WELCOME

The faculty, support staff, and administration welcome you to the 2016-2017 school year. This handbook has been prepared to provide you with information regarding the regulations and practices of the schools in our district. These regulations were designed to provide a safe learning environment for all students. It is impossible for the handbook to be inclusive of all situations.

It is important to remember that Central Plains High/Middle School and Wilson Jr/Sr High School are learning environments with high expectations for appropriate behavior, academic work requirements and the equal treatment of all students and staff. We challenge all students to always:

- represent our school with dignity and class;
- treat the school facility with care;
- respect all students and staff regardless of ethnic, economic, or religious background;
- make healthy life decisions concerning alcohol and drugs;
- set goals that will add meaning to your life during, and after, high school;
- develop a work ethic to enhance academic and extracurricular skills;
- report any inappropriate activities of harassment;

We encourage you to take part in all aspects of the school community so that you may derive maximum benefit from being here, and that your contribution will continue that excellent tradition. We hope all students have an excellent year. If you ever have any concerns or problems, feel free to stop by and visit.

** The USD #112 handbook is a complete guide, but by no means comprehensive. Anything not discussed should be taken to the principal and he/she will make a decision how to deal with the situation. Each case will be given the utmost attention. A comprehensive Board Policy Book is available for review in the principal's office. References to Board Policy contained herein are to its Policy Book. Board Policy will supersede information contained in this handbook.

ATTENDANCE (JBD, JBD-R, JBE Truancy)

BOARD PHILOSOPHY ON ATTENDANCE

It shall be the policy of the board to encourage regular attendance at school by all students. Regular attendance contributes not only to the probability of scholastic success but also to the development of attitudes of consistent performance, which will carry over into adult life.

ATTENDANCE PROCEDURES

1. Contact the school office **by 9:00 a.m.** if your child is absent. Messages can be left on the school's answering machine during non-school hours. If your child is not in attendance, and the school has not received parent/guardian notification, the absence may be recorded as unexcused. For the safety of the child, an attempt will be made to contact the parent. **If the school initiates this contact, the absence may be recorded as unexcused.** As the parent, you have the right to appeal the unexcused absence in writing. Any absence that is verified by a medical or legal note will not count towards truancy reporting. Please bring back medical or legal verification from any medical or legal appointment to the school office.

2. Contact by parent/guardian does not automatically excuse the absence. The building principal has the discretion to excuse or unexcuse the absence.

3. When leaving early from school, parents will notify the office in advance so assignments can be given to the child. If advanced notice isn't given the child may receive zeroes for the missing assignments. One-day notice would be the best, as this would give the teacher(s) time to get the assignments ready. It is the student's responsibility to sign in and out at the attendance office and ask his/her teachers for the assignments missed.

4. Two consecutive school days will be allowed to make up work the student has missed during a full day excused absence. Special circumstances may justify an administrative exception to this time.

5. A student absent from school may not practice or participate on that day unless:

1. He/she is in attendance by 8:25 am; or
2. Permission is granted by the principal.

Excused absences will be determined in accordance to school board policy.

UNEXCUSED ABSENCES POLICY

If a student is under the age of 18, a process leading to a report to the County Attorney as a truancy case will begin when he/she has been unexcused for 3 consecutive days, 5 days in a semester, or 7 days in a school year. If the student is 18 years of age or older, a process leading to a due process hearing will begin when he/she has been unexcused for all or part of 3 consecutive days, 5 days in a semester, or 7 days in a school year. Unexcused absences may result in no credit on the dates listed as unexcused.

COMPULSORY ATTENDANCE LAW

Kansas law requires students to attend school until the age of 18. Sixteen and seventeen-year-olds may be exempt from the compulsory attendance requirement if:

- 1) They have attained a diploma or GED; or
- 2) They are enrolled in an approved alternative education program recognized by the local board of education; or
- 3) A court orders exemption; or
- 4) The parent (or person acting as parent) consents in writing to their child being exempt from the requirement and the child and parent (or person acting as parent) attend a final counseling session conducted by the principal to sign a disclaimer.
- 5) The law requires the disclaimer to include the following information:
 - a) The academic skills the child has not yet achieved;
 - b) The difference in future earning power between a high school graduate and a high school dropout;
 - c) A list of educational alternatives available to the child.

TARDINESS

Tardies will be recorded and monitored. Students who arrive late must report to the office.

SEMINAR (Expanded Learning Opportunity) / No Credit

The seminar period is provided so students may get assistance from teachers, work on assignments, attend school assemblies, and schedule important counseling activities, such as career planning, college visits, and enrollment. Students are expected to use this time appropriately and come prepared to work.

ATHLETIC PHYSICALS

All students planning to participate in any form of competitive athletics must have the health certificate of the KANSAS STATE HIGH SCHOOL ACTIVITIES ASSOCIATION (KSHSAA) properly filled out and on file in the office before the first practice in that sport. This form must be signed by the parents or guardian and by a physician (listed approved). Students who will be enrolled in physical education courses are strongly encouraged to have the physical form on file in the office. Per KSHSAA guidelines, athletic physicals shall not be taken earlier than May 1 preceding the school year for which it is applicable.

GRADES

Grades will be issued based on the traditional A, B, C, D, and F grading system. The grading scale is 90-100=A; 80-89=B; 70-79=C; 60-69=D; below 60=F. Dates are scheduled for formal parent/teacher conferences in the fall and in the spring.

However, students and parents are encouraged to contact teachers or counselors with questions regarding student class work, homework, and grades at any time during a grading period.

GRADE CARDS

Grade Cards will be distributed at the end of each nine-week grading period. Semester examination grades may be given to high school students. USD #112 schools issue one-half credits for a semester class and one credit for a full-year class. Grade cards may be mailed to parents.

BUS RULES

1. Stay in your seat and face forward with feet on the floor while the bus is in motion.
2. **Students must use seat belts on busses that are equipped with them.**
3. Keep all parts of your body and all objects inside the bus. Do not yell or stick your head out of the bus when windows are down.
4. Keep hands, feet and objects to yourself. No pushing, shoving, fighting or spitting on the floor.
5. Do not bring glass containers or sunflower seeds onto the bus.
6. Eating or drinking on the morning or afternoon route will be allowed with the permission of the bus driver.
7. Be on time - the bus can only wait 1 minute.
8. Students will not litter, write on, or damage the bus in any way. Before leaving the bus, pick up trash, close window, and clean your area.
9. Students will not swear, or talk loudly, make rude gestures or tease anyone, or make threats on the bus.
10. Students will not bring harmful objects (animals, weapons, dangerous toys, etc.) onto the bus.
11. Students will exit the back door only during an actual emergency. Always keep the aisle clear.

GRADUATION & PROMOTION REQUIREMENTS

The educational program in our schools shall provide learning experiences for all students to acquire skills, knowledge and attitudes, which are necessary for a productive life in a changing society.

Additionally, all obligations such as fees and fines must be paid prior to participating in graduation ceremonies.

EARLY GRADUATION (JFCA)

The board does not encourage early graduation from high school. The board believes that students should avail themselves of the many and varied courses offered in the high schools as well as local colleges. However, students may pursue early graduation if they will have completed all graduation requirements, have attended seven semesters, or have a hardship or a unique cultural, academic, and/or vocational opportunity. Parent/Guardian, counselor, and principal approval shall be required before an application will be considered. An application for early graduation shall include a letter from the student, a letter from the parent/guardian, and a completed graduation plan developed cooperatively between the student, parent/guardian, and counselor.

Students who avail themselves of early graduation privileges are not eligible for extracurricular activities of any kind except as an approved guest. Early graduates may participate only in USD #112 Honors Banquet and graduation. Prior to final approval, a conference will be conducted with the student, parent/guardian, counselor, and principal, at which time all issues relative to this endeavor will be discussed.

Each LLC graduate may participate in a Lakeside Learning Center graduation ceremony at the time he/she completes his/her requirements. Students may contact their counselors, if they are interested in any classes.

ACADEMIC DISHONESTY

We have established a high expectation for academic integrity. Academic dishonesty in any form will not be tolerated. Students who violate this standard will be subject to disciplinary procedures. One who submits another's work as his/her own is engaging in academic dishonesty. Academic dishonesty is any form of cheating or misrepresentation of one's work and includes, but is not limited to, the following:

- Sharing or receiving of questions/answers on tests and/or homework assignments without expressed teacher approval.
- Using a source specifically not allowed for a school assignment, quiz, test, or examination.
- Using technological or electronic resources unethically.
- Copying written information or works of art or music without giving credit to the source (plagiarism).

Students found to have participated in academic dishonesty will receive disciplinary consequences. Consequences may result in course failure depending on the weight of the assigned work.

1st Offense: May result in an office referral. Parent contact is made, and no credit is given for the assignment.

2nd Offense: May result in an office referral. Parent conference is held, and no credit is given for the assignment.

3rd Offense: May result in an office referral. No credit is given for the assignment and additional consequences may be given at the discretion of the building principal.

SENIOR TRIPS

Senior trips are seen as a benefit to the seniors attending both Central Plains High School and Wilson High School. Senior trips cannot leave earlier than 4:30 AM and must return to the high school by 11:59 PM the same day. All trips must be approved in advance by the USD 112 Board of Education.

STUDENT DRESS AND APPEARANCE

The board advocates a dress code for all students attending the district's schools during the school day and while representing the district in an activity. For students, personal grooming and dress is an individual responsibility and subject to the restrictions and limitations imposed by parents. The district's dress and appearance rules will serve as guidelines for students and parents in interpretation of what is appropriate school dress and appearance. The following rules are intended to reflect the district's desire that clothing be appropriate for school wear: Teachers are requested to enforce the dress code regulations. If a conflict occurs, please notify the administration.

1. Proper footwear shall be required.
2. Caps and/ or head coverings are not to be worn in the building during school hours.
3. A student's dress or appearance shall not present a danger to his/ her physical health or safety, or the physical health and safety of others (this includes a prohibition against the wearing of pocket chains).
4. A student's dress or appearance shall neither be obscene or indecent. It shall not contain implied indecent meanings or messages that promote alcohol, tobacco, other drugs, and racial or sexual harassment.
5. A student's dress or appearance shall not present a distraction to the educational process. This includes revealing clothing for both males and females. The torso must be covered, including the midriff and underwear must not show. Examples of inappropriate dress include, but are not limited to, spaghetti strap tops, slant tops, low cut tops, etc.

In these instances, the school will assume its delegated authority to protect the physical health, safety, and well-being of the students and to preserve its intended purpose as an educational institution. Students representing the district in an elective activity, apart from the required school program, will be expected to adhere to the dress and appearance requirements set forth by the coaches and sponsors of the activity.

