RE: 7th Grade Students - Type 2 Diabetes

Dear Parent/Guardian:

A recent addition to the California Education Code (CEC 49452.7) requires schools to send to families of all incoming seventh grade students an information sheet on Type 2 diabetes. The following is information developed by the California Department of Education.

Type 2 diabetes in children is a preventable/treatable disease, and the guidance provided in this information sheet is intended to raise awareness about this disease. Contact the school nurse at 530-926-6007 or school administrator or your child's health care provider if you have questions or concerns. Also, included is a list of possible health care providers should your family not have one.

I hope you find this information to be useful.

Sincerely,

Superintendent, Tami Beall
