

Would you like to save money on your grocery bill?

If our child is getting free or reduced meals, you may be eligible for a summer grocery program through USDA. We need your permission to release information by **March 1st**.

Please contact Cheryl Askew at caskew@npsok.org or 918-273-0771 ext. 308.

We will forward a flyer from USDA next week that will have information you will need to apply for the card and what items you can purchase. This is through USDA and NOT the school.
