locate, evaluate, and identify children with suspected disabilities who may be in need of Special Education Services, including those who are not currently receiving services. Eligible students between the ages of three and 21 years of age who reside within the Marysville School District may receive special education and related services. Children ages birth to two-years-old are referred to their physicians and community agencies.

We seek to reach:

- Children residing in school district boundaries, including preschool aged children;

- Children attending approved, nonprofit private elementary and secondary schools located within the district boundaries;

- Highly mobile children (such as homeless, foster care and migrant children);

- Children who have a disability and may need special education services, even though they are advancing from grade to grade; and

- Children at home or homeschooled.

Any person who observes a child they suspect may have a disability may refer the child to the District for screening and possible assessment to determine eligibility. Upon completion of the screening, a member of the evaluation team will explain the results to the child’s parents or guardian. If the screening results indicate the child is having difficulty in one or more areas, a referral is made for a comprehensive special education evaluation. Eligible preschool students are entitled to individualized, quality early intervention special education services in accordance with the federal Individuals with Disabilities Education Act (IDEA), Part B.

If you have concerns about your child’s development in the areas of language, hearing, vision, social-emotional, cognitive, gross motor, fine motor and self-help skills, you are encouraged to contact:

Management plans are available for review at individual schools as well as at our Facilities Office, located at 4220 80th St. NE, Marysville, WA 98270.

The 2001 Legislature passed House Bill 1451 which requires school districts to notify the public of pest control and herbicide use. The Facility Department sprays Roundup Pro and Crossbow to control weeds along fence lines and various locations. An interested person can register with the Facilities Office to receive notification of pesticide application or obtain further information about the Integrated Pest Management Plan (IPMP). The IPMP plan is also available for review at the District Facilities Office. For more information about these notices, please contact the Facilities Office at (360) 965-0136.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT NOTIFICATION (FERPA)
The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education.

The Act gives parents certain rights with respect to their children’s education records. These rights transfer to the student when they reach the age of 18 or attend a school beyond the high school level. Students to whom the rights have transferred are considered eligible students.

Parents or eligible students have the right to inspect and review the student’s education records maintained by the school. Schools are not required to provide copies of records, unless for reasons such as great distance, it is impossible for parents or eligible students to review the records. Schools may charge a fee for copies.

Parents or eligible students have the right to request that a school correct records that they believe to be inaccurate or
Schools may disclose, without consent, "directory" information such as a student's name, address, telephone number, date and place of birth, honors and awards, and dates of attendance. However, schools must tell parents and eligible students about directory information and allow parents and eligible students a reasonable amount of time to request that the school not disclose directory information about them. Schools must notify parents and eligible students annually of their rights under FERPA. The actual means of notification (special letter, inclusion in a PTA bulletin, student handbook or newspaper article) is left to the discretion of each school.

GUIDELINES FOR RESOLVING CITIZEN CONCERNS

The Marysville School District expects the educational and support staff to act in a professional manner and according to accepted educational practices, and furthermore presumes that citizens and employees are committed to act in the best interest of students. However, we recognize the rights of individuals to present complaints or concerns directly to practices occurring in the schools. The purpose of this section is to assist in handling such complaints in the most timely and effective manner. The Board of Directors relies on its teachers, staff, and administrators to resolve concerns of citizens. It is the policy of the Board to provide for such resolutions first at the level most directly involved and in an informal manner, if possible. If such resolution cannot be accomplished, however, procedures are available for review at the highest administrative level with an opportunity for appeal to the School Board.
Receiving an Incident Reporting Form
All staff members are responsible for receiving oral and written reports and must take appropriate action.

Investigations of Unresolved, Severe, or Persistent Harassment, Intimidation and Bullying
All reports of unresolved, severe or persistent harassment, intimidation or bullying will be investigated with reasonable promptness. Any student may have a trusted adult with them throughout the report and investigation process.

The investigation will be completed as soon as practical but generally no later than five (5) school days from the initial complaint or report. If more time is needed to complete an investigation, the District will provide the parent or guardian and the student with weekly updates. No later than two (2) school days after the investigation has been completed and submitted to the compliance officer, the principal or designee will respond in writing or in person to the parent or guardian of the complainant and the alleged aggressor.

