

## Vision and Hearing Screening for NE BOCES Schools

### **2020-2021 School Year**

In the 2020-21 school year, mass screening requirements will resume - unless an executive or public health order suspending activities occurs. To minimize disease transmission and to provide much needed services to the most at-risk students, we have been advised to prioritize screenings.

The following lists of grades will be screened universally:

- All Head Start, Preschool, Kindergarten, 9<sup>th</sup> Grade Students
- All students who did not pass hearing and/or vision screening and/or did not follow up from last year. (Your school nurse will notify you of these students)
- All students on IEP or RTI.

At any time, a parent/guardian and/or teacher may request that a student be screened. Please see the attached screening forms.

Standard precautions will be used during the screening process to mitigate the spread of exposure to COVID. If you have questions or concerns, please contact your School Nurse.