COUNSELING SERVICES

The guidance office personnel at the schools provide numerous services for the students. Several of the services provided include educational planning for the future; help in seeking scholarships and other financial aid; information for applying for admission to private schools, vocational schools and colleges; career information; help in dealing with personal problems; a referral source to outside agencies which offer various services; and providing testing information as well as test interpretation.

CONFIDENTIALITY STATEMENT

What is said to a counselor in confidence will remain between you and the counselor. The only exception to this is when the student's condition is such that others are needed to assume responsibility for him/her, or when there is a clear and immediate danger to the student or others. Under these circumstances, a counselor has a moral, ethical, and professional obligation to report the fact to an appropriate, responsible authority and/or other emergency personnel.

Appointments to see a counselor can be made by contacting the counselor's office.

CLASS CHANGES/DROPS AND TRANSFERS

A student may drop a class or transfer to another class within the first week of a new school year, **and** only after there has been Counselor/Administrative consultation with the teacher and parent/guardians, with the final decision made by an administrator. Class changes for second semester classes must be made prior to the beginning of the second semester.

HONOR ROLL

An honor roll for each high school will be computed for each quarter based upon a 3.5 or better grade point average and no failing (F) or incomplete (I) grades. Students' names will be published on the honor roll if they have met the requirements set forth by the board of education. USD #112 has three levels of honorees; the Superintendent's Honor Roll that includes students who have a 4.0 GPA; Principal's Honor Roll includes students who have a 3.75 to 3.99 GPA; Honorable Mention which includes students who have a 3.5 to 3.749 GPA.

NATIONAL HONOR SOCIETY

The purpose of the National Honor Society is to create enthusiasm for scholarship, to stimulate a desire to render service, to promote worthy leadership, and to encourage the development of character. Requirements include a 3.5 GPA or higher and evidence of leadership, character and service, both in the school and community. Students are eligible for this honor beginning the second semester of their sophomore year. See NHS Guidelines or sponsor for specific details.

PHILOSOPHY ON SCHOOL CONDUCT

It is our basic philosophy that any variation in personal conduct, which disrupts or interferes with normal class procedure, has no place in school. The school's time-honored purpose to promote educational, social, and emotional growth of the individual must be respected by all and preserved by the school and its officials. Interference with these goals is considered inappropriate and demands corrective action by the administration.

Specific consequences will be based on the seriousness and the intensity of the behavior, as well as the student's willingness to adapt and cooperate with administration and faculty as we work through the incident.

SCHOOL SAFETY

We must have the support and cooperation of students and parents to keep our school safe. Disruptive behavior, threats, prohibited harassment and weapons will not be tolerated and may have serious consequences, as spelled out in district policy.

DETENTION TIME

Students who receive detention time from administrators or teachers must begin that night or the next day and must continue making up the time in consecutive blocks until the time is completed. If this is not possible due to emergencies, the student must make arrangements with his/her principal or the teacher assigning time. Teacher-assigned detention time must be completed with that teacher or through the detention room. Any additional time that a student is in the office for failure to complete detention time will result in progressive suspension assignments to ISS.

OUT OF SCHOOL SUSPENSIONS

The following behaviors may be expected to result in out-of-school suspensions as outlined (results of due process hearings may modify suspensions):

Behavior	3 Day	5 Day	3 up to 185 Days + Hearing	Police could be Notified
Violation of the Drug Code			1*	√
Possession &/or use of tobacco	2*	3*		√
Assault/battery upon another person			1*	√

Actions involving disruption of safety devices/procedures, or significant disruption of the school day (i.e. false fire alarms, bomb threats, etc.)			1*	√
Weapons (See Weapons section)			1* (up to 365 day Expulsion)	√

* Numbers refer to occurrences

** These are guidelines and greater consequences may be imposed, dependent upon the facts and circumstances of any particular incident. Not all behavior issues which may result in suspension or expulsion from school are listed, whereas Kansas law shall apply.

Students given an out-of-school suspension are not to be at school, on the school grounds or at a school-sponsored activity during the suspension period. Violation of this policy can result in prosecution for trespassing. Upon request, students given a short term (10 days or less) out of school suspension shall be provided with their reading and written class assignments. Examinations missed during out-of-school suspensions shall be made up the next day the student is in session. All work will be graded. Repeated acts may result in suspension for the remainder of a semester or expulsion for a school year after a due process hearing. Credit for work during an suspension will be at the discretion of the principals.

While students are suspended (OSS), they are not allowed to participate in, or attend, any extracurricular activities or sports activities.

PARENT NOTIFICATION

Written notification that a student has been suspended (in school or out-of-school) shall be mailed to the parents or guardians within twenty-four (24) hours of the time of the suspension. Whenever possible, the principal shall try to notify the parent/guardian by phone.

LONG TERM SUSPENSION OR EXPULSION

Formal hearings shall be conducted according to procedures outlined in current Kansas law. The student and parents/guardians shall be given written notice of the time, date, and place of the hearing. The notice shall include copies of the suspension/expulsion law, appropriate board policies, regulations, and a handbook. A certified employee or committee of certified employees may conduct the hearing. At the conclusion of the hearing, the person or committee conducting the hearing shall prepare a written report and the finding required by law. Records of the hearing shall be available to students and parents/guardians according to Kansas law. Failure of the student and the student's parents/guardians to attend the hearing shall result in a waiver of the student's opportunity for the hearing.