If the incident cannot be resolved at the school level, the principal or designee will request assistance from the District.

Corrective Measures for the Aggressor
After completion of the investigation, the school or District designee will institute any corrective measures necessary. Corrective measures will be instituted as quickly as possible, but in no event more than five (5) school days after contact has been made to the families or guardians regarding the outcome of the investigation.

If during an investigation, a principal or principal’s designee found that a student knowingly made a false allegation of harassment, intimidation or bullying, that student may be subject to corrective measures, including discipline.

Targeted Student’s Right to Appeal
If the targeted student remains dissatisfied after the initial appeal to the Superintendent, the student may appeal to the School Board by filing a written notice or appeal with the secretary of the School Board on or before the fifth (5th) school day following the date upon which the complainant received the Superintendent’s written response. An appeal before the School Board or disciplinary appeal council must be heard on or before the tenth (10th) school day following the filing of the written notice of appeal to the school board. The school board or disciplinary appeal council will review the decision and render a written decision on the merits of the appeal on or before the fifth (5th) school day following the termination of the hearing and shall provide a copy to all parties involved. The board or the council’s decision will be the final District decision.

Discipline and Corrective Action
The District will take prompt and equitable corrective measures within its authority on findings of harassment, intimidation or bullying. Depending on the severity of the conduct, corrective measures may include counseling, education, discipline or referral to law enforcement.

Support for the Targeted Student
Persons found to have been subjected to harassment, intimidation or bullying will have appropriate District support services made available to them, and the adverse impact of the harassment of the student will be addressed and remedied as appropriate. Retaliation is prohibited and will result in appropriate discipline.

REPORT BULLYING
If you believe your child is being bullied:

1. Obtain a copy of your school’s anti-bullying policy and procedures. All schools are required to publish them.
2. Contact the police if your child has been the victim of malicious harassment. If the bullying act was particularly vicious and the bully seriously injured your child or caused significant physical harm to your child’s property, the bully may be guilty of malicious harassment.
3. Follow your school’s procedures for filing a written complaint. The school is required to investigate.
4. Notify the District using the SafeSchools Alert, the District’s tip reporting service. This system allows students, staff and parents to submit safety concerns to the administration in four different ways:
   - Phone: (360) 799-5414
   - Text: (360) 799-5414
   - Email: 1248@alert1.us
   - Web: http://1248.alert1.us

You can easily report tips about bullying, harassment, drugs, vandalism or any safety issue you are concerned about. Tips can be submitted at any time.

Thank you for helping to make our school community a safe place to work and learn!

HEALTHY YOUTH SURVEY
Every two years the Marysville School District conducts the Healthy Youth Survey. The survey is given to students in grade six, eight, 10 and 12 only each even year. Students may opt out of the survey with parent notification. The survey will be conducted in early fall.

HIGHLY CAPABLE PROGRAM REerrals
Is your student a highly capable learner? Once a student is identified with the unique learning skill sets, the Marysville School District matches them up with District services to meet their needs. This may include additional support at their neighborhood elementary school, or services housed in our program at Pinewood Elementary or Liberty Elementary. Watch for information about elementary highly capable and middle school testing referrals in order to qualify for the program. Timeline and referral forms are available online and at your child’s school. For more information, please contact the Highly Capable Program Office at (360) 965-0050.

MILITARY AFFILIATION DATA AND TRUANCY REQUIREMENTS
The Washington State Legislature passed a law requiring Washington state public schools to collect information on family military affiliation. The legislature also passed a law requiring annual notice to parents for review of the Becca Attendance Requirements. This required information will be collected annually. Please provide both the Military and Becca information by the end of September. The information will be required for each child on an annual basis. Each year you will be given the option to:

SEXUAL HARASSMENT

Students and staff are protected against sexual harassment by anyone in any school program or activity, including on the school campus, on the school bus, or off-campus during a school sponsored activity. Sexual Harassment is any unwelcome behavior or communication that is sexual in nature when:

- A student or employee is led to believe that they must submit to unwelcome sexual conduct or communications in order to gain something in return, such as a grade, a promotion, a place on a sports team, or any educational or employment decision, or
- The conduct substantially interferes with a student’s educational performance, or creates an intimidating or hostile educational or employment environment.

