Your public schools...  
There's no better place to learn.

September 18, 2020

Dear Dufur School Supporters,

As we embark upon our return to on-site instruction I'd like to take this opportunity to thank all that have made it possible. **To the parents/guardians**, thank you for partnering with the district to make the best out of this challenging situation. Your support has been, and will continue to be, the key to our students' success during this challenging time.

**To the Dufur School Staff**, thank you for your tireless efforts in making the best of our current situation. Your dedication to the students of the Dufur School District is noted and appreciated by all. This is simply one more example of the dedication of the Dufur School District staff to their students and their families. Your willingness to step outside of your comfort zone is benefitting students and families already, and will continue to when our current challenge is long past.

**To the Dufur School Community**, thank you for your forever support of the students of the Dufur School District. As we begin to transition back to on-site instruction, the improvements made possible by your generosity are being put in to action. The security system which is now in place has made all students and staff safer in their learning/teaching environment. The community of Dufur is a special place for many reasons; the support of the school district is a major one.

**To the Board of Directors**, thank you for your steadfast support of the students of the district. Your foresight and dedication to the students of the district is amazing and appreciated. The Dufur School District is recognized as one of the top school districts in the state due to the traditional strong leadership from the board of directors.

We were ecstatic to welcome our first group of preschool through third grade students this morning. The energy brought by students returning to a building is incredible. We look forward to the return of the other grade levels in the near future. As we return in the hybrid format, the district will be very interested in your thoughts on successes and areas for growth for our educational program. We cannot simply wait for a return to normal; we must work to have success with the hybrid format, and take improvements forward as we return to the day that all Dufur Students are on site every day. **Together we will continue to be successful and grow together for the betterment of all Dufur Students! GO RANGERS!**

Sincerely,

Jack Henderson, Superintendent
