Dr. Nation made a motion to approve the minutes of the board workshop on June 4, 2020. The motion was seconded by Mr. Martinez and passed by a vote of 6-0.

Regarding the Business/Legal/Finance/Consent agenda, the board pulled the following for individual consideration:

- Consider approval of Local Policy CW Naming of Facilities
- Consider approval of Goals for Successful Student Outcomes/Local Board Policy AE Exhibit.

Rev. Hager made a motion, seconded by Mr. Martinez to approve the following:

- Approval of 2019-2020 Amended Budget;
- Approval of Re-Affirming Use of District Purchasing Cooperatives;
- Approval of Property and Casualty Insurance Renewal with the Texas Association of School Board Risk Management Fund in the amount of \$820,786 for the 2020-2021 school year;
- Approval of Local Policy CFC Accounting Audits;
- Approval of Board Operating Procedures;
- Approval of Board Resolution and Interlocal Agreement between Tyler ISD and Education Service Center Region 10 for Participation in the 457(b) FICA Alternative Plan and for Third Party Administrative Services under 403(b) Plan;
- Approval of Common Remitter Services Provider Contract with TCG Administrators.

The motion was approved by a vote of 6-0.

Regarding Local Policy CW – Naming of Facilities, Dr. Crawford stated this is a second reading. An adjustment has been made to Item 1 removing "principled ideals". Google refers to "principled ideals" as a math equation. He stated a clarification was needed and "values" has really the same intended meaning.

Mr. Newsome stated that he is in agreement with the policy. He expressed concern and questioned the selection process about how it can possibly be done. He stated that he still feels strongly about having input from the community in regards to a committee simply because of the amount of input the board has had in going through the controversy. He believes it is important that the board allow the community to have some input. The board should want the community to be involved with the schools more so than what they have been in the past. This has been a very controversial issue so he feels it would be good to have community input in trying to select the names. The process was described last time and he thinks he agrees with that process. He stated that the policy is well written and he said he does not have a problem with the policy, but in this particular instance, he strongly feels there should be a committee of community representation.

Regular Meeting July 20, 2020 Page 3 of 15

Dr. Crawford stated the way the committees are currently designed is that there will be a separate committee for each school with nine spots on the committee: the principal, the head football coach/athletic coordinator, a faculty member, three students and three parents. He also explained that there is also a process starting tomorrow whereby everybody in the community with an address in Tyler ISD can submit their recommendation and provide a brief explanation about why they feel an individual name should be considered. He stated that he is open to what the board would like to do on this and recognized that some board members have expressed expediency on this. If the board starts talking about the nearly 115,000 people that live inside the school system, it is going to be very hard to get every one of them into a meeting and it will take time. Dr. Crawford stated the district has a new website rolling out in August and a name decided prior to the launch of it would be beneficial as the district begins the 20-21 school year. The district has put a name submission process in place and the proposed focus group/committee will provide a diverse representation for each school. He stated that the ethnicity of the principal and head football coach are what are, but diversity for the rest of the group is extremely important. There will also be parents and students on each. Dr. Crawford acknowledged that the administration is willing to change the process with guidance from the board as it sees fit.

Rev. Hager stated that he supports the policy as written and proposes the board consider the addition of adding a time limit on when to name a portion of a facility after an individual. He recommended that the person no longer be living and that they would have been deceased for more than 12 months. He stated that each of us can think of examples of people who have disappointed us at different stages of life. A policy that says the board waits to name a portion of the building until after a person is already deceased limits the opportunity for them to mess up in a way that would cause the board to reconsider the naming of the portion of a facility after them. A twelve-month period would be a little bit of a cooling off period so that there is not a quick rush after someone passes away to honor them. He said he supports the policy as written, but would propose that the board add that additional requirement.

Mr. Martinez stated that the proposed addition seems prudent and that he has no issue with it if that is what the board decides.

Mr. Newsome stated that he felt like there was validity to the proposed addition.

Dr. Nation and Mrs. Atkins felt that it would be a good addition.

Mr. Washmon said it is prudent and if that is the will of the board then the board should move forward.

Regular Meeting July 20, 2020 Page 4 of 15

Dr. Crawford expressed concern with the board's desire to move on with selecting new names. He asked Mr. Hardy to address the board regarding the policy additions.

Mr. Hardy stated there are three options in light of the present discussion. The first one would be to craft some language on the fly and adopt a policy this evening. Secondly, the board can vote on the policy that is before you as a second reading tonight. Thirdly, the board can kick this down the road by working on the revision and then bringing it back for a first and second reading at a future board meeting at the cost of perhaps not moving as quickly as the board would like on the naming process. He also pointed out, that while he does not have a position on Rev. Hager's recommendation which seems to have board consensus, any time there is a local policy each board, current and future, has the ability to make changes to local policies. Any decision made on the policy as far as the person being deceased and it having staying power, would only lie with the current board. The question has also been asked if the board can declare a moratorium on naming facilities. The answer to that is, yes, until such time that a future board decides to lift the moratorium.

Rev. Hager stated he values the need to progress so he proposed that since the provision being recommended does not affect the naming of a school, but rather a portion of the school, the board act on the policy as written and put a modification in the pipeline for the local policy to be reconsidered.

Dr. Crawford stated that currently naming of portions of the facility are reviewed in February of each year. The board was getting bombarded with requests for naming; therefore, a process was put in place to consider any requests received in February. The recommendation is to vote the policy as presented with clear understanding to the administration to work on language to be inserted into the policy and brought back to the board for consideration.

Mr. Martinez made a motion to approve Local Policy CW as presented. The motion was seconded by Rev. Hager and passed by a vote of 6-0.

Regarding the Goals for Successful Student Outcomes/Local Board Policy AE Exhibit, Dr. Crawford stated that the 86<sup>th</sup> Legislature required every school system in the State of Texas to set goals that target early childhood literacy, math proficiency and college, career and military readiness. In 2016, the board participated in Lone Star Governance with A.J. Crabill at the Texas Education Agency as a result of some chronically low performing schools. Those low performing schools were eradicated and the district has some success stories due to the goals that were as a result of that training. The updated goals will be included in the campus improvement plans and are being presented as a second reading for board approval. Regular Meeting July 20, 2020 Page 5 of 15

Mr. Newsome expressed concern regarding the disparity between the ethnic groups. He stated that he wants to make sure the minority students are getting what they need.

Dr. Crawford then addressed questions regarding closing the achievement gap.

Dr. Nation made a motion to approve Goals for Successful Student Outcomes – Local Policy AE as listed in Exhibit "A" as attached. The motion was seconded by Mr. Martinez and passed by a vote of 5-0. Mr. Newsome abstained from the vote.

Regarding Curriculum/Instruction/Consent Agenda, Rev. Hager made a motion to approve the following:

- Approval of the Student Code of Conduct for the 2020-2021 School Year;

- Approval of PSAT Bulk-Rate Agreement with College Board in the amount of \$57,199.50 for the 2020-2021 school year.

The motion was seconded by Dr. Nation and passed by a vote of 6-0.

Dr. Crawford stated that school districts are required by law to disclose the amounts spent on purchasing cooperative fees on an annual basis. A report has been provided for the 2019-2020 fiscal year. He asked board members to contact administration with any questions they might have.

Dr. Crawford provided a Return to Learn Update. The district has worked to implement instructional practices to provide consistency across learning environments. He reviewed the Blended Learning and Digital Education (BLADE) program which allows students and teachers to transition between in-school and at-home digital learning models if needed using the Canvas Learning Management System, 1:1 technology devices and enhanced Wi-Fi availability. He stated that In-School Instruction and Learn@Home instruction both have the same curriculum, scope and sequence, pacing, and content with real instruction, grades, attendance and accountability. State law requires at least 90% attendance to receive credit and be promoted. Constituent Services will assist in connecting remotely for students with attendance and engagement struggles. The district is also focused on the Social Emotional Learning and Mental Health Well-being of the students. Employees have received additional mental health and traumainformed/grief awareness training and counselors are available in person, by phone, email or virtually to provide resources and information to assist students and families. Student Support Services will continue to communicate with parents and students to ensure student progress and success. Individualized Education Plans, accommodations, and modifications are supported in face-to-face and Regular Meeting July 20, 2020 Page 7 of 15

virtual formats. ARD committees may reconvene to make appropriate recommendations.

Dr. Crawford discussed the Return to Learn Protocols: general training and procedures, screening and isolation, personal and protective equipment, campus visitors, campus disinfecting and hand sanitizing, school arrival and dismissal, cafeteria for breakfast and lunch, extracurricular events and activities, and human resources. He then addressed questions from the board.

Dr. Crawford reviewed the Proposed Name Change Timeline as follows:

- July 20 Superintendent presents timeline to the board, board adopts policy, and district sends media advisory on dates and process for campus name submission.
- July 21 At 9:00 a.m., the district opens campus name submission window on the district website which will remain open until August 3<sup>rd</sup>. Emails and other submissions will be accepted, but must meet policy criteria for official consideration. Communication will be send to parents, students and constituents by email, text phone call, social media and TISD-TV.
- July 25 The district will send a first reminder of campus name submission to parents, students and constituents by email, text, phone call, social media and TISD-TV.

After reviewing the timeline, Rev. Hager and Mr. Newsome expressed concern about receiving the names on August 6<sup>th</sup> and being asked to select a name that same day. At the discretion of the board, Mr. Washmon stated that it is possible

Regular Meeting July 20, 2020 Page 8 of 15

a special meeting can be called for Monday or Tuesday of the following week, but still prior to the start of school, to allow more time to make the selection.

Regarding future business, Dr. Crawford reminded the board about the upcoming meetings, School is Cool event and anticipated first day of school for students.

News Release

#### Tyler ISD announces timeline for renaming high schools

Tyler – During its regular monthly Board meeting Monday, July 20, the Tyler ISD Board of Trustees approved revisions to local policy CW for naming facilities and agreed to a timeline for selecting new names for John Tyler and Robert E. Lee high schools.

"I appreciate the Board's policy work this evening and we will begin the process to select new names for the high schools as assigned to us by the Board," Tyler ISD Superintendent Dr. Marty Crawford said. "We look forward to presenting them with a short list of names for consideration for both high schools at the Board workshop on August 6."

Beginning July 21 at 9 a.m., the community is invited to submit name recommendations for both high schools through an online form located at tylerisd.org. The submission period will close at 12 p.m. Monday, August 3. At that point, a focus group under the direction of Tyler ISD Executive Director of Communications Jennifer Hines, will narrow the list and present recommended suggestions to Dr. Marty Crawford. Per policy, Dr. Crawford will present no more than three name suggestions for each school to the Board of Trustees at the August 6 Board Workshop. The Board is responsible for choosing the final facility name for each school.

