

Kindergarten-5th Grade Remote Learning Information

September 17, 2020

- Please contact the LGS Office at 444-2326 or Mrs. Ballard at d52kball@d52schools.com if you have not arranged a time for your child to complete the STAR Reading and Math tests. Once taken, the STAR test will connect to Edgenuity Pathblazer to create an individualized, developmentally appropriate pathway for students to work on in Reading and Math. Additional assignments will be assigned to students in Edgenuity in the coming weeks.
- Your child's classroom teacher will have access to reports in Edgenuity to be able to monitor progress and determine if students need additional support on a specific skill or in a specific area.
- Items like handwriting, writing essays, and social/emotional learning will be provided by classroom teachers. This support will occur between 2:15-3:50 for K-4 students and between 1:40-3:15 for 5th Grade. Classroom teachers will communicate the days and specific times they will meet with your child on Zoom to check-in each week.
- If you have tech issues or problems with Edgenuity please contact support@d52schools.com. If you contact your child's classroom teacher, please allow 24 hours for a response.
- Parents will have access to the Parent Portal in Edgenuity where you can track your child's progress. I will have information forthcoming on how to set up your parent account.
- Please be sure your chromebook is fully functional. If you are having technical issues email support@d52schools.com.
- Kindergarten, 1st, 2nd: Please bring in your child's Chromebook to swap out for a new Chromebook during the week of Sept 21. The district will be replacing the device with a brand new chromebook.
- If your child is unable to login and complete the work in Edgenuity please call the school office to report an absence.
- Please email d52slink@d52schools.com if you will need lunches-these will be available each week to pick up on Tuesday from 9:00-10:00.
- Please note that if the school/district has to return to all students doing remote learning, your child will continue to use Edgenuity in a self-paced manner and will not transition back to what they have been doing since August.
- When your child returns to in-person learning, please know that teachers will continue to differentiate instruction. Some content may be reviewed or repeated, but meeting students' needs and differentiation will be provided to the highest extent possible.
- Specials (PE, Art, Music, Library) will send out activities each week via Seesaw (K-2) and Google Classroom (3-5). Please have your child complete these activities by the end of each week.
