Fall 2020

Dear Parent/Guardian:

The Iowa County Health Department is working with your school district to provide influenza (flu) vaccine to your student(s) this fall. **Flu shots are available for school-age children 4 -18 years old.** Funding is provided by the Wisconsin Emergency Preparedness Program and the Wisconsin Immunization Program as part of a mass immunization exercise.

- Flu vaccine is **FREE** for all students **ages 4-18 yrs.**, no insurance information is needed
- Flu vaccine will be injectable only

Due to COVID-19, the Iowa County Health Department will not be administering flu shots at school this year. Instead, we will be holding drive-thru flu clinics at the Health and Human Services Building located at 303 W. Chapel St. in Dodgeville.

Appointments are required.

Call (608) 930-9870 to schedule on the following Saturdays:

Saturday, October 10th - 9:30 - NOON

Saturday, October 17th - 9:30 - NOON

NOTE: Please try to arrive for your child's drive-up appointment no more than 5 minutes before their appointment time. Children will stay in the car for this appointment if able however, a chair will be provided if a vaccine is needed to be given outside your vehicle. Please refrain from coming to the clinic if you or your children are ill and have everyone in your vehicle wear a mask. Remember to have your child wear clothing that will allow us to have easy access to an upper arm/shoulder. You will be asked to wait for 15 minutes after your child's injection.

Sincerely,

Debbie Siegenthaler RN, MSN

Director/Health Officer

Iowa County Health Department
