Mission Statement

BCS will empower
students to become
Responsible Citizens
in a Safe and Secure
Educational
Environment.

Dear Parents and Guardians,

We hope this letter finds you in good health and high spirits. As we kick off the new school year, we want to ensure that you have all the necessary tools to support your child's education. One such tool is PowerSchool, our secure online student information system.

PowerSchool is an essential platform that provides you with real-time access to your child's academic progress, attendance records, and other pertinent information. We believe that by using this tool, you can actively engage in your child's educational journey and help them achieve their full potential.

Here's how you can use PowerSchool effectively:

1. Accessing PowerSchool:
To log in to PowerSchool, please visit our school's website https://www.bloomfieldschools.net or https://bloomfieldschools.powerschool.com/public/home.html. You will need a unique username and password to access your child's information. If you have not received your login credentials, please contact our school's office, and they will be happy to assist you.

2. View Grades and Assignments:
PowerSchool allows you to view your child's grades, assignments, and assessments as soon as they are entered by the teachers. This timely information empowers you to monitor their progress and promptly address any concerns.

3. Attendance Tracking:
With PowerSchool, you can keep track of your child's attendance history, including any tardies or absences. Regular school attendance is critical to academic success, and PowerSchool helps you stay informed about your child's attendance record.

4. Teacher Communication:
PowerSchool allows you to access contact information for your child's teachers. Should you have any questions or concerns about your child's academic performance or well-being, feel free to reach out to them directly through PowerSchool.

5. Set Up Notifications:
You can customize your PowerSchool account to receive email notifications for important events, such as grades updates, missing assignments, and school announcements. These notifications will keep you informed and enable you to stay actively involved in your child's education.

6. Support and Assistance:
If you encounter any issues while using PowerSchool or need assistance with any features, our school's administrative team will be happy to help. We want to ensure that you have a smooth and enjoyable experience using the platform.

We believe that PowerSchool will be an invaluable tool in fostering strong parent-teacher-student collaboration. By actively monitoring your child's progress, you can reinforce their learning at home, celebrate their achievements, and offer guidance when needed.

Thank you for your commitment to your child's education. Together, we can create a nurturing and supportive environment that encourages academic excellence and personal growth.

If you have any questions or need further assistance, please do not hesitate to contact our school's office.

Here's to a successful and rewarding school year!

Educationally Your Administration.