Examples of Sexual Harassment:

- Pressuring a person for sexual favors
- Unwelcome touching of a sexual nature
- Writing graffiti of a sexual nature
- Distributing sexually explicit texts, emails or pictures
- Making sexual jokes, rumors or suggestive remarks
- Physical violence, including rape and sexual assault

You can report sexual harassment to any school staff member or to the District’s Title IX Officer. You also have the right to file a complaint. A copy of Policy and Procedure 3205 - “Sexual Harassment of Students Prohibited” and 5011 - “Sexual Harassment of District Staff Prohibited” are available online at www.msd25.org, at your school, or at the District Service Center, 4220 80th St. NE, Marysville, WA or (360) 965-0000.

COMPLAINT OPTIONS: DISCRIMINATION AND SEXUAL HARASSMENT

If you believe you or your child experienced unlawful discrimination, discriminatory harassment, or sexual harassment at school, you have the right to file a complaint. Before filing a complaint, you can discuss your concerns with your child’s principal or with the District’s Section 504 Coordinator, Title IX Officer, or Civil Rights Coordinator. This is often the fastest way to resolve your concerns.

FILE A COMPLAINT

Step 1. Write Out Your Complaint

In most cases, complaints must be filed within one year from the date of the incident or conduct that is the subject of the complaint. A complaint must be in writing. Be sure to describe the conduct or incident, explain why you believe discrimination, discriminatory harassment, or sexual harassment has taken place, and describe what actions you believe the district should take to resolve the problem. Send your written complaint by mail, fax, email or hand delivery to the Superintendent or Civil Rights Compliance Coordinator.

Step 2. School District Investigates Your Complaint

Once the District receives your written complaint, the coordinator will give you a copy of the complaint procedure and make sure a prompt and thorough investigation takes place. The Superintendent or designee will respond to you in writing within 30 calendar days, unless you agree on a different time period. If your complaint involves exceptional circumstances that demand a lengthier investigation, the District will notify you in writing to explain why staff needs a time extension and the new date for their written response.

Step 3. School District Responds to Your Complaint

In its written response, the District will include a summary of the results of the investigation, a determination of whether or not the district failed to comply with civil rights laws, notification that you can appeal this determination, and any measures necessary to bring the District into compliance with civil rights laws. Corrective measures will be put into effect within 30 calendar days after this written response, unless you agree to a different time period.

APPEAL PROCESS

If you disagree with the District’s decision, you may appeal to the District’s board of directors. You must file a notice of appeal in writing to the secretary of the School Board within 10 calendar days after you received the District’s response to your complaint. The School Board will schedule a hearing within 20 calendar days after they received your appeal, unless you agree on a different timeline.

The School Board will send you a written decision within 30 calendar days after the District received your notice of appeal. The School Board’s decision will include Information about how to file a complaint with the Office of Superintendent of Public Instruction (OSPI).
INCLEMENT WEATHER AND SCHOOL CLOSURE INFORMATION

In the event of school start time delays or school closure due to inclement weather or emergency, a message will be on the District’s Emergency Phone Line at (360) 965-0252, posted on the District’s website at www.msd25.org, and on Facebook and Twitter. Local radio and television stations also announce school closure and late start information. Because safety is the determining factor, buses may run behind schedule when fog, ice or snow conditions exist. Parents are urged to make sure their children are adequately clothed so waiting in cold weather is not uncomfortable.

Important: If school has been closed for the day, no after-school meetings or practices will be held. All evening meetings and functions scheduled to take place in District facilities will be cancelled as well. Please make certain that your child’s school has your most up-to-date emergency phone numbers and emails.

Late Start Schedule

In the event of a late start, all schools will start two hours later and dismiss at their regular times unless otherwise announced. Additional changes during late start include:

- No morning or afternoon preschool programs or ECEAP
- No out-of-district transportation
- No morning high school Sno Isle Skill Center
- No secondary zero-hour class

Limited Transportation Schedule

When weather conditions dictate that certain roads are not safely passable, the District will announce that it is providing limited transportation. The District Transportation Director will create a list of which roads will be impacted on their route. This list will be posted on the website and can be found at www.msd25.org Once a limited transportation schedule has been announced for the day, it will remain in effect for both the morning and afternoon route, even if roads have cleared during the day.

