## GRIEVANCE PROCEDURES

### I LEVEL ONE

The Superintendent may, but is not required to, accept late-filed grievances in order to avoid hardship or injustice, or for other good cause. The grievant may also agree at any time to extend any otherwise applicable timeline.

The approved form must be signed by the grievant and include the following information:

1. A complete description of the grievance, including the policy, procedure, or work rule assertedly violated or misapplied, and all facts supporting the complaint.
  2. The date(s) of the act, omission, or decision on which the grievance is based;
  3. The names of the supervisor(s), administrator(s), or other decision-maker(s) who are responsible for the act, omission, or decision on which the grievance is based;
  4. The specific corrective action sought by the grievant;
  5. A statement describing the grievant's efforts to resolve the complaint informally or a statement explaining the reason(s) such efforts were not initiated or pursued; and
  6. Copies of any relevant documentary or evidentiary material in the possession of the grievant.
- B. **Administrative Investigation and Determination.** The Superintendent may assume direct responsibility for reviewing and responding to the grievance or may assign that responsibility to a designated administrator. In either case, the Superintendent's response to the grievance may include informal complaint resolution, formal investigation, or both.
1. **Informal Complaint Resolution.** Prior to filing a formal grievance, the employee is expected to have made reasonable efforts to resolve the complaint or problem underlying the grievance informally through discussions or other communication with the employee's immediate supervisor or other persons whose actions or decisions led to the filing of the grievance. Informal complaint resolution will not be required if such efforts would not be practical or reasonable under the circumstances. If the Superintendent or Superintendent's designee determine that further efforts at informal resolution should be attempted, the formal grievance process may be temporarily suspended for that purpose for up to thirty days.
  2. **Formal Investigation.** Should the Superintendent or Superintendent's designee conclude that reasonable efforts at informal complaint resolution have not succeeded or would not be appropriate under the circumstances, the Superintendent or Superintendent's designee shall initiate a formal investigation of the grievance. The Superintendent's investigation may include interviews of witnesses, written statements, depositions, administrative conferences or hearings, or any lawful action that is deemed necessary to reach a just disposition of the grievance. Upon completion of the investigation, the Superintendent or Superintendent's designee shall prepare a written decision on the grievance. If a recommended decision is made by the Superintendent's designee, the Superintendent may adopt, reject, or modify the decision based on his review of the evidence.

3. If the grievance is based on an act, omission, or decision that is attributed to the Superintendent, the grievance should be submitted to the Board President, who will assign responsibility for the administrative investigation and determination to the Board's attorney. The Board's attorney will determine whether the grievance is covered by the Board's grievance policy. If the grievance is covered by the policy, the Board's attorney will exercise the fact-finding and other investigatory functions that would otherwise have been performed by the Superintendent. The Superintendent shall have the opportunity to submit a written statement and any other relevant evidence in response to the grievance. Upon completing the investigation, the Board's attorney shall present his or her findings to the Board, which shall thereafter render its decision.
4. Notification of Decision. The written decision of the Superintendent (or Board, if the grievance is against the Superintendent) shall be made and mailed or transmitted to the grievant within sixty calendar days of the date on which the grievance is filed.

  2. Transmittal of Grievance Record. Upon receipt of the notice of appeal, the Superintendent shall transmit to Board Members for their review a copy of the written grievance, the Superintendent's decision letter, the notice of appeal, and all statements, recommendations, documents, recordings, transcripts, or other written or tangible evidence filed, submitted or considered at any stage of the grievance process.
- B. Board Consideration of Appeal. Not later than sixty days following receipt of the notice of appeal by the Superintendent, the grievance appeal shall be placed on the Board meeting agenda for consideration. Upon consideration of the grievance appeal and record, the Board may, by majority vote:
  1. Affirm the decision of the Superintendent;
  2. Modify the decision of the Superintendent;
  3. Defer final action until an evidentiary hearing is held on the grievance.

