

St. Paul High School COVID INFO

Visiting team and fans shall park in the south parking lot which is on the east side of the field.

There will be separate restrooms for the visiting fans which are located on the south side of the school inside the school. Fans will enter the south school doors and the restrooms are down the hallway.

There will be two separate concession stands which will be limited. Once again the visiting concession stand is located on the south side of the school, and the big overhead door will be open to serve your fans. There should be no need for the visiting fans to ever mingle with our fans as everything they need is on the same side as your team.

After the game we ask that you meet your players off the field.

We highly recommend wearing masks but they are not required. Please practice social distancing as much as possible.

We will honor your faculty passes. Prices are \$5.00 for adults and \$4.00 for students.