"I think it's important to have names selected in an expeditious manner in which there's a good level of student, staff, and community input," Tyler ISD Board of Trustees President Wade Washmon said. "The policy and process we have agreed upon appears to have all of those components. We all look forward to making a final decision on the names before we're back in school so that we can move forward from this issue with our eyes set on the future and turn our focus back to successful student outcomes."

Local policy CW gives the following guidelines for naming facilities moving forward. The full is attached:

- May be named after patriotic beliefs, values, desired qualities or aspired outcomes for District students or the community;
- May be named after any local, state, or national geographic area, landmark, or physical attribute;
- A portion of a school facility may be named after a person who has served the District or community directly;
- The Board must approve the naming of all facilities.

For more information, contact Tyler ISD Executive Director of Communications Jennifer Hines at 903-262-1064.

#### MINUTES OF BOARD WORKSHOP MEETING

The Board of Trustees of the Tyler Independent School District held a board workshop meeting on Thursday, August 6, 2020 at the Jim Plyler Instructional Complex. The president called the meeting to order at 11:00 a.m., announced the presence of a quorum and that the meeting had been posted in the time and manner required.

Members present were Wade Washmon, president; Aaron Martinez, vice president; Yvonne Atkins, Andy Bergfeld, Rev. Fritz Hager, Dr. Patricia Nation, and Artis Newsome.

Administrators present were Dr. Marty Crawford, superintendent, Rachel Barber, Jarrod Bitter, Tosha Bjork, Gary Brown, Jan Coker, Dr. Christy Hanson, Jennifer Hines, Joseph Jacks, Dr. Jennifer Jones, Ron Jones, Tim Loper, Jeff Millslagle, Sandra Newton, and Greg Priest.

John C. and John M. Hardy, school attorneys, were present.

Mr. Washmon stated that no one had requested to speak to the board during public participation.

Regarding the discussion and possible action to select new names for Robert E. Lee High School and John Tyler High School, Dr. Crawford reviewed the timeline and process for the name change. At the July 20 board meeting, a timeline for the name change was presented to the board. Local Policy CW - Facilities Naming was also presented as a second reading and approved. The district sent a media advisory regarding the timeline and process for campus name submission and opened the campus name submission window on July 21-August 3. Website, email and other submissions were accepted, but must have met policy criteria for official consideration. Communication sent three notifications to parents, students, and constituents via email, text, phone call, social media and TISD-TV. The executive director of communications met with two focus groups, one for each high school, to discuss the names submitted. The focus group consisted of the principal, the head football coach/athletic coordinator, a faculty member, three students and three parents. The focus groups provided comments and a list of possible names to the superintendent through the executive director of communications. Per policy, the superintendent provided no more than three recommended names per school; however, a copy of all name submissions were provided to the board even the ones that did not meet policy. Dr. Crawford stated that he did not meet with the focus groups. He stated that both focus groups have a lot of pride for the city in which they live and requested that "Tyler" to be in the name of the school.

For the proposed name change for Robert E. Lee High School located at 4500 Red Raider Drive, the focus group submitted two names with the first name as their unanimous favorite. The focus group would also be a happy with the second name.

Board Workshop Meeting August 6, 2020 Page 2 of 13

The focus group believes they could build a great culture around their preferred name.

The recommended names for the replacement of the name of Robert E. Lee High School are in order of preference:

- 1. Tyler Legacy High School
- 2. Tyler Liberty High School

For the proposed name change for John Tyler High School located at 3535 Lion Lane, the focus group submitted three names. The focus group would be happy with any one of the three names. The focus group expressed that it was very important to them that "Tyler" be a part of the school's name.

The recommended names for the replacement of the name of John Tyler High School are in alphabetical order:

- 1. Tyler Heritage High School
- 2. Tyler High School
- 3. Tyler United High School

Dr. Crawford expressed appreciation to the Board of Trustees and the community for their efforts and dedication in the renaming of the two comprehensive high school campuses.

Mr. Washmon stated that, personally, he would be thrilled if the board could make a decision today so that the focus could move to opening up the schools for the start of the new year and returning to Successful Student Outcomes.

He began the discussion of renaming Robert E. Lee High School. He stated that it appears there was a very clear front runner with the focus group recommending Tyler Legacy High School.

Mr. Newsome asked about the dynamics of the focus group and if there were any other students other than the ones that were on the committee involved in the decision. He also asked if any other people came before the committee or was it just the committee making the decision by themselves.

Jennifer Hines, executive director of communications, stated that there were three students representing a wide-range of student groups. The focus group held a meeting and then they had an opportunity to go back and speak to their friends and family to obtain input and have discussions with them. These students were also able to share those conversations with the rest of the focus group. There were over 2200 names submitted for consideration including some that did not meet policy and these were received through email, website submission and letters. Mrs. Hines

Board Workshop Meeting August 6, 2020 Page 3 of 13

stated that both committees were adamant that directional names not be in the names of the schools.

Mr. Bergfeld thanked the staff and the focus groups for the efficient and mature procedure that was used in order to come up with the recommendations. It is great, especially in a heightened time, that a group like this can come together and really take their job seriously. He stated that one of his concerns throughout this is that there would be too much emotion one way or the other about this and that the board would end of doing something that somebody will have to fix in another 60 years. He stated that he great with the committee recommendation. He is comfortable with the committee and what they came up with and would support the committee's number one recommendation.

Dr. Nation stated that she like the names and the choices they made. She thanked the committees for their work in going through that many suggestions. She stated, however, that the main reason the board is changing the names is because of the connotation of the last names of the people they were name after. Legacy or Liberty High School would be sufficient for the name of the school located on Red Raider Drive, but by including "Tyler" in there, she feels it is defeating the purpose. She stated that the name of the city does not have to be in the name of the school for people to know where the school is located. She feels that the board is shooting themselves in the foot if "Tyler" is left in the name of the school.

Rev. Hager thanked the committee and stated that he appreciates the options that have been presented. He stated that both of the recommended names that were submitted are okay with him. He stated that he appreciates the efficiency of the process, but would like to have the weekend to consider. Since the committee for the school at Red Raider Drive had one clear recommendation, it is not as critical. However, the school at Lion Lane obviously did not have a clear choice of the three. He said not having time to seek the input of others and trying to make a decision that will last 50-60 years, he felt it would be prudent to take a few more days to consider even if that means having to call another meeting.

Mrs. Atkins thanked the committees. She stated that she is not sure about leaving "Tyler" in the name of the school, but recognizes that other schools have done that.

Rev. Hager stated that there has been some branding around "TL" for Tyler Lee. Obviously, both of these names would continue to work with the branding "TL".

Mr. Martinez thanked everyone for the hard work. The board laid out the process for the focus groups and the board should respect the process. If they are the ones that did all of the heavy work, then he said he was certainly prepared to pull the trigger right now and go with their recommendation. He said he was happy with Tyler Legacy High School. Board Workshop Meeting August 6, 2020 Page 4 of 13

Mr. Washmon thanked Dr. Dan Crawford, principal, and the focus group for their work. He has heard from both sides for the last few years that they either want to honor the legacy and achievements that were left by prior generations or they want to start a new legacy that is unfettered by the questionable intentions of decades gone by. Tyler Legacy adequately addresses both of those arguments. As a Lee graduate, he states that he supports the recommendation. Tyler Legacy allows the district to salvage the branding and save costs with the "TL" logo that is most often used. He stated that he is all for a new school and a new legacy. He is a proud Tylerite. Tyler has been a city since the 1840's, long before the Civil War. He feels the board is not questioning the name of the city, but rather the questionable decisions made in the 1950's and 1960's that got the district in this place. There is a difference between naming a school after the city versus naming it after people with ties to a dark part of the nation's history. He stated that it shows the board is not ashamed of the city we live in. Tyler is a home of many great people and he doesn't mind paying homage to that.

Mr. Newsome stated that he had no problem with the name of the city being a part of the school name. Most cities have a school named after the city. He would like to be able to hear from constituents similar to the focus group and obtain input to make sure the board is making the proper decision. He stated that he has no objection to the names Tyler Legacy or Tyler High School since the group spent time on the recommendations, but he would like to get input from his constituents.

Dr. Nation stated that she would like to clarify something. She stated that she is a native Tylerite and that she has always been very proud of the City of Tyler and that is not her reservation regarding the name. She stated that she is just concerned about possible backlash.

Mr. Bergfeld stated that when looking at the name change issue, the board has to take each issue separately. He expressed appreciation for Dr. Nation's concern; however, he feels like this is a total separate issue. When Tyler High was renamed in 1958 to John Tyler High, he stated that something happened. He said he was not around and he is not going to say what is was or what it wasn't, but for some reason they left Tyler High and put a man's name on it. The fact that they put another man's name on the school in south Tyler and both had connections to the Confederacy does seem strange. As far as the City of Tyler and Tyler ISD, he stated that those are not a connection to a man's name. It was named that because John Tyler was the president with Texas was annexed. He stated that the board needs to be able to separate the issues and not lump everything into a big change. He stated that having more time on the 4500 Red Raider Drive school is not going to make any difference. He stated that he is comfortable moving forward.

Rev. Hager stated that he is more comfortable moving forward with Red Raider Drive since there was a clear recommendation from the committee. He is less comfortable with the other school since they did not have a clear recommendation. Board Workshop Meeting August 6, 2020 Page 5 of 13

He stated that he could support proceeding with one and maybe getting input on the other.

Mr. Washmon stated that he would recommend the board go ahead and entertain a motion for 4500 Red Raider Drive and then discuss John Tyler High School.

Mr. Bergfeld made a motion to rename the school located at 4500 Red Raider Drive formerly known as Robert E. Lee High School to Tyler Legacy High School. Mr. Martinez seconded the motion and passed by a vote of 6-1. Dr. Nation voted in opposition.

Mr. Washmon began the discussion for the renaming of John Tyler High School. He stated that he personally loves seeing the name of Tyler High School. Tyler High School was in existence from 1880 to 1958 until such time that it was changed to John Tyler. He stated that he does not know why it was changed at that point; however, he feels that changing it back to the original Tyler High School would, in a sense, correct the questionable decision made during the 1950's and honor the city's original high school that was named after the city and not a man as it should have remained all along. The town has been named Tyler since 1846. He is from Tyler. He is proud of its name and proud to have the name of the city on that school. It has always had Tyler High in its "Blue Blood" and he is all for the name Tyler High School.