Levels of Review

Consistent with the policy of resolution at the level most directly involved and providing opportunities to appeal such decision to higher administrative levels, complaints shall proceed through the following steps of review:

Step 1: Teacher or another staff person

If a citizen has a concern about any aspect of the operation of the schools, they should initiate the question or objection with the District employee most directly involved with the specific situation. Many complaints are due to lack of complete information or miscommunication. Going straight to the source of concern is the best way to get complete information. You may discuss your concern over the phone or arrange an in-person conference. The more you can increase the communication at this point of service, the greater the chances of resolving your concern.

Step 2: Building principal or immediate supervisor

If you cannot resolve your concern through discussion with the employee involved, you should request a conference with the employee and their building principal or other immediate supervisor. This administrator is closest to the situation or problem and will often be able to assist or mediate a resolution to the problem. In order to facilitate the greatest level of communication, the District employee involved should usually be present at the conference. Please note that a complaint specifically about the use of District adopted curriculum and instructional materials will be handled according to Policy 2020, which is available from your building principal. Within ten (10) working days, the supervisor will contact the grievant and arrange a mutually agreed upon date and time to hear the grievant concerns.

Step 3: Executive Director or Assistant Superintendent

If you are still dissatisfied with the results of the above conferences you should request a meeting with a District office administrator who is most logically involved with the program in question. One of their first questions will be about your attempts at Step 1 and Step 2 resolutions. Within ten (10) working days, the administrator will contact the grievant and arrange a mutually agreed upon date and time to hear the grievant concerns.

Step 4: District Superintendent or designee

If either party (citizen or District employee) is dissatisfied with the decision or response of the District office administrator, they may appeal to the Superintendent. Within ten (10) working days, the Superintendent or their designee, will contact the grievant and arrange a mutually agreed upon date and time to hear the grievant concerns. Such appeal shall be in writing and shall include at least all prior decisions and a statement of the complaint and reasons for the appeal to Step 4 resolution. The Superintendent or designee will review the decision and will submit an administrative decision to the Board of Directors. The Superintendent will also inform the complainant and the staff members involved of that decision.

Step 5: Board of Directors

If either party (citizen or District employee) is dissatisfied with the decision of the Superintendent, they may appeal to the Board of Directors. Such appeal shall be in writing and directed to the Superintendent (who serves as the Secretary for the Board) and shall include at least all prior decisions and a statement of the complaint and reasons for the appeal. The Board shall have the discretion to accept or reject the matter for review. If it rejects the matter, the Superintendent’s decision shall be final. If it accepts the matter, the Board will consider the appeal at the next scheduled Board meeting. This meeting is closed unless the complainant requests an open meeting. At such meeting, the Board may hear arguments from the parties, review the prior decisions and evidence, and make such inquiry, as it deems necessary, within ten (10) working days after this meeting unless additional time is needed. The Board’s decision will be final.

POST SECONDARY (COLLEGE AND MILITARY) RECRUITERS
If you do not want the District to release directory information to military or college recruiters, send a written request to the building principal prior to October 1. The recruitment opt out form is available on the District website under the Menu – Documents – Parents – Opt Out Forms.

PHOTOGRAPHS AND VIDEO
Occasionally Marysville School District staff members record videos or take photographs of students for use in District or school-produced publications, or for use on the website or in the news media. If you do not wish to grant permission, please check the appropriate box on the enrollment form, update form, or the student emergency card that your student brings home from school. Let the school office staff know in writing prior to October 1 of each new school year.

PROTECTION OF PUPIL RIGHTS AMENDMENT (PPRA)
The Protection of Pupil Rights Amendment (PPRA) (20 U.S.C. § 1232h) requires the District to notify guardians and obtain consent or allow you to opt your child out of participating in certain school activities. These activities include a student survey, analysis, or evaluation that concerns one or more of the following areas (“protected information surveys”):

1. Political affiliations or beliefs of the student or student’s parent;
2. Mental or psychological problems of the student or student’s family;
3. Sex behavior or attitudes;
4. Illegal, anti-social, self-incriminating, or demeaning behavior;
5. Critical appraisals of others with whom respondents have close family relationships;
6. Legally recognized privileged relationships, such as with lawyers, doctors or ministers;
7. Religious practices, affiliations or beliefs of the student or parents; or
8. Income, other than as required by law to determine program eligibility.

