Governor's Press Release (APSRC Report)

Governor Hutchinson's statement released following today's numbers, "Today's report of 1,030 new PCR positive COVID-19 cases serves as a caution to everyone who is out and about engaging in work, school, and recreation. We need to take responsibility, and we need to support the need for isolation or quarantine when required. We have limited tools to stop the spread, and our self-isolation when needed and our social distancing will be successful if we all do our part."

The Arkansas Department of Health (ADH) map of all cases can be viewed by clicking on the link below:
