

# MNCS Return to Learn Summary Guide 2020-2021

Scenario determination will be based on MN Department of Education matrix in the [MN Safe Learning Plan](#) and in consultation with MN Department of Health

MNCS has the honor to serve students from 24 communities across 9 counties. It is likely there will be some shifting between the scenarios below in response to COVID-19 activity levels in our entire MNCS community throughout the year. MNCS will work closely with local county departments of health and the MN Department of Health when considering possible changes in scenarios. If you have any questions, email [covid19@newcountryrschool.com](mailto:covid19@newcountryrschool.com)
