

# WHEN THERE IS A POSITIVE COVID-19 CASE IN STERLING PUBLIC SCHOOLS

## **Sterling Public Schools WILL:**

1. Call families/staff who were within 6 feet for 10 or more minutes (close contacts).
2. Isolate the close contacts until they can be sent home to quarantine for 14 days.
3. Work with the family to provide continuous education, technology, and supports.
4. Conduct extra cleaning in the areas the infected individual spent time.
5. Inform the local health department.
6. Send an email to families that have a student in the building to inform them of the positive case.

## **Sterling Public Schools WILL NOT:**

1. Provide personally identifiable information of an infected person (name, grade, level or class information) to students, staff or the community.
2. Immediately close schools for one positive case.
3. Email the entire district of the positive case or post on social media.
4. Notify students, staff, or the community when someone has to quarantine because they are a close contact.