The decision of the Superintendent shall be final unless an action reversing or modifying the Superintendent's decision is approved by majority vote of the Board.

- C. Hearing Process. If a hearing is approved by the Board, the hearing shall be set within thirty calendar days. Written notice of the hearing date shall be provided to the grievant. A final Board decision on the grievance shall be due within five calendar days after the hearing is closed. The Board shall give the grievant written notice of its final decision.

### **B. Reporting and Sanctions**

1. Reporting
  - a. Students or their parents or guardians who reasonably believe that other students or School Board employees are guilty of sexual harassment are encouraged to report such to the principal of their school and/or to the civil rights compliance administrator. Such reports should be made in writing. Report forms are available through the main office in each school.
  - b. Students or their parents or guardians are also urged to report any unwelcome conduct of a sexual nature by fellow students or School Board employees, whether or not such conduct interferes with the student’s educational performance or creates a hostile or offensive educational environment.
  - c. Confidentiality will be maintained and no reprisals or retaliation will be allowed to occur as a result of the good faith reporting of charges of sexual harassment. Students or School Board employees who retaliate against one who has filed such charges are subject to the sanctions below.
2. Sanctions
 

Any student found to have engaged in sexual harassment shall be subject to sanctions, including, but not limited to, warning, suspension, or expulsion subject to applicable procedural requirements.

## **Anti-Harassment Policy**

### **Section 1. Harassment, Violence, and Threats of Violence Prohibited.**

No student shall engage in or be subjected to harassment, violence, threats of violence, or intimidation by any other student that is based on any of the specific characteristics that have been identified by the Board in this policy.

### **Section 2. Definitions**

- (a) The term “harassment” as used in this policy means a continuous pattern of intentional behavior that takes place on school property, on a school bus, or at a school-sponsored function including, but not limited to, written, electronic verbal, or physical acts that are reasonably perceived as being motivated by any characteristic of a student, or by the association of a student with an individual who has a particular characteristic, if the characteristic falls into one of the categories of personal characteristics set forth in Section 3(b) below. To constitute harassment, a pattern of behavior may do any of the following:
- Place a student in reasonable fear of harm to his or her person or damage to his or her property.
  - Have the effect of substantially interfering with the educational performance, opportunities, or benefits of a student.
  - Have the effect of substantially disrupting or interfering with the orderly operation of the school.
  - Have the effect of creating a hostile environment in the school, on school property, on a school bus, or at a school-sponsored function.
  - Have the effect of being sufficiently severe, persistent, or pervasive enough to create an intimidating, threatening, or abusive educational environment for a student.

- (c) The term “threat of violence” as used in this policy means an expression of intention to inflict injury or damage that is made by a student and directed to another student.
- (d) The term “intimidation” as used in this policy means a threat or other action that is intended to cause fear or apprehension in a student, especially for the purpose of coercing or deterring the student from participating in or taking advantage of any school program, benefit, activity or opportunity for which the student is or would be eligible.
- (e) The term “student” as used in this policy means a student who is enrolled in the Tallassee City school system.
- (f) “Complainant” as used in this policy means the student or employee asserting the policy has been violated.
- (g) “Respondent” as used in this policy means the student or employee alleged to have violated the policy.

### **Section 3. Description of Behavior Expected of Students**

- (a) Students are expected to treat other students with courtesy, respect, and dignity and comply with the Code of Student Conduct. Students are expected and required (1) to comply with the requirement of law, policy, regulation, and rules prohibiting harassment, violence, or intimidation; (2) to refrain from inflicting or threatening to inflict violence, injury, or damage to the person or property of another student; and (3) to refrain from placing another student in fear of being subjected to violence, injury, or damage when such actions or threats are reasonably perceived as being motivated by any personal characteristic of the student that is identified in this policy.
- (b) Violence, threats of violence, harassment, and intimidation are prohibited and will be subject to disciplinary consequences and sanctions if the perpetrator of such action is found to have based the prohibited action on one or more of the following personal characteristics of the victim of such conduct: The student's (1) race, (2) sex, (3) religion, (4) national origin, or (5) disability.