Dr. Nation stated that she is leaning towards Tyler High School because that is where her mom graduated from; however, she still has reservations about "Tyler" being part of the school name.

Dr. Crawford stated that there are numerous examples such as Grand Prairie, Lubbock, Denton, Mesquite, Garland, Plano with the city in the name. Tyler is a great city and we should be proud of our community.

Mr. Newsome stated that he would appreciate being able to get input from the community, but since the board addressed the school on Red Raider Drive that he is willing to go forward with Tyler High School. Tyler High School is the original name and obviously there is no justification for changing it to John Tyler High School. He is not opposed to going back to Tyler High School and since the board is not going back to the community, he feels that is the logical vote for him.

Rev. Hager asked Dr. Crawford if he had concerns about there being the appearance of one school getting to keep their name while the other has to change.

Dr. Crawford stated that he sees both of the names as olive branches to the entire community. Many people in this community do not hold the loyalty to the school because of people they were name after. Both of these names are tributes back to the school experiences that were had by many. He stated there is compromise in

Board Workshop Meeting August 6, 2020 Page 6 of 13

this. He said he sees this as an opportunity for a softer landing. They are still blue and red and there is still a red raider and a lion. There is a little bit of compromise in both of those.

Mr. Bergfeld stated the Tyler High Lions were always Lions with the history of all of the great people that came through that school. He stated that he is going to lean on the John Tyler graduates and the members of the board that represent those districts. The pride that the school has always had and is known for statewide, to him, it seems like they deserve their name back. He stated that he does not feel slighted that they are Tyler High because he went to Robert E. Lee. That is who they were. If the board feels like the community would support the original name, then he is for it. It sure makes a lot of sense to him to not wipe away the history of all of the great people and things they accomplished. It seems like the right thing to do.

Mrs. Atkins stated that she is not a Tylerite by birth, but rather by choice. She said that the community that she represents would love to have the name Tyler High School back. It represents Tyler and represents what was for them. Everybody is not going to be happy. The board's job is not to make everyone happy, but to do what is best for the community and the districts that each represent.

Mr. Newsome agreed that Tyler High is the name that would be appropriate and he feels it is important to maintain as much legacy of the school as possible as the name is changed. Tyler High School would retain that legacy.

Rev. Hager stated that having been a graduate and parent of students at the school at Red Raider Drive. He stated that he has a better understanding of what would be acceptable to those that live in that district. He stated that he would defer to Mr. Newsome and Mrs. Atkins to determine what is acceptable to those that live in the district for the school at 3535 Lions Lane. He stated that he is personally in a different spot for weighing in on one campus more than the other.

Mr. Martinez stated that it is prudent, it is responsible, it is Tyler High School and that is what it needs to go back to.

Mr. Newsome made a motion to change the name of the school located at 3535 Lion Lane formerly known as John Tyler High School to Tyler High School. The motion was seconded by Mrs. Atkins and passed by a vote of 6-1. Dr. Nation voted in opposition.

Mr. Washmon stated that this was such a good conversation. He wished the rest of the nation could come together, sit down and talk about things in the same way. He stated that he is proud to work with each of the board members. Board Workshop Meeting August 6, 2020 Page 7 of 13

Dr. Crawford thanked the board for making a decision. He stated that if the board had wanted to take more time then he could certainly juggle multiple things at once. He stated that it is the staff he is concerned about. He thanked them for making the decision today so that the staff could move forward with the transition and more importantly prepare for the opening of the schools in this unprecedented time. This board is one of the top five honor boards because they make decisions and move forward.

Regarding board expectations and guidance for transitions and logistics related to the selected names of the comprehensive high schools, Dr. Crawford asked Tim Loper, director of facilities, Greg Priest, director of athletics and Sandra Newton, director of visual and performing arts to discuss the transition. Dr. Crawford also stated that he spoke with Northeast ISD when they went through the name change and they confirmed that it really did take them about a year to transition. He said things came up that surprised them, but he thinks the district has a better handle since there are two brand new schools that are being constructed. He said the three directors will provide the board with a little refresher.

Mr. Loper began by recapping what had been discussed in a previous meeting regarding Tyler Legacy High School and the replacing of the GFRC panels for the changing of the school signage and replacement of the name. With the assimilated cast stone, it was mentioned that the district could potentially replace three panels instead of all six. It will take approximately 12 to 16 weeks to get the new panels in which would put it around the end of November to actually have the panels and then 3-4 weeks to do the installation. He said the district could schedule most of the work to be done during the Christmas break, but it would not be totally completed until after the break. To change out the three panels is an approximate cost of \$102,000 and \$130,000 for 6 panels. Either way, he stated that he will bring a change order back to the board for approval once those costs are finalized. The manufacturer recommends changing all six. He then addressed questions from the board regarding Tyler Legacy High School.

Mr. Bergfeld stated that he hopes the district will use as little of taxpayer money as the district can on this entire transition. The district has made it this long with the current names of the school, the board voted and did its duty, but let's not waste taxpayer money getting this process done. We should be as efficient as we can by still honoring what the board has agreed to do, but not abusing it.

Mr. Loper stated that at Tyler High School, the district will want to remove each brick that has been penetrated for the standoff letters and put new brick back in place like the sign was never there and then put the new Tyler High School signage on the school.