This requirement also applies to the collection, disclosure or use of student information for marketing purposes (“marketing surveys”), and certain physical exams and screenings.

The District will provide parents, within a reasonable period of time prior to the administration of the surveys and activities, notification of the surveys and activities, and be provided an opportunity to opt their child out, as well as an opportunity to review the surveys. Please note that this notice and consent/opt-out will transfer from the parents to any student 18 years or older, or an emancipated minor under state law.

PUBLIC RECORDS ACCESS
WHAT PUBLIC RECORDS ARE AVAILABLE FOR INSPECTION?
All records maintained by state and local agencies are available for public inspection unless law specifically exempts them. You are entitled to access to public records under reasonable conditions, and to copies of those records upon paying the costs of making the copy. In most cases, you do not have to explain why you want the records. However, specific information may be necessary to process your request. An agency may require information necessary to establish if disclosure would violate certain provisions of law.

Exempt Records
While the state strongly encourages disclosure of public records, state law does allow for some information to be withheld. These “exemptions” are listed in the Public Records Act (RCW 42.56). Other exemptions are found elsewhere in Washington law, and in federal law. Many of the exemptions are designed to protect the privacy rights of other individuals. Other exemptions are designed to protect the investigative functions of law enforcement and other agencies with investigative responsibilities, as well as the legitimate business interests of other citizens. You should refer to the Public Records Act itself for specific exemptions. You may also wish to consult with an agency’s records officer. Just because part of a record may be exempt does not mean the entire record can be withheld. In those cases, the agency has the obligation to black out or otherwise remove the information it believes is exempt from disclosure and provide you the rest.

If you are denied access to a public record, the agency must identify the specific exemption or other law it believes justifies its denial and explain how that exemption applies to your request.

An Agency Is Not Required to Create Records
While, in general, an agency must provide access to existing public records in its possession, an agency is not required to collect information or organize data to create a record not existing at the time of the request. The more precisely you identify the record you seek, the more responsive the agency can be.
STUDENT SAFETY
The Marysville School District is a weapon-free, drug-free, and tobacco-free environment. Firearms and other dangerous weapons (or facsimiles) are not allowed on school property. In accordance with state law, students found in possession of a firearm on Marysville School District property will be expelled from school for no less than one year. School officials will notify the student’s parent or guardian and the appropriate law enforcement agency.

Also in compliance with state requirements, Marysville School District properties are alcohol, drug and tobacco-free. This policy applies to students, staff and community members.

You can find the standards and procedures set forth in Policy 4210 – Regulation of Dangerous Weapons on School Premises on the District’s website under Board Policies at www.msd25.org. The document describes the regulation for which corrective action or punishment (i.e., discipline, suspension, and expulsion) may be imposed. Paper copies may be requested in the office of your child’s school or at the District Office, 4220 80th St. NE, Marysville, WA 98270. Please Note: Other policies that address the same issue are Policy 3200 - Student Responsibilities and Rights and 3240 - Student Conduct. These Policies are also available at www.msd25.org or at the District Office: 4220 80th St. NE, Marysville, WA 98270, (360) 965-0000.

SPECIAL EDUCATION SERVICES
The Marysville School District provides special education support for students with disabilities from birth through age 21. Specialists including school psychologists, speech and language pathologists, occupational therapists, physical therapists, nurses, and teachers are available to evaluate students and provide services for those who qualify.

Students with disabilities have a range of services available depending on need. Commonly identified areas include delayed development in speech, language or communication, motor development, self-help skills, behavior or social-emotional needs, or learning delays that are affecting the child’s ability to understand and use new information. Every student who receives special education services must have a current evaluation and a current signed Individualized Education Plan (IEP) that has been developed jointly by teachers, parents and other professionals.

To refer a student for an evaluation or for more information, please call the Special Education Services Department at (360) 965-0170 or contact the school psychologist assigned to your neighborhood school.