### **Section 4. Consequences for Violations**

A series of graduated consequences for any violation of this policy will be those outlined in the Code of Student Conduct or any rule or standard adopted under authority of this policy.

### **Section 5. Reporting, Investigation, Complaint Resolution, and Grievance Procedures**

- (a) Complaints alleging violations of this policy may be made orally or on approved complaint forms available at the principal and/or counselor's office. The complaint must be signed by the student alleging the violation or by the student's parent or legal guardian and delivered to the principal or principal's designee either by mail or personal delivery. At the request of the complaining student or the student's parent or legal guardian, incidental or minor violation of the policy may be presented and resolved informally.
- (b) Upon receipt of the complaint, the principal or the principal's designee will, in their sole discretion, determine if the complaint alleges a serious violation of this policy. (If the principal or the principal's designee will undertake an investigation of the complaint.) The investigation will entail the gathering of relevant facts and evidence and will be conducted in a reasonable prompt time period taking into account the circumstances of the complaint. If the investigation establishes a violation, appropriate disciplinary sanctions will be imposed on the offending student(s). Other measures that are reasonably calculated to prevent a recurrence of the violation(s) may also be imposed by the principal or the school system.
- (c) Acts of reprisal or retaliation against any student who has reported a violation of this policy or sought relief provided by this policy are prohibited, and are themselves a violation of this policy. Any confirmed acts of reprisal or retaliation will be subject to disciplinary sanctions that may include any sanctions, penalty, or consequence that is available to school officials under the Code of Student Conduct. A student who deliberately, recklessly, and falsely accuses another student of a violation of this policy will be subject to disciplinary sanctions as outlined in the Code of Student Conduct.
- (d) The complaint form developed to report violations of this policy will include a provision for reporting a threat of suicide by a student. If a threat of suicide is reported, the principal or the principal's designee will inform the student's parent or guardian of the report.

- (e) Any assistant principal, school administrator, or staff member who receives notice that a student has or may have been the victim of harassment or a discriminatory act, is to immediately report the alleged conduct to the Title IX Coordinator, Dr. Brock Nolin at (334) 283-5675. The Title IX Coordinator will document the complaint and immediately notify the principal. The principal or his or her designee will provide a written report of the facts alleged (regardless of whether initial complaint was written or oral) and forward as soon as practicable to the superintendent or his/her designee. Failure to forward any harassment or discriminatory behavior report or complaint as provided herein will result in disciplinary action against the employee.
- (f) The student, parent, or guardian is not prevented from first notifying the designated authority of the School Board of alleged harassment or discriminatory conduct. If the complaint involves the school principal, the complaint shall be made or filed directly with the designated authority of the School Board. Upon the receipt of all complaints made to the School Board, the designated authority must provide a written report of the allegations to the superintendent, the principal, and the Title IX Coordinator before an investigation can begin.

## A. Informal Grievance

### 1) Alleged Acts not involving the principal or member of School Board

The student may elect to have an informal grievance when the nature of the grievance concerns the behavior of any peer or school employee (other than the principal or member of the School Board).

**Step One:** Within 10 school days following the event or condition that is the basis for the grievance, the complainant may request a meeting with the respondent with whom they disagree, members of the grievance committee, and the Title IX Coordinator (the principal may or may not be present during this first meeting of the informal grievance process).

**Step Two:** Within ten school days following the conference request, the respondent may elect to confer with the complainant under the supervision of the Title IX Coordinator and attempt to resolve the grievance.

**Step Three:** If the complainant is not satisfied with the respondent's oral response, the informal grievance will advance to the principal in the event that the original grievance did not involve the principal. The principal will take the notes provided by the Title IX Coordinator and schedule another meeting in an attempt to resolve the conflict between the complainant and the respondent. At the conclusion of the meeting, the principal shall then consider the informal grievance and provide an oral or written response to the complainant within a reasonable time.

