

DEAR PARENT/GUARDIAN

If your child is sent home from school with any of the symptoms listed below, they must not return to school until they are symptom free for 24 hours and/or fever free for 72 hours without fever- reducing medication. Your child may return to school sooner if we receive written permission from his/her doctor AND they have been symptom free for 24 hours. **Please do not send your child to school with symptoms.** We realize that there are times that the doctor's excuse indicates that your child may return before symptoms have resolved. In this case, we still ask that you keep your child at home until they are 24 hours without symptoms and/or 72 hours without fever.

A doctor's excuse or a parent note with specific dates/symptoms listed will be required for your child's absence to be excused. If the school calls for your child to be picked up because of symptoms, you must still send a parent note or doctor's excuse for the days missed.

If your child is tested for COVID-19, we ask that you notify the principal or school nurse promptly and keep all children in the home out of school until a test result is received. The school will determine when your child/children will be allowed to return to school after receiving documentation of the COVID-19 test result.

Symptoms include:

Temp of 100.0 or greater

Sore throat

New or productive cough

Diarrhea, Vomiting, abdominal pain

New onset of headache

Body aches

Loss of taste or smell

New nasal congestion and /or runny nose

Thank you for your help! Together, we can keep our school a safe and healthy place for your children to learn and grow. Please contact us with any questions or concerns.

Sincerely,
Megan Rainey, RN
Karla Beard, RN
