

Note Home September 21-25

Just a reminder- our district is going to continue on the hybrid schedule through the month of October. Group A will attend Tuesday and Thursday next week. Group B will attend Monday, Wednesday and Friday. An October calendar is coming home this week. It will show the attendance days for the month of October. It also lists names for Show and Share. If your child's name is listed please send something they would like to share. We will put the item in our Show and Share bag when it gets to school. Write 3 clues for them to share. This is a great way for our students to work on problem solving skills and also to practice speaking in front of the class.

IPads are now with your children. Please charge them at home and be sure they come back and forth to school each day. We have talked with the children about the care of the devices and have encouraged them to keep them in their backpacks when they are not in use. Preschoolers learn best through play and exploration. Screen time should make up a very small part of their day. We have sent home a name bag- milk caps that will spell out the children's name. This can be added to their beans and playdough as hands on activities for non-attendance days.

Thank you for completing your pet sheet. We are charting and graphing the information. We want to make a display with pictures of our pets. You may send pictures in your child's folder or you may email them to me and I will print them off.

The children have worked together to make pet houses out of boxes. These are used each day during choice time. Waiting for a turn is hard!

Our stories this week were- Mrs. McTats and her Houseful of Cats, Little Fox's Surprise, Otis and the Puppy, The Golden Acorn, and McDuff and the Baby.

The children all painted their rocks. We hope to hide them on the square next week.

We are loving this weather and have been enjoying lots of walks, running, riding the trikes and just being outside!

Mrs. Miller