STUDENT CONDUCT
The Marysville School District acknowledges that conduct and behavior is closely associated to learning. An effective instructional program requires a wholesome and orderly school environment. The district requires that each student adhere to the rules of conduct and submit to corrective action taken as a result of conduct violations. The rules of conduct are applicable during the school day, as well as during any school activity conducted on or off campus. Special rules are also applicable while riding on a school bus.

A copy of Policy 3240 “Student Conduct Expectations and Reasonable Sanctions” is available online at www.msd25.org or at the District Service Center, 4220 80th St. NE, Marysville, WA, (360) 965-0000.

STUDENT INSURANCE
Despite our best efforts to protect them, children get hurt, sometimes seriously. Obtaining the care they need may be expensive. The Marysville School District has arranged for valuable plans to assist you with the expense of unexpected emergencies. Even if your child has other coverage, our plans can help cover the large deductibles, co-pays and other uncovered expenses so common today. Learn more about plans and sign up at www.myers-stevens.com

STUDENT RECORDS AND THE LAW
Most information about our students is confidential and cannot be made public without consent of parents or guardians. The Family Educational Rights and Privacy Act (FERPA) prohibits schools from releasing information without permission, except for what is termed “Directory Information.” Directory information about students may be released by the District without parental consent. The Marysville School District has designated in Policy 4080, Section 8, and the following items as “Directory Information.” This means the District may release, without written consent, the students and parent or guardian’s names, addresses and telephone numbers; date and place of birth; major field of study; participation in officially recognized activities and sports; weight and height of members of athletic teams; dates of attendance; degrees and awards received; the most recent educational agency or institution attended by the student; and photographs of students for public information purposes.

This does not mean that this information is freely available to anyone, but rather only for authorized, school-related purposes. A student’s name will be excluded from any such list of students on written request by a parent or guardian received by October 1. Furthermore, a parent or

**TITLE I/LEARNING ASSISTANCE PROGRAM**

Schools that have a free and reduced lunch percentage at or above the District average qualify for additional funding through a Title I federal grant. Funds are used to support qualified students struggling in reading or math. In the Marysville School District, two of our ten elementary schools qualify for Title I federal funding: Liberty Elementary, and Quil Ceda Tulalip Elementary. Totem Middle and Heritage High School also qualify for Title 1 funding. If your child attends one of these schools, Title 1 information is available from the school office or you can request information from the Categorical Programs Office at (360) 965-0053 for the Director of Title I, or 360-965-0052 for the Title I Program Assistant.

The Learning Assistance Program (LAP) provides targeted assistance to students below grade level in reading or math, and in some cases for behavior. All ten of our elementary schools provide LAP services, as well as all middle schools and Heritage High School. Information about the LAP program can be found on our website, or by contacting the LAP director at 360-965-0053, or 360-965-0052 for the LAP program assistant.

**HEALTH SERVICES**

Marysville School District’s Health Services function as an integral part of the academic environment. The District’s Health Service team includes Certified School Nurses, Registered Nurses, and health room assistants. Each school has a health room assistant who works under the supervision and delegation of the School Nurse. An exception to this being MPHS and Kellogg Marsh which currently each have a registered nurse in the healthroom. The nurses provide expertise to identify, assess, plan, implement and evaluate the health needs of the student. The role of Health services is to provide a quality program of safe, effective delivery of care and establish a balance promoting optimum health and wellness for the students educational success.

**IMMUNIZATIONS & REQUIRED VACCINES FOR CHILDREN ENTERING SCHOOL**

The following are the minimum vaccines required for the current school year attendance according to the State of Washington (WAC 246-100-166):

WA state school Immunization Law requires that a signed and complete Certificate of Immunization form be present at school on or before the students first day of attendance. The Certificate of Immunization (CIS) must show proof of full immunization or a plan to initiate a schedule for obtaining immunizations.

As of July 28, 2019, a new state law removes the personal and philosophical option to exempt children from the MMR vaccine required for school and child care attendance.