**Step Four:** In the event that the complainant is still not satisfied with the outcome of the grievance, he/she must file a formal grievance within 10 school days of the oral or written response of the principal or the grievance is deemed abandoned.

2) Alleged Acts Involving the principal or member of the School Board.

If the nature of the grievance involves the misconduct of the principal or any board member of the School Board, the complainant must first contact the Title IX Coordinator.

**Step One:** The complainant has 10 school days to request an appointment with the Title IX Coordinator following the event or condition.

**Step Two:** Serving as the mediator, the Title IX Coordinator will then schedule an appointment with the complainant, the principal or board member designee. Before the conclusion of the meeting, the principal or the board designee must attempt to resolve the grievance verbally. If the complainant is not satisfied with the verbal response, he/she must file a formal grievance within 10 school days of the verbal response or the grievance is deemed abandoned.

## B. Formal Grievance

A complainant may elect to first participate in the formal grievance procedure.

**Step One:** Under the formal grievance, generally, the complainant should submit his/her complaint in writing within 15 school days following this event or condition that is the basis for this grievance. The Formal Grievance Form (a copy of the form is located in the administrative office of each school) may be used, but is not required. The student should address the form to the principal or his/her designee, who will then present a copy of the form to the respondent.

The complainant must provide the following information in order to be considered complete:

- 1) Name of the person against whom the grievance is against;
- 2) The specific nature of the grievance;
- 3) Date, time, and place of the event or condition that is the basis of the grievance;
- 4) Witnesses present during the alleged act(s);
- 5) The name and title of the third party representative (if applicable) of the complainant;
- 6) The action requested to resolve the grievance; and
- 7) The signature of the complainant.

**Step Two:** The principal may schedule a meeting with the complainant and the respondent. The respondent shall respond to the complainant in writing within 5 school days of the meeting and present it to the principal. The principal will make a copy of the response and submit it to the complainant.

**Step Three:** In the event that the complainant is not satisfied with the response, the principal will begin an investigation and will schedule another meeting with the complainant where the principal will explain the nature of the investigation and provide an approximate timeline for the investigation. At the conclusion of the investigation, the principal may schedule a meeting with the complainant, the respondent, and a Board designee. The Board designee will serve as mediator and attempt to resolve the conflict. Within five school days of the meeting, the Board designee will provide the complainant with a written response outlining his/her decision about the complainant's grievance.

### **C. Student Appeals Process**

If the complainant is still not satisfied with the result of the formal grievance process, he/she may appeal the decision within 30 days of receipt.

**Step One:** The complainant must direct all notifications of appeal to the attention of the superintendent. The student must provide reasons for the appeal and provide such justification on the Formal Grievance Form. Within 10 days of receiving the Formal Grievance Form, the superintendent will then review any documentation leading to this event, and present his/her response in writing to the complainant.

**Step Two:** If the complainant is not satisfied with the response of the superintendent he/she has five calendar days to submit a written request to the members of the School Board to schedule a grievance hearing. The Board will provide the complainant with at least two days notice of the grievance hearing. The complainant, parents/guardians, third party representative (if applicable), and the respondent are asked to be present at the hearing.

**Step Three:** The complainant or any party representing the complainant, as well as the opposing party, will be allowed to present a five-minute opening statement. Each side will then have no more than 30 minutes to present their position. Following the presentation of positions, each side will have no more than five minutes to present a closing statement. During any part of the presentation, each party may present the school Board with any copies of documentation to aid the Board in its review. It is required that each board member receive a copy of all materials presented.

**Step Four:** Upon the conclusion of the presentations, the School Board will convene privately to make a decision and verbally present the decision to the parties. Each party will also receive a written response from the School Board within 5 school days of the grievance hearing. Upon receiving the written response, the procedures of this policy will have been exhausted.

**This completes the School Board's formal grievance process.**

### **Section 6. Promulgation of policy and Related Procedures, Rules, and Forms**

This policy and any procedures, rules, and forms developed and approved to implement the policy will be published, disseminated, and made available to students, parents and legal guardians, and employees by such means and methods as are customarily used for such purposes including publication on the Tallassee City School's website.

