

Mountain States Conference

Deadwood, South Dakota ■ November 8–10, 2015

Come to the Mountain States Conference to learn how to develop your leadership potential!

Think of the rise to school leadership as one continual ecosystem—teachers become teacher leaders...teacher leaders become assistant principals...APs ascend to the principalship...and principals rise to district leadership positions.

Whatever your role, how can you prepare for the next step?

Bring your entire leadership team and grow together as noted education expert Janice Case presents the “10 Skills for Successful School Leaders,” based on the NASSP groundbreaking publication.