Based on this new law Children without a medical or religious exemption will need two doses of MMR vaccine to be allowed into school. Because MMR vaccine doses must be administered at least a month apart, your child may be entered into school if they have paperwork showing at least one dose of MMR vaccine by the beginning of the school year. This will place your child under conditional status for up to 30 days, at which point you will need to provide records showing your child received the second dose of vaccine.

Parents or guardians that chose to exempt their child from immunizations must complete and submit a Certificate of Exemption (COE). The COE must be signed by both a licensed healthcare provider, and parent or guardian. In the event of an outbreak of a vaccine-preventable disease for which the student is exempt, the student may be excluded from school for the duration of the outbreak, by order of the Public Health Officer.

**STUDENTS’ RESPONSIBILITIES AND RIGHTS**

The Marysville School District is dedicated to achieving academic excellence while developing self-directed, lifelong learners, respecting individual differences, and preparing responsible citizens. To provide information to parents regarding the policies and regulations for students, we have developed a Student Rights and Responsibilities Handbook in accordance with Policy 3200 - Students Responsibilities and Rights, which describes:

Guardian may request that any or all of these categories of information not be released under any circumstances without their consent. Such requests should be addressed in writing to the building principal and need to be updated annually. The District will not release directory information for commercial purposes.

**OBTAINING STUDENT RECORDS**

Parents and students over 18 years of age have the right to:

- Inspect and review the student’s education records.
- Request an amendment of the student’s education records that the parent or eligible student believes is inaccurate or misleading.
- Consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent the FERPA authorizes disclosure without consent. File a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA.
The COE form can be downloaded from: https://www.doh.wa.gov/Portals/1/Documents/Pubs/348-106_CertificateofExemption.pdf

**MyIR**
MyIR allows you to manage your family’s immunization records securely online. Once registered, you can access the records any time you need them. You can also print your child’s Certificate of Immunization Status (in a pdf) for school or child care.

Parents can print your child’s CIS form at home without a trip to the doctor’s office by signing up with the Washington Immunization Information System and logging in to MyIR at this link: https://wa.myir.net/

If your medical provider does not use the Washington Immunization Information System you can email waisrecords@doh.wa.gov or call 1-866-397-0337 to request a copy of your child’s CIS.

**MEDICATIONS AT SCHOOL**
Under normal circumstances, medications should be administered before or after school by a student’s parent or guardian. If a student must receive medications at school, Washington state law allows school employees to administer medication when certain requirements have been met. Please note that non-medical, trained personnel may be administering medication to your child in the school setting.

Washington state law requires school districts to have a written, unexpired (current school year) prescription from a licensed medical professional in place before the school staff can administer the medication. The written prescription must be signed, dated, and include the name and dose of medication along with instructions for administration. The parent or guardian must also sign the medication form.

The necessary paperwork and medications will be reviewed by the school nurse. “Medication” means all drugs, whether prescription or over the counter. If a student requires eye, ear, nose drops or topical medication, please request that the school RN contact you to review and make a plan.

When your child needs to take medication during the school day, the parent or guardian must bring the medication to school in the current pharmacy-labeled container. Upon request, most pharmacies will label an extra bottle for medication that is to be administered by school staff.

Medication forms must be completed for all medication including those that the student will have in their possession during the school day (after-school activities-athletic and non-athletic events) and overnight field trips. Medication requests are valid for the current school year only.

Medication forms are available at your school or you can download them at: www.bit.ly/HealthServiceForms.

**HEALTH SCREENINGS**
School personnel provide screenings of vision, both near/distance, and hearing, of students in grades K, 1, 2, 3, 5, and 7 per RCW 28A.210.020.

**STUDENT EMERGENCIES**
In case of a serious injury or illness at school, school will first call the phone number listed as the primary contact. If a parent or guardian cannot be reached at that number, the next person listed on the student’s emergency information will be called.

Please fill out the emergency enrollment form completely and accurately. If there is a change of address or phone number at any time during the school year, please update the information with your student’s school office promptly, or using Family Access.

**STUDENT MEDICAL AND DENTAL APPOINTMENTS**
Parents or guardians and students are encouraged to make medical and dental appointments for non-school hours. When an early dismissal must be made, a note should be presented at the attendance office before school. All students must be signed out by an adult with a picture ID whom is listed on the student’s contact list.