Board members commented they would prefer to maybe use dark letters so that the name of the school is more visible.

Dr. Crawford stated that there is a fundraising effort going on to help aid with the costs associated with the name changes. He stated that those efforts should target the signage. He stated that cloth is going to go through a normal cycle. He encouraged those that are contributing to that to hurry up. He does not recommend the district use any bond funds because that goes against the district's philosophy. The district has been very protective of the debt service side of how things are done and to use bond funds would be oppositional to what has always been done here in regards to the facilities.

Dr. Crawford stated that some of the difficulties regarding transition are going to be in the athletics and visual and performing arts area. He stated that the board purchased new uniforms for the Big Blue Band at Tyler High School this year. There is not anything on the uniforms that has any type of name or lettering that would suggest the former school name. Tyler Legacy is up for new uniforms in this year's budget. Currently, there is a REL on the band uniforms. However, Mrs. Newton stated that things look a little differently for the 2021 school year and that both campuses will probably be wearing an alternate uniform due to some safety concerns with COVID19. The uniform really becomes a non-issue this year because of the requirement for students to wear uniforms that can be kept and cleaned at home.

Mr. Bergfeld stated to everyone that the name changes do not affect the mascots. He stated that the schools are keeping their mascots. He stated that he does not see that the district needs to spend a lot of time ridding a uniform of three initials for one band performance for this one year. He appreciates staff doing everything they can to make the transition, but if the district ends up in a little bind like that it will be okay.

Mrs. Newton stated that the Tyler Legacy band trailers are already in the processed of being rewrapped. She stated that the time is good for Visual and Performing Arts. Many things have not been purchased for this year and some of the costs that were listed a couple of years ago are now non-factors because of the cycle of replacement.

Coach Priest stated that most of the athletic uniforms do not have Robert E. Lee High School on them. With the rebranding and the use of "TL" or "T" the costs will be minimized. He also stated that both football teams can use home jerseys for away football games that do not display the school name. He discussed the athletic trainer trailer and various other trailers. With the modification of the UIL calendar and the seasons starting later this year, the athletic department will be able to switch out some things that he originally did not think was going to be possible. Board Workshop Meeting August 6, 2020 Page 9 of 13

Board members expressed that the staff needs to use common sense. Taking time to minimize the expense and deciding between small marks and large marks are things that certainly minimize the expense and maybe simplify the transition.

Board members asked administration and staff to be sensitive to the students and make them a priority.

Rev. Hager stated that he does not have the appetite for a complete transformation. He said that it would be very expensive to replace everything that had any mark on it whatsoever. It does not seem like there is an appetite for the board to take that position.

Dr. Crawford stated that the administration has heard the board's comments today and will remediate and accommodate as appropriate.

Mr. Washmon stated that 2021 is an odd year and if there is ever any time for grace, it would certainly be this year. The expectations of the board are to do this as efficiently as possible and where issues arise they are addressed.

Dr. Crawford asked Claude Lane, principal of Tyler High School, and Dan Crawford, principal of Tyler Legacy High School, to address the board. Dr. Crawford asked Dr. Dan Crawford to discuss his plans to review the alma mater and fight song. He stated that the existing tune would be used, but will work to change the lyrics. He also stated that the diploma covers will need to be redesigned. Mr. Lane stated that a couple of things they are looking at are the student id lanyards and some cheer jackets. They addressed questions from the board.

Mrs. Bjork, assistant superintendent of finance and operations, provided a Budget Update. At the last budget meeting, she stated there was an estimated \$5 million in excess which is now more like \$3.6 million to be used for COVID related expenditures and employee stipends. The technology budget will need to be increased \$275,000 for the purchase of student and teacher technology licenses for the devices that were purchased. She stated that she has adjusted the revenue projections \$900,000 because the interest rates have bottomed out and the athletic revenue has been cut \$65,000 based on the UIL guidelines, capacity limits, and the increased cost for officials. The tax levy value last month was estimated to increase 6%, but based on current information it appears the levy is more like a 4.9% increase. Under new law, the district is limited to the lower of the state compressed rate or the local compressed rate beginning in tax year 2020 when property values increase more than 2.5%. TEA calculated the district's local compressed M&O tax rate at \$.9091. After adding enrichment, or golden pennies, the district's final M&O tax rate will be \$.9591. The debt service tax rate will be decreased by two pennies. The July 23, 2020 bond refunding saved the district over \$35.6 million over the life of the debt which equates to \$1.5 million or almost .02¢ on the tax rate each year. The district is going to decrease the debt service rate by .02¢ and the M&O rate by Board Workshop Meeting August 6, 2020 Page 10 of 13

.01¢ for a total decrease of .03¢ to the taxpayers on the tax rate. The state funding was previously at \$3.8 million. She stated that she reduced the district's ADA by 1% due to COVID to be conservative. The unemployment compensation budget has also been increased due to the number of unemployment claims which should hopefully improve once school starts. She then addressed questions from the board. The board expressed appreciation for the way the district is conservative in revenue and expense projections along with continued efforts to keep funds set aside for unexpected expenses and most importantly employee compensation to reward the employees for their hard work.

Dr. Crawford mentioned that once again this year the district has received a superior rating for financial integrity.

