

STRENGTHENING FAMILIES COURSE

Our Strengthening Families course is a great tool for families that want to grow closer together and better interact with each other in fun and healthy ways. Several families meet together for 14 sessions where certified clinicians work with the children and parents separately, then bring everyone together to strengthen their relationships and address everyone's needs. We will end each session by enjoying a family meal together and by drawing for a family-friendly door prize.

TO REGISTER, CALL 844.458.2100 OR CONTACT YOUR SCHOOL COUNSELOR
