This meeting is to help the athletics committee to develop policy in order to make sure our athletic directors and coaches are given clear direction on how to promote sustained growth in all grades. It's a unanimous board sentiment that supporting growth through every extracurricular activity should be paramount. Our middle school should be a place where we develop programs, this discussion is going to help us do that. At the end of this meeting, athletics committee members will bring it to the attention of the board at the November meeting in order to adopt a policy that works best for our district.**
