I have added a Technology Assistant Position to the Salary Schedule. This will ensure that we can maintain that position with very little turnover. We are paying \$15 an hour through the co-op. My proposal is that we pay \$16.39 per hour directly to the employee. We would also pay benefits which is approximately %26 of the salary. i.e. 29500 in salary + 7670 in benefits=37,170 in salary cost to the district. I'm estimating the cost of adding this employee to be right at \$10,000.

0	\$37,775.00	\$23,585.00	\$37,775.00	\$36,440.00	\$29,675.00	\$ 29,500.00	1