## **DRUG POLICY FOR STUDENTS PARTICIPATING IN EXTRACURRICULAR ACTIVITIES AND FOR STUDENT ATHLETES**

### **I. POLICY STATEMENT**

For the purposes of this policy, Appendix A lists the extracurricular organizations that are subject to this policy and the drug testing program. This includes students in Grades 7 through 12. Participation in extracurricular activities is a privilege that can be taken away for failure to comply with this policy. The Board reserves the right to depart from this policy where it deems appropriate except where departure is specifically prohibited by law. Any extracurricular students who violate the *Code of Conduct* involving tobacco, alcohol, or drugs are also subject to this policy. The Board reserves the right to change the guidelines contained within this policy at any time. Students subject to this policy will be informed of any changes.

The Board expects all extracurricular students to remain tobacco, alcohol, and drug free, and it reserves the right to require all students who participate in extracurricular activities to submit to drug tests in order to assure these expectations.

Should a student test positive for a prescription drug for which he/she possesses a valid prescription in his/her name, the parent or guardian of that student will have an opportunity to give the Medical Review Officer (MRO) a copy of that prescription. The opportunity to provide the prescription will come after the positive urine test result has been released to the Board's Medical Review Officer (MRO), but before that information is released to the Board's Drug Testing Coordinator (DTC) who will be a representative of the Tallahassee City School System. A student taking over-the-counter drugs (in accordance with the directions/dosages that appear on the packages) or prescription drugs for which there is a valid prescription in the student's name will not be penalized for producing a positive test result if that positive result is for the prescription drug only.

This policy neither circumvents nor is intended to be used in place of Board Policy and School Rules pertaining to the use, possession, distribution of illegal or illicit substances as addressed in the Tallahassee City Schools' *Code of Conduct*. This policy and the *Code of Conduct* are to be construed *in pari materia*; in other words, they are construed in conjunction with one another and are not mutually exclusive.

### **II. ENFORCEMENT**

The Board has developed its student testing program to follow, as appropriate, the process of 49 CFR Part 40 and the Omnibus Transportation Employee Testing Act of 1991.

Pursuant to Board policy and regulations, students who participate in extracurricular activities, with appropriate student and/or parental consent, may be tested on any random schedule without advance notice. Failure to provide student and/or parental consent will render a student ineligible from any activity for the duration of the school year.

When Board officials (school employees) have reasonable suspicion to believe a student participating in extracurricular activities has violated its drug policy, they may require the student to undergo drug testing. Failure to submit to testing will result in suspension from activities and will render a student ineligible for the duration of a school year.

A student who has tested positive for tobacco, alcohol, and/or other drugs and who has had the positive test result confirmed by the Board's Medical Review Officer (MRO) will be governed by the consequences outlined in this policy. The student's, parent's or guardian's refusal to cooperate with the Board, with Board representatives, and/or with medical personnel during the course of collecting the clean and unadulterated sample, reporting information about the sample, or enforcing the penalties and required counseling associated with a positive sample shall result in immediate suspension from the sport or activity for the duration of the school year.

No student athlete testing positive, refusing to test, refusing to cooperate with testing or being in violation of this policy will be penalized academically. Information, including testing positive, will not be released to criminal or juvenile authorities unless under compulsion by valid state or federal laws.

