September 30, 2020

Today we are completing our first month back in school, we would like to take a moment to offer thanks on achieving this milestone and to remind everyone that we must not get complacent.

Thank you to:

- Students for positively accepting and adjusting to the changes necessary for our schools to reopen in-person. Your commitment to wearing face coverings, hand hygiene, and physical distancing is making a difference. Keep up the great work!
- Staff for your hard work, energy, and "can do" spirit in preparing for our schools to open and subsequently during this first month of instruction. It is honor to work with such a dedicated group of professionals.
- Parents/Guardians for supporting your students and for also supporting the changes that were necessary for our schools to reopen.
- The School Board for putting the health and safety of our students and staff first and foremost in its decision-making.

Reminders for all:

- We all must remain committed to wearing face coverings, washing and sanitizing our hands and practicing physical distancing. Continuing these simple practices is the best way we can protect ourselves and others during this health crisis.
- We must continue to honestly complete the at-home health check each day for ourselves and our students.

As we have seen, there is no guarantee that our schools will not be affected by COVID-19, but the greater our commitment is to protecting ourselves and others the less the impact is likely to be. The State of Wisconsin is in the midst of a surge in positive cases, this is not the time for complacency or fatigue. It is the time for all of us to re-up our commitment to keeping our school community safe.

Congratulations to everyone! Tomorrow we begin our second month!

Sincerely,

Todd Felhofer,  
District Administrator /  
7-12 Principal

Joe Green,  
Elementary Principal /  
Director of Teaching & Learning