Student's Rights during the Hearing

The student shall have the right:

- 1) to counsel of their own choice;
- 2) for parents/guardians to be present;
- 3) to hear or read a full report of testimony of witnesses;
- 4) to confront and cross-examine witnesses who appear in person at the hearing;
- 5) to present their own witnesses;
- 6) to testify in their own behalf and to give reasons for their conduct;
- 7) to an orderly hearing; and
- 8) to a fair and impartial decision based on substantial evidence

Students who are suspended for more than ten (10) days or expelled from school may appeal to the board of education within ten (10) days of receiving written notice of the hearing results.

Detailed documentation in accordance with Kansas law will be supplied to parents and students who are subject to suspension or expulsion for more than ten (10) days.

IN SCHOOL SUSPENSION

Other disruptive acts of behavior are deemed to be grounds for assignment to in-school suspension, with all school assignments required and given full credit. Continuation of these behaviors will result in out-of-school suspension. While assigned to the ISS room, the student will be required to complete regular classroom work, as well as other work assigned by the instructor. Students will be given credit for work completed in ISS. Failure to cooperate in the ISS room will result in the student being placed on out-of-school suspension.

While students are suspended (ISS), they are not allowed to participate in, or attend via school-sponsored transportation, any extracurricular activities.

** These are guidelines and greater consequences may be imposed, dependent upon the facts and circumstances of any particular incident. Not all behavior issues, which may result in suspension or expulsion from school, are listed, whereas Kansas law shall apply.

TOBACCO

The use and/or possession of tobacco products or facsimile thereof (including e-cigarettes, JUULs, Vape Pens, or other similar materials, products or devices) and/or their accessories, is prohibited at all times in, or on, all district-owned, leased, personal or real property, including all school events. Possession will result in law enforcement notification for students under the age of 18 and may result in suspension or expulsion.

POLICY ON PROHIBITED SUBSTANCES

A student who is found to be in possession of, or selling, or drug paraphernalia, any prohibited substance on school property or at school events will be detained immediately with the evidence. A school administrator will contact the Police Department and the student's parents or guardians. A short-term suspension (up to 10 school days) will be imposed, a formal hearing will be scheduled, and the student may be subject to expulsion. In the event an expulsion is imposed, the student may be referred to alternative programs provided by USD #112.

The provisions of this policy shall also apply to all USD #112-sponsored activities off the school grounds. In addition to the above policy, students who sell, use, or are under the influence of, or possess (including the car) illegal drugs, or drug paraphernalia, or alcohol at a school dance or on school premises before, during, or after a dance will not be allowed to attend future dances for the remainder of that semester. Board policies relating to a Drug Free School will apply, and students may be subject to suspension or expulsion from school in accordance with board policy, state and federal law.

THREATS

All threats (verbal, written or physical) will be taken seriously by school personnel. Each and every threat will carry a consequence, including possible police involvement.

WEAPONS (JCDBB / JCDBB-R)

A student shall not knowingly possess, handle or transmit any object that can reasonably be considered a weapon at school, on school property or at a school-sponsored event. This shall include any weapon, any item being used as a weapon or destructive device, or any facsimile of a weapon, except with prior administrative approval (see BOE policy or specific definitions).

Possession of a firearm or other weapon or facsimile of a weapon shall result in expulsion from school for a period of one calendar year, except that the superintendent may recommend that this expulsion requirement be modified on a case-by-case basis. Expulsion hearings for possession of a weapon shall be conducted by the superintendent or the superintendent's designee. Students violating this policy shall be referred to the appropriate law enforcement agency (ies) and, if a juvenile, to DCF or the Commissioner of Juvenile Justice.

Any student who uses an article that is not commonly used or designed to inflict bodily harm for the purpose of inflicting bodily harm or to cause a person to be placed in fear of bodily harm shall be subject to immediate suspension and possible expulsion.

Board policies relating to a Weapon Free School will apply and students may be subject to suspension or expulsion from school in accordance with board policy, state and federal law.

REPORTING THREATS/THEFTS/VANDALISM OR OTHER DISRUPTIVE/DANGEROUS OR VIOLENT ACTS

When students have a concern about safety at school, or knowledge of an unsafe situation/theft, vandalism or other disruptive, dangerous or violent act, they must report it at once to the principal, a teacher, or to another staff member. Anonymous tips concerning acts mentioned above can be made to the district office. Tips may also be made to the State Wide School Safety Hotline: the toll free number is 1-877-626-8203; they may also call Crimestoppers at 1-800-222-8477.

HALLS AND PASSING

All students are to observe proper hall conduct. This means that students are to move from class to class individually without interfering with the flow of traffic. Improper behavior of students in hallways or on the school grounds can create a dangerous/disruptive situation and subject the student to disciplinary action. Students may be required to carry proper identification to be in the hallway during class time.

PUBLIC DISPLAYS OF AFFECTION

The showing of affection in public to the extent that it is embarrassing for others is inappropriate and unacceptable; therefore, public displays of affection are not allowed.

SEXUAL HARASSMENT (JGEC)

The board of education is committed to providing a positive and productive learning and working environment, free from discrimination on the basis of sex, including sexual harassment. Sexual harassment shall not be tolerated in the school district. Sexual harassment of employees or students of the district by board members, administrators, certificated and support personnel, students, vendors, and any others having business or other contact with the school district is strictly prohibited.