Mr. Bergfeld made a motion that the board meeting date for the purpose of adopting the budget and the proposed tax rate be set for August 24, 2020 and that the "proposed tax rate" of \$1.3041 be used in the publication "Notice of Public Meeting to Discuss Budget and Proposed Tax Rate." The motion was seconded by Mr. Newsome and passed by a vote of 7-0.

Mr. Bergfeld made a motion to approve the proposed budget and expenditures of State Compensatory Education Funds for the 2020-2021 school year. The motion was seconded by Dr. Nation and passed by a vote of 7-0.

Mr. Bergfeld made a motion to approve the purchase of Teacher Devices for Effective Delivery of Instructional Technology from Pivot Technology Services Corporation for Visual and Performing Arts Instructional Staff in the amount of \$77,298.26. The motion was seconded by Rev. Hager and passed by a vote of 7-0.

Greg Priest, director of athletics, provided an Athletics Update. He reviewed the district results and highlights for the 2019-2020 school year along with attendance

numbers for the summer strength and conditioning/skill development program. He provided an overview of the upgrades to the turf and locker rooms for home and visitors at CHRISTUS Trinity Mother Frances Rose Stadium. Coach Priest shared UIL modifications for the upcoming school year. He then addressed questions from the board.

Gary Brown, executive director of college & career, provided a Competitive Academics Update. He reviewed the academic competitions that took place at the elementary, middle and high school levels and discussed the results of the area meets and the CTSO State Medalists. He reviewed the calendar for the competitive academics for the 2020-2021 school year. He then addressed questions from the board.

Sandra Newton, director of visual and performing arts, provided a Visual and Performing Arts Update. She reviewed some of the highlights for the 2019-2020 school year. She also discussed some of the UIL changes and addressed questions from the board.

#### Tyler ISD Board of Trustees approve new names for both high schools

**Tyler** – The Tyler ISD Board of Trustees approved the new names of both flagship high schools during a Board Workshop Thursday, August 6. After considering community recommendations and names submitted to Superintendent Dr. Marty Crawford by a focus group from each high school, Trustees took action to accept Tyler High School to replace the name of John Tyler High School and Tyler Legacy High School to replace the name of Robert E. Lee High School. Both high school mascots and school colors will remain the same.

"It was our goal to address this issue before summer ended and I'm glad we were able to before the school year began," Board President Wade Washmon said. "Now it's time to turn our focus back toward successful student outcomes and finding a way to win this year, even during some of the most trying times we've seen in education."

Principals Claude Lane and Dr. Dan Crawford say they are excited about what the future holds for both high school campuses.

"Today we are starting a new chapter in Tyler ISD," Lane said. "Our past success makes us who we are today and will greatly influence our future success. Tyler High School will accept the call to honor the legacy of this name. We share in the pride of our city's name and thank the Board and Tyler community for providing us a fresh start with a new name and a world class facility."

"This has been a special, momentous opportunity for our diverse group of Red Raider students, parents, and staff to choose a name that represents our community as a whole and our goals as an educational entity in Tyler ISD," Crawford said. "The name Tyler Legacy High School is both a proud representation of the love we have for our city and a symbol of our vision to foster an environment where our students embrace the importance of 'The Legacy of a Life-Long Learner'."

During the submission period that ran from July 21 through August 3, the community submitted more than 2,200 suggestions using the online form located at tylerisd.org. Focus groups for each high school, under the direction of Tyler ISD Executive Director of Communications Jennifer Hines, narrowed the list according to approved Local policy CW. The focus group for Robert E. Lee recommended two names and the John Tyler focus group recommended three name

suggestions for Dr. Crawford to present to the Board. Ultimately, the Board is responsible for choosing the final facility name for each school.

"We appreciate the community's input and the work of our focus groups during this process," Washmon said. "In the end, I believe the board chose names that allow us to honor the successes and good memories that former students have had at both campuses, and also clearly indicate that we're proud of the city of Tyler and want the name of our town displayed on our two flagship campuses."

The next step is to inform the Texas Education Agency of the new names. The District plans to call both schools by their new names beginning this school year, including graduation transcripts, diplomas, and ceremonies. Name adjustments to physical buildings will be completed according to budget, design, demolition, and construction schedules. As for using materials with old names on them, more of a transitional phase will occur that Dr. Crawford says could take some time.

"First, we're appreciative of the Board's acceptance of the process that included community suggestions as considered by our campus focus groups," Dr. Crawford said. "However, ultimately, we're relieved their action today will allow us to move the transition forward, and most importantly, return our work toward the reopening of our schools, where we haven't seen students in nearly six months."

John C. and John M. Hardy, school attorneys, were present.

Trustees adjourned to executive session at 5:30 p.m. Mr. Washmon stated there would be action to follow.

Trustees reconvened in open session at 7:00 p.m.

Mr. Bergfeld offered prayer and led the Pledge of Allegiance.

Regarding action from executive session, Mr. Martinez made a motion to uphold the Administration's Recommendation at Level II and deny the Level III parent grievance of C. Lowe. The motion was seconded by Dr. Nation and passed by a vote of 6-0. Mr. Newsome abstained from the vote.

Mr. Washmon stated that one person requested to speak to the board during public participation. Terry Bonner was invited to the podium to address the board; however, he was not present.

Mr. Bergfeld made a motion to approve the minutes of the regular meeting on June 22, 2020 and the special meeting on July 16, 2020. The motion was seconded by Rev. Hager and passed by a vote of 7-0.

