September 17, 2020

Dear Raccoon Parents and Guardians:

We want to inform you that we have one confirmed positive case for COVID-19. The school district is working with the Marion County Health Department and is following the proper guidelines. Any students who have had close contact with the affected individual will be notified today by the health department and will be quarantined based on IDPH guidelines. To protect student's privacy, we are unable to provide any additional information.

The school district encourages everyone to follow safe protocols, so that we will be able to maintain in-person learning this year. While things are going very smoothly at this time, we all know that it could change very quickly based on our region's testing data or additional restrictions from the State of Illinois.

Sincerely,
Misty Johannes, Superintendent