Sexual harassment is unlawful discrimination on the basis of sex under Title **IX** of the Education Amendments of 1972, Title VII of the Civil Rights Act of 1964, and the Kansas Acts Against Discrimination. All forms of sexual harassment are prohibited at school, on school property, and at all school-sponsored activities, programs or events. Sexual harassment against individuals associated with the school is prohibited, whether or not the harassment occurs on school grounds. It shall be a violation of this policy for any student, employee or third party (visitor, vendor, etc.) to sexually harass any student, employee, or other individual associated with the school. It shall further be a violation for any employee to discourage a student from filing a complaint, or to fail to investigate or refer for investigation, any complaint lodged under the provisions of this policy.

Sexual harassment is unwelcome sexual advances, requests for sexual favors and other inappropriate oral, written or physical conduct of a sexual nature when made by a member of the school staff to a student or when made by any student to another student when: (1) submission to such conduct is made, explicitly or implicitly, a term of condition of the individual's education; (2) submission to, or rejection of, such conduct by an individual is used as the basis for academic decisions affecting that individual; or (3) such conduct has the purpose or effect of interfering with an individual's academic or professional performance or creating an intimidating, hostile or offensive academic environment. Sexual harassment may result from verbal or physical conduct or written or graphic material. Sexual harassment may include, but is not limited to, verbal harassment or abuse; pressure for sexual activity; repeated remarks to a person, with sexual or demeaning implication; unwelcome touching; or suggesting or demanding sexual involvement accompanied by implied or explicit threats concerning a student's grades, participation in extra-curricular activities, etc.

The district encourages all victims of sexual harassment and persons with knowledge of such harassment to report the harassment immediately. The district will promptly investigate all complaints of sexual harassment and take prompt, corrective action to end the harassment. Any student who believes that he or she has been subjected to sexual harassment should discuss the alleged harassment with the building principal, another administrator, the guidance counselor, or another certified/classified staff member. Any school employee who receives a complaint of sexual harassment from a student shall inform the student of the employee's obligation to report the complaint and any proposed resolution of the complaint to the building principal. If the building principal is the alleged harasser, the complaint shall be reported to the district superintendent. The building principal or district superintendent shall discuss the complaint with the student to determine if it can be resolved. If the matter is not resolved to the satisfaction of the student in this meeting, the student may initiate a formal complaint under the district's discrimination complaint procedure. (See KN) Complaints received will be investigated to determine whether, under the totality of the circumstances, the alleged behavior constitutes sexual harassment under

the definition outlined above. Unacceptable student conduct may, or may not, constitute sexual harassment, depending on the nature of the conduct and its severity, pervasiveness and persistence. Behaviors which are unacceptable, but do not constitute sexual harassment, may provide grounds for discipline under the code of student conduct.

An employee who witnesses an act of sexual harassment shall report it immediately to the building principal. Employees who fail to report complaints or incidents of sexual harassment to appropriate school officials may face disciplinary action. School administrators who fail to investigate and take appropriate, corrective action in response to complaints of sexual harassment may also face disciplinary action. When a complaint contains evidence of criminal activity or child abuse, the building coordinator or district coordinator shall report such conduct to the appropriate law enforcement or SRS authorities. (See GAAD) To the greatest extent possible, confidentiality will be maintained throughout the investigation of a complaint. The desire for confidentiality must be balanced with the district's obligation to conduct a thorough investigation, to take appropriate corrective action or to provide due process to the accused.

The filing of a complaint or otherwise reporting sexual harassment shall not reflect negatively upon the student's status or grades. Any act of retaliation against any person who has filed a complaint or testified, assisted, or participated in an investigation of a sexual harassment complaint is prohibited. Any person who retaliates is subject to immediate disciplinary action up to, and including, expulsion for a student or termination of employment for an employee. False or malicious complaints of sexual harassment may result in corrective or disciplinary action against the complainant.

Sexual/racial harassment will not be tolerated in the school district. Harassment of students of the district by board members, administrators, staff members, students, vendors, and any others having business or other contact with the school district is strictly prohibited. The district encourages all victims of sexual/racial harassment and persons with knowledge of such harassment to report the harassment immediately. The district will promptly investigate all complaints of harassment and take prompt, corrective action to end the harassment. Any student who believes that he or she has been subjected to harassment should report it to the building principal, another administrator, the counselor, or another certified/classified staff member. Any report not made in good faith or made with malice is also a violation of this policy.

RACIAL HARASSMENT (JGEC-A)

The board of education is committed to providing a positive and productive learning and working environment, free from discrimination, including harassment, on the basis of race, color or national origin. Discrimination or harassment on the basis of race, color or national origin ("racial harassment") shall not be tolerated in the school district. Racial harassment of employees or students of the district by board members, administrators, certificated and support personnel, students, vendors, and any others having business or other contact with the district is strictly prohibited.

Racial harassment is unlawful discrimination on the basis of race, color or national origin under Titles VI and VII of the Civil Rights Act of 1964, and the Kansas Acts against Discrimination. All forms of racial harassment are prohibited at school, on school property, and at all school-sponsored

activities, programs or events. Racial harassment against individuals associated with the school is prohibited, whether or not the harassment occurs on school grounds.

It shall be a violation of this policy for any student, employee or third party (visitor, vendor, etc.) to racially harass any student, employee or other individual associated with the school. It shall further be a violation for any employee to discourage a student from filing a complaint, or to fail to investigate or refer for investigation, any complaint lodged under the provision of this policy.

