

RE-1 Valley School District Student Support Services

Hagen Early Education Center - Ayres Elementary - Caliche Elementary - Campbell Elementary
Caliche Schools - Sterling Middle School SMS - Sterling High School SHS

Dear Parent/Guardian,

RE-1 Valley is committed to Social Emotional Learning activities for all students. Social Emotional skills include the ability to: set and achieve positive goals, feel and show empathy for others, establish and maintain positive relationships, make responsible decisions, and understand and manage emotions. Most of our support is offered universally to all students with the focus on supporting academic and social and emotional functioning in the school setting. Targeted supports are scheduled at times that are least disruptive to your child's day.

The RE-1 Valley School District Student Support Services Team is available to support students through a variety of ways.

- Direct services to include screenings for social and emotional concerns, individual SEL support, group SEL support, and crisis intervention.
- Consultation and planning with students, families and staff to support school success
- Collaborative efforts with community support systems to support student needs
- Conflict Resolution and Mediation

Referrals come from a variety of sources including students, parents, teachers, administrators and outside community agencies. The link to our referral form is on the RE-1 Valley website (<https://www.re1valleyschools.org>) under parent information. More information about services and our Student Support Services team can be found on the RE-1 Valley website. Feel free to call if you have any questions and/or concerns.

Sincerely,

Shari Remmengai, MA	District Wide	School Psychologist	remmengas@re1valleyschools.org
