Good morning Mustangs!

Starting

Today is a half day of school, and dismissal time is 11:15.

Students, due to our bottle filling stations being on backorder, we have had to be creative in how to provide you with water, so we are trying something new. 5-gallon water jugs have been placed outside the gym on the girls' locker room side of the gym and just down from Room 83. Please use the cups provided and dispose of them properly. We'd appreciate it if water bottles get refilled from a sink faucet in the science rooms. If you must refill at one of the new stations, please only add a little water to your water bottle as to get you by until you can totally refill in science.

Also on the MJHS Echo Landing Page is a link to this year's SMAD application form. We are currently recruiting 7th and 8th graders to join our SMAD (Students Making a Difference) group. SMAD is responsible for promoting a positive school culture here at MJHS. We organize different activities and positive promotions throughout the year such as Kindness Week and monthly social/emotional themes. If you are a 7th or 8th grader and interested in joining, please fill out the application found in Echo by next Wednesday, September.