Racial Harassment is racially motivated conduct which:

1. Affords a student different treatment, solely on the basis of race, color or national origin, in a manner which interferes with, or limits, the ability of the student to participate in, or benefit from, the services, activities or programs of the school;
2. Is sufficiently severe, pervasive or persistent so as to have the purpose or effect of creating a hostile academic environment; or
3. Is sufficiently severe, pervasive or persistent so as to have the purpose or effect of interfering with a student's academic performance or ability to participate in, or benefit from, the services, activities or programs of the school.

Racial harassment may result from verbal or physical conduct or written graphic material. The district encourages all victims of racial harassment and persons with knowledge of such harassment to report the harassment immediately. The district will promptly investigate all complaints of racial harassment and take prompt, corrective action to end the harassment.

Any student who believes he or she has been subject to racial harassment or has witnessed an act of alleged racial harassment should discuss the alleged harassment with the building principal, another administrator, the guidance counselor, or another certified staff member. Any school employee who receives a complaint of racial harassment from a student shall inform the student of the employee's obligation to report the complaint and any proposed resolution of the complaint to the building principal. If the building principal is the alleged harasser, the complaint shall be reported to the district superintendent. The building principal shall discuss the complaint with the student to determine if it can be resolved. If the matter is not resolved to the satisfaction of the student in this meeting, the student may initiate a formal complaint under the district's discrimination complaint procedure (see KN).

Complaints received will be investigated to determine whether, under the totality of the circumstances, the alleged behavior constitutes racial harassment under the definition outlined above. Unacceptable student conduct may or may not constitute racial harassment, depending on the nature of the conduct and its severity, pervasiveness and persistence. Behaviors which are unacceptable, but do not constitute harassment, may provide grounds for discipline under the code of student conduct. The discipline of a student for violation of any provision of the code of student conduct may be enhanced if the conduct is racially motivated.

An employee who witnesses an act of racial harassment shall report the incident immediately to the building principal. Employees who fail to report complaints or incidents of racial harassment to appropriate school officials may face disciplinary action. School administrators who fail to investigate and take appropriate, corrective action in response to complaints of racial harassment may also face disciplinary action.

When a complaint contains evidence of criminal activity or child abuse, the district superintendent shall report such conduct to the appropriate law enforcement or SRS authorities. (See GAAD) To the greatest extent possible, confidentiality will be maintained throughout the investigation of a complaint. The desire for confidentiality must be balanced with the district's obligation to conduct a thorough investigation, to take appropriate, corrective action or to provide due process to the accused.

The filing of a complaint or otherwise reporting racial harassment shall not reflect negatively upon the student's status or grades. Any act of retaliation against any person who has filed a complaint or testified, assisted, or participated in an investigation of a racial harassment complaint is prohibited. Any person who retaliates is subject to immediate disciplinary action up to, and including, expulsion for a student or termination of employment for an employee.

False or malicious complaints of racial harassment may result in corrective or disciplinary action against the complainant.

WEEKLY ELIGIBILITY

Students must maintain passing grades in both their semester and quarter periods to be eligible to participate in school-sponsored/extracurricular activities provided by the schools. Students' grades will be pulled from our Power School grading program. If a student is failing a class, a letter will be sent to parents no later than Monday indicating whether the student is ineligible or has been placed on probation. In addition, an individual conference will be conducted with each affected student, defining the limitation of his/her eligibility status.

Students receiving a failing grade in any class will be deemed to be either on probation or ineligible, based on the following criteria:

On the first occurrence of a failing grade in any class, the student will be placed on probation for one (1) week. During the probation week, should the student again receive a failing grade in the same course for which he/she was placed on probation, he/she will be deemed to be ineligible for one week (Monday through Sunday).

A student deemed to be ineligible will not be allowed to play/perform/participate in school or KSHSAA-sponsored activities during the week of ineligibility (attendance to USD #112 athletic events shall be exempt from this rule). 2. Permission is granted by the principal.

the parents/guardians cannot be reached, the principal or his/her designee will seek emergency medical treatment.

HEALTH SERVICES

The school nurse will maintain all health records, as well as name of family doctor, hospital choice, emergency telephone number(s), in case of illness or injury. If the parents are not available, then the person designated to be called in an emergency will be contacted. Students should not be sent to school when they are ill. This includes a vomiting, diarrhea, sore throat, fever, **(temperature should be normal for 24 hours, without fever reducers, (Tylenol, Ibuprofen) before returning to school)** skin eruption, or other signs of illness. If you have questions on this matter, we ask that you call the school nurse.

The school nurse will conduct vision and hearing screenings throughout the coming school year for students. Parents may request at any time for their child to have additional rechecks for vision and hearing if they have a concern.

The teachers and school nurse would appreciate help from the parents in providing health information regarding allergies, medication, illness or emotional problems. This information will be most helpful to the school so that the best possible learning environment can be provided for each individual student. Please feel free to visit with the teachers and the school nurse at enrollment or throughout the school year as concerns may arise.

The District form, Permission for Medication, is available from the school nurse and on the district's website.
2. Medication must be provided in the original container, properly labeled and properly authorized by the written order of a licensed medical person. Two containers, one for home and one for school, should be requested from the pharmacist.

The state law requires that all children entering Kansas schools for the first time shall provide the superintendent or his designated representative with proof of immunization of certain diseases according to law. Students who fail to provide said documentation as required by law **may be suspended from school by the superintendent or his designated representative until proof of immunization is given to the appropriate administrator.** Notice shall be given to the parents/guardians as prescribed by law K.S.A. 72-5209

Pupils who have not completed the required inoculations may enroll or remain enrolled while completing the required inoculations if a physician or local health department certifies that the pupil has received the most recent appropriate inoculations in all required series. On or before May 15th of each school year, the school board shall notify the parents or guardians of all known pupils who are enrolled or who will be enrolling in the school of the provisions of this act and any policy regarding the implementation of the provisions of this act adopted by the school board. Prohibited items recovered from a student's locker shall remain in the custody of the building principal, unless such items are turned over to law enforcement officials. If this is done, the principal shall receive a receipt for such items so delivered.

At the request of the administration, law enforcement officers or licensed private agencies may use trained dogs on school premises to identify student property which may contain illegal or illicit materials and to determine whether materials are present which may threaten the general health, welfare, or safety of students and/or district employee. Backpacks will be kept in the student's assigned locker. Students will not carry and/or wear their backpacks during the school day. Beverages are not allowed to be stored in the lockers.

Students are provided with parking spaces set by the administration. All traffic and parking signs must be observed. The speed limit on school grounds is 15 MPH. Violations of driving and parking regulations may result in school disciplinary action under the category of direct willful disobedience and open defiance. Students may be subject to suspension and forfeiture of driving privileges. Students are not permitted to be in, or around, their cars during the school day. If it becomes necessary for students to go to their cars during the school day, they need to secure permission from the office first. Failure to secure permission may result in disciplinary action.

If there is reason to believe that a violation of a criminal law has been committed, the principal shall notify the police department. Whenever law enforcement officers conduct an investigation and/or question a student during school hours, the principal shall make contact with the parents/guardians prior to questioning. If a student's parents/guardians are not present during questioning of a student, the principal or certified staff member shall be present.

See Board Policy for more detail.

DISTRIBUTION OF MATERIALS (KI)

Materials unrelated to the school's curriculum may not be distributed or posted without prior consent of the principal.

EMERGENCY PREPAREDNESS

State regulations require periodic drills to be held for fire and emergency preparedness. All classes, students and teachers are expected to participate in these exercises and treat them as real occurrences. Specific instructions are given to staff members in the faculty handbook.

If at any time a parent/guardian feels that the road conditions in his/her area are unsuitable for travel, they are encouraged to keep the child at home and call the office by 8:30 am.

The following procedures will be used when inclement weather conditions prevail. All announcements pertaining to school closings, late starts or early dismissals, etc., because of hazardous weather conditions, will be directed from the District Office. The superintendent will call the building principals, the bus drivers, and the lunchroom supervisor. OUT OF DISTRICT STUDENTS (JBC)

Non-Resident/Out of District students are those who do not meet the qualifications to be considered a resident student. Requests to attend school in the district will be handled on an individual basis with final determination to be made by the building administration. Factors which affect approval/disapproval of request to attend school in the district are based, in part, upon staff, equipment, school facilities and capacities, as well as previous academic and behavioral concerns. Once a non-resident student has been approved to attend school in the district, the privilege to continue attending a USD #112 school will be determined by school administration and this determination will be based upon current academic, attendance and/or behavioral issues. Attendance of a non-resident is a privilege, not a right, which privilege can be revoked at any time. Out of district students' privilege to attend schools in the district can be revoked at any time the school administration deems it prudent to do so. However, a revocation during any current school year will be determined by, and based upon, current academic, attendance and/or behavioral issues. Non-resident students dropped from district attendance rolls will no longer be allowed to attend school at any district facility. Non-resident students are required to apply to the district on an annual basis for admission to a district school or program. The request for admission shall be made by August 1. Attendance by a non-resident student at any district facility or in any district program is deemed to constitute the student's and/or parent/guardian's acceptance of these terms and conditions.

EMERGENCY SAFETY INTERVENTIONS (GAAF)

The Board of Education is committed to limiting the use of Emergency Safety Interventions (ESI), such as seclusion and restraint, with all students. The Board of Education encourages all employees to utilize other behavioral management tools, including prevention techniques, de-escalation techniques, and positive behavioral intervention strategies. Emergency Safety Intervention is the use of seclusion or physical restraint when a student presents an immediate danger to self or others. Violent action that is destructive of property may necessitate the use of an emergency safety intervention. This policy can be found on our district website at www.usd112.org.

EXTRACURRICULAR ACTIVITIES TOBACCO, DRUG AND ALCOHOL POLICY

Privilege - Higher Standard of Conduct

All Board of Education and building rules and policies with regard to student conduct and activities are applicable to extracurricular activities. Participation in all extracurricular activities is available to those students who comply with local, state and federal law, Kansas State High School Activities Association ("KSHSAA") rules, school district and coach/sponsor rules and policies, and whose school and non-school conduct and actions do not violate this policy, which may result in a loss of respect or esteem for the school or the student.

Conduct Prohibited by This Policy

Students cannot use tobacco, alcohol or drugs in violation of this policy. This policy will be in force from the first day of a student's participation in any activity covered by this policy through the last day of participation, including breaks and holidays.

1. It is a violation of this policy and an offense subject to disciplinary action hereunder for a student participating in any extracurricular or KSHSAA activity to use or possess, distribute, disburse, or be under the influence of alcoholic liquor, wine or a cereal malt beverage or other intoxicants, tobacco or tobacco products, inhalants, controlled substances, illegal drugs, or legal drugs or medications having misused or intending to misuse them.

