

**LEAD & COPPER RULE MONITORING AND REPORTING VIOLATION  
MANDATORY LANGUAGE - TIER III**

**IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER**

Grady ISD has violated the monitoring and reporting requirements set by Texas Commission on Environmental Quality (TCEQ) in Chapter 30, Section 290, Subchapter F. Even though these were not emergencies, as our customers, you have the right to know what happened and what we are doing (or did) to correct these situations.

*We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During [compliance period] we [did not monitor or test – or – did not complete all monitoring or testing] for [contaminant(s)] and therefore cannot be sure of the quality of your drinking water during that time.*

The table below lists the contaminant(s) we did not properly test for during the last year, how often we are supposed to sample for [these contaminants], how many samples we are supposed to take, how many samples we took, when samples should have been taken, and the date on which the follow-up samples were [or will be] taken.

Contaminant	Required sampling frequency	Number of samples taken	When samples should have been taken	When samples were or will be taken
<i>Lead and copper tap water sampling</i>	Every Six Months	9 out 10	<i>January through June 2019</i>	<i>June to December 2020</i>
<i>Lead and Copper entry point sampling</i>				
<i>Water quality parameters</i>				

**What is being done?**

We are working to correct the problem. For more information, please contact [name of contact] at [phone number] or [mailing address].

We are working to correct the problem. For more information, please contact Leandro Gonzales Jr. at 432-459-2444 or 3500 FM 829 Lenorah, TX 79749.

Grady ISD is working with OJD Engineering to correct the problem. We also working with TCEQ in meeting our sampling requirements and timeline.

*Please share this information with all other people who drink this water, especially those who may not have received this notice directly (i.e., people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.*

This notice is being sent to you by Leandro Gonzales, Jr.  
Public Water System Number: TX 1590007.  
Date Distributed: **9/23/2020**

*Leandro Gonzales Jr 9/23/2020*

Texas Commission on Environmental Quality  
CERTIFICATE OF DELIVERY OF PUBLIC NOTICE TO CUSTOMERS: TIER III  
Public Notice (PN) to be posted within **12 months** of initial violation notification

Public Water System (PWS) name: **Grady ISD**

PWS ID: **1590007**

Month / Year of violation(s): **July to December 2019**

Type of violation(s):

**X** Failure to Conduct Initial/Standard Water Quality Parameter (WQP) monitoring in each monitoring period in which you exceed an action level including the original exceeding monitoring period or failure to Conduct Initial/Standard WQP monitoring during two consecutive six-month periods following the period in which the PWS exceeded (53)

30 TAC 290.122(c) requires that your PWS make an adequate, good-faith effort to reach all consumers served by the system by appropriate methods (check all below that apply):

**COMMUNITY WATER SYSTEM:**

Mail or directly distribute PN to each customer receiving a bill and to other service connections to which water is delivered by the public water system;

**and at least one of the following methods if direct delivery may not reach all persons regularly served by the system:**

Publish PN in local newspaper

Deliver multiple PNs for distribution by customers that provide their drinking water to others (e.g. apartment building owners or large private employers)

Post PN in public places

Deliver PN to community organizations

Post PN on the Internet at: www.\_\_\_\_\_

**NONCOMMUNITY WATER SYSTEM:**

Mail or directly deliver PN to each customer and service connection, or

**X** Post PN in conspicuous places within the water system;

**and at least one of the following methods if direct delivery or public posting may not reach all persons regularly served by the system:**

Publish PN in local newspaper

Deliver multiple PNs for distribution by customers that provide their drinking water to others (e.g. apartment building owners or large private employers)

Post PN in public places

Deliver PN to community organizations

**X** Post PN on the Internet at: www.gradyisd.org

**REQUIRED SIGNATURE ON REVERSE SIDE**

“I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fines and imprisonment for knowing violations.”