Tosha Bjork, assistant superintendent of finance and operations, provided an overview of the 2020-2021 Budget. She stated that the general fund budget for 2020-2021 is approximately \$166.7 million, which is an increase of 2.8% over the 2019-2020 budget. Payroll comprises 81% of the total budget. Material changes in Budget-Expenditures include: reduction of 68 positions for a savings of \$4.1 million, addition of 12 PreK classes removed from Head Start grant of \$750K, student 1:1 devices platform increase of \$1.5 million, and planned employee stipend versus raise of \$3.6 million. Material changes in Budget-Revenues

Regular Meeting August 24, 2020 Page 2 of 5

include: State funding increase of \$1.5 million, property tax increase of \$3.4 million and interest income decrease of \$900K. Property tax values are up 4.9%, but State has limited districts to 2.5% through an adjustment of tax rate for maintenance and operations. TEA set Tyler ISD tax rate for M&O at \$.9091. In addition, the district could add 5 golden pennies back to it for a total M&O tax rate of \$.9591; previous tax rate was \$.97. She reminded the board that 3 of the 5 golden, or enrichment, pennies are allocated to preventive maintenance. The debt service tax rate decreased from \$.365 to \$.345, due to a bond refunding, which resulted in savings of \$36.3 million over the life of debt. The total tax rate is \$1.3041 which is a decrease from the prior year amount of \$1.335. The district is positioned well for the next legislative session and any potential funding cuts due to proactive measures in staffing reductions and the district is providing a stipend instead of a raise to employees.

Mr. Washmon opened the meeting up for a public hearing on the 2020-2021 budget. No one requested to address the board or had questions regarding the proposed budget.

Mrs. Bjork stated the bond refunding allowed the district to early pay \$6.2 million in debt.

Rev. Hager made a motion to approve an Order Expressing the District's Intention to Redeem certain Tyler Independent School District Unlimited Tax Refunding Bonds, Series 2012; Authorizing District Representatives to Estimate the Required Revenues for the Defeasance; Incorporate the Estimates into the Debt Service Calculations for the 2021 Fiscal Year; Determine Appropriate Levy for Future Action by this Board; and Enacting Other Provisions Relating to the Subject and Purposes of this Order. The motion was seconded by Mr. Bergfeld and passed by a vote of 7-0.

Dr. Nation made a motion to approve the 2020-2021 budgets. The motion was seconded by Mr. Newsome and passed by a vote of 7-0.

Rev. Hager made a motion that the property tax rate be adopted at a tax rate of \$1.3041. The motion was seconded by Mrs. Atkins and passed by a record vote of 7-0. BOARD POLICIES	BF (LOCAL)
	Within the context of current law, the District shall be guided by Board-adopted written policies that are given appropriate distribu- tion and are accessible to staff members, parents, students, and community residents.
Organization	Legally referenced policies contain provisions from federal and state statutes and regulations, case law, and other legal authority that together form the framework for local decision making and im- plementation. These policies are binding on the District until the cited provisions are repealed, revised, or superseded by legisla- tive, regulatory, or judicial action.
	Legally referenced policies are not adopted by the Board.
	At each policy code the legally referenced policy and the Board- adopted local policy must be read together to further a full under- standing of a topic.
Terms	The terms "Trustee" and "Board member" are used interchangea- bly in the local policy manual. Both terms are intended to reflect all the duties and obligations of the office.
	[See AB for District name terminology.]
Harmony with Law	Newly enacted law is applicable when effective. No policy or regu- lation, or any portion thereof, shall be operative if it is found to be in conflict with applicable law.
Severability	If any portion of a policy or its application to any person or circum- stance is found to be invalid, that invalidity shall not affect other provisions or applications of policy that can be given effect without the invalid provision or application; and to this end the provisions of this policy manual are declared to be severable.
Policy Development	Policies and policy amendments may be initiated by the Superin- tendent, Board members, school personnel, or community citizens, but generally shall be recommended for the Board's consideration by the Superintendent.
Official Policy Manual	The Board shall designate one copy of the local policy manual as the official policy manual of the District. The official copy shall be kept in the central administration office, and the Superintendent shall be responsible for its accuracy and integrity and shall main- tain a historical record of the District's policy manual.
Adoption and Amendment	Proposed local policies or amendments introduced and recom- mended to the Board at one meeting shall not be adopted until a subsequent meeting. Emergency adoption, however, may occur in one meeting if special circumstances demand an immediate re- sponse.

Tyler ISD 212905	
BOARD POLICIES	BF (LOCAL)
	Local policies become effective upon Board adoption or at a future date designated by the Board at the time of adoption.
TASB Localized Updates	After Board review of legally referenced policies and adoption of lo- cal policies, the new material shall be incorporated into the official policy manual and into other localized policy manuals maintained by the District. If discrepancies occur between different copies of the manual, the version contained in the official policy manual shall be regarded as authoritative.

The Level Three presentation, including the presentation by the student or parent or the student's representative, any presentation from the administration, and questions from the Board with responses, shall be recorded by audio recording, video/audio recording, or court reporter.

The Board shall then consider the complaint. It may give notice of its decision orally or in writing at any time up to and including the next regularly scheduled Board meeting. If the Board does not make a decision regarding the complaint by the end of the next regularly scheduled meeting, the lack of a response by the Board upholds the administrative decision at Level Two.