Investigation - Procedure

Any student suspected of an offense shall be notified of the suspected offense and be given an opportunity to respond to the allegations concerning a violation of this policy. The head coach/ sponsor of the activity and/or the principal of the building sponsoring the extracurricular or KSHSAA activity shall investigate alleged violations of this policy, and shall make a decision based on information obtained, common knowledge and past experience with the student. The decision shall be based on the information and circumstances which the investigator believes to be more believable. No formal hearing process or investigative procedure need be followed.

Disciplinary Action

- a. For a first offense the student will not be eligible for participation in a recognized activity or event for fourteen (14) consecutive days beginning on the day of the suspension. If there is no recognized activity or event within the fourteen (14) day ineligibility period, the student will not be allowed to participate in the next two (2)

recognized activities or events. If the suspension continues after the end of the season, the remaining days of the suspension will begin again on the first day of that athlete's first competition in the athlete's next season. Holiday Break, Spring Break, KSHSAA Buffer Week or KSHSAA Holiday Non-Practice Days will NOT count toward days of suspension.

The student would then have the option to complete a USD #112 administrative-approved comprehensive Drug and Alcohol treatment program prior to the beginning of the next school year, or complete the remaining eighteen (18) weeks of the suspension. Any expense incurred for completion of the Drug and Alcohol treatment program would be solely the responsibility of the student and his/her parents/guardians.

General

Offenses will not carry over from one school year to another school year; however, consequences may.

Extracurricular activities include, but are not limited to, all KSHSAA-sponsored, supervised or approved activities; student council and student government organizations; and student groups, clubs and organizations. A recognized activity or event shall include all school-sponsored activities including, but not limited to, all KSHSAA competitions, other competitions, band and music days, plays and performances. Participation in practices, meetings or other general activities or preparations will be at the discretion of the coach/sponsor.

I have read and understand the extracurricular activities, tobacco, drug, and alcohol policy of USD #112.

TECHNOLOGY USAGE AT USD #112 Central Plains School District (Central Plains & Wilson)

Policies and Guidelines Related to the Use of District Technology

Definition of Technology & the Internet

Technology is any form of electronic equipment or media designed to support the productivity of the students, staff and patrons of USD #112, as well as enhancing the learning process. This equipment includes, but is not limited to, desktop computers, laptops, printers, networking equipment, the Internet, e-mail, other forms of telecommunications, telephones, all forms of software and other peripherals.

Specifically, the Internet is an electronic communications network which provides vast, diverse and unique resources. Our goal in providing this service to teachers, staff, patrons and students is to promote educational excellence in USD #112 by facilitating resource-sharing, innovation and communication.

Overview and Purpose

All of the guidelines and procedures outlined in this document pertaining to the acceptable use of technology are intended to make that technology more useful to students, staff and patrons of USD #112. These guidelines are also intended to maximize the learning environment and process. Access to these technologies is a privilege that comes with responsibility.

USD #112 views information gathered from various technological resources, including the Internet, in the same manner as reference materials identified by the schools. Specifically, the district supports resources that will enhance the learning environment with directed guidance and supervision from the faculty and staff. Exploration and manipulation of resources is encouraged. Filtering software is in place in USD #112; however, it is impossible to control all materials on a global network and an industrious user may discover inappropriate information that is not consistent with the educational mission, goals and policies of the school district.

Parents who do not wish their student to have individual access to the Internet should contact the school administrator.

Guidelines

1) Acceptable Use

Informal rules of behavior have evolved for the use of technology and communication on the Internet and other on-line services. All users of Central Plains School District USD #112's computers and networks are expected to abide by the generally accepted rules of technology usage and etiquette. Collectively, they help to identify a level of acceptable use of the technology in USD #112. Rules for acceptable use are included below.

2) State Law and Local Policy

Violations of the policies and procedures of USD #112 and/or Kansas law concerning the use of technology will result in disciplinary action.

3) Penalties

Any user violating these provisions, state and /or local policies, applicable state and federal laws or posted classroom and district rules is subject to loss of technology privileges and any other district disciplinary options, including criminal prosecution. School and district administrators will make the final determination as to what constitutes unacceptable use, and their decision is final.

In relation to punishment for technology violations, every effort will be made to change the behavior of the student rather than deny them access to the technology. Punishment will be administered, but it is the hope of the administration that conventional forms of discipline will deter future offenses in this area. Administrators and staff members will use conventional forms of discipline, where appropriate, before resorting to the loss of access to the technology. In the event that the type or number of occurrences of infraction(s) necessitates the removal of access to the technology, every effort will be made to ensure that the student does not suffer academically. The student may have to be given alternative assignments if the technology was an integral part of what was expected in relation to the assignments. This decision will be made by the teacher and administrator or his/her designee.

Rules for Technology and Internet Use

1. Never share your password with anyone. If you do so, both you and the student using your account will be held liable.
2. Treat all technology with respect. Do not vandalize any technology equipment.
3. Obey all copyright laws.
4. Avoid any technology activity, which is illegal or involves inappropriate language, pictures, or graphics.
5. Be very careful about giving out any identifying personal information on the Internet.
6. Students doing class work always have priority.
7. Printing on school printers is limited to class work only.
8. Take responsibility for your own actions and words. Do not give out anonymous or false information.
9. Students will not access outside e-mail, chat rooms, or messaging services using USD #112 computers during the school day. The only e-mail accounts that students are allowed to use during the school day on our system are the ones issued to them at the beginning of the school year. If you have a special need for outside e-mail access, contact Mrs. Sloan: sloan@usd112.org or Mr. Mitchum: smitchum@usd112.org.

Any violation of these rules will result in disciplinary action.