### III. CONSEQUENCES OF POSITIVE DRUG TEST

Consequences for a positive drug test are as follows:

1. The student, student's parents, legal guardians or custodial adult, the principal, and the sponsor or coach shall be notified of the positive test.
2. Within 72 hours of notification of test results, the student's parents or legal guardians may request a re-test of a portion of the original sample taken from the student. (The original test splits the original urine sample into two portions. One of the portions is sent to the lab. It is this second portion, collected at the time of the initial portion, that a parent may request be re-tested.) Any such re-test shall be at the lab approved by the Board. The parent or guardian requesting a re-test shall pay the cost for any such re-test in advance. If the re-test produces a negative result, the parent or guardian will be reimbursed by the Board; and the student will be allowed to return to participation without penalty.
3. The student must complete a term of suspension as outlined below:

**1<sup>st</sup> Offense:** The student will be suspended from all extracurricular activities in which he/she is currently participating for approximately 25% of the total regular season's activities or for a six week period

**2<sup>nd</sup> Offense:** The student will be suspended from all extracurricular activities in which he/she is currently participating for approximately 50% of the total regular season's activities or for a six week period.

**3<sup>rd</sup> Offense:** The student will be suspended from all extracurricular activities for one calendar year from the date of notification by the DTC of the third positive test.

4. Suspensions will be assigned/governed as outlined below:

Suspensions will begin no earlier than the opening game/performance for that sport or activity and begin with the game/performance that follows the notification from the DTC. Specific suspension periods for various extra-curricular activities are set out in Appendix "A". In cases not specifically addressed by Appendix "A" (such as when an extracurricular activity is not specifically listed or when a suspension period stretches over two or more extra-curricular activity periods) the principal of the school the student attends shall impose the exact period of suspension in accordance with the spirit and general guidelines of these rules.

If the student participates in more than one sport or activity and both or all are in season at the time of the positive test and notification from the DTC, then that student will be suspended from both activities or all activities for the prescribed term.

If the student is not participating in any in-season sport or activity, he/she will serve a suspension no earlier than the opening game/performance of the next season in which he/she participates.

If a student who is penalized from an activity serves a portion of his/her penalty within one sport or activity but then reaches the end of all games, meetings, performances within that sport or activity, that student will roll over whatever percentage of his/her penalty remains into his/her next in-season sport or activity.

If a student who is penalized from a sport or activity serves a portion of his/her penalty within that sport or activity but then reaches the end of all games, meetings, performances within that sport or activity and does not belong to any other sport or activity through which he/she may complete the penalty, that student's remaining penalty will roll over to the first in-season activity or sport in which he/she participates in the next school year.

The penalties for First, Second, and Third Occurrences constitute a Board mandated minimum punishment. Coaches and Sponsors may not violate this policy by refusing to enforce its minimum penalties.

Once a student has tested positive, his/her name will be removed from the random pool of names and placed on a list of students who will be subject to testing every time drug testing is conducted for one calendar year.

All information, interviews, reports, statements, memoranda, and test results, whether written or otherwise, received by the Board through its drug, alcohol, and tobacco testing program are confidential communications and may not be disclosed, obtained in discovery, or otherwise disclosed in any public or private proceedings except in the following or FERPA procedures:

- A. As directed by the specific, written consent of the parent/guardian authorizing release of the information to an identified person.
- B. To a decision-maker in a lawsuit, grievance, or other proceeding initiated by or on behalf of the participating student.
- C. Information, including testing positive, will not be released to criminal or juvenile authorities unless the Board is compelled to do so under valid state or federal laws.

#### IV. PROCEDURES

1. The Board will conduct random, unannounced screening of students who participate in extracurricular activities by submitting their names to a screening pool. The student information in the pool will be updated periodically. Students who transfer into Tallassee City Schools and are participants in these activities will be entered into the pool upon admission.

#### 2. Test Day Checkouts, Check-Ins, or Absences

A student who is subject to random testing and is absent on the day of the random drug screening will not be penalized in any way should his/her name be on the random list for testing that day; however, his/her name will be included in the next screening.

A student who is subject to testing and is absent when the random drug screening process begins but checks in before the process is complete will be subject to a drug test at the time of check-in should his/her name be on the list of randomly generated names for that day.

A student who possesses a check-out note that was generated by his/her first period teacher in conjunction with a note from a parent or guardian and that specifies a time and date when a student should be permitted to check out will be permitted to check out at the predetermined time. Should his/her name be on the randomly generated list for testing on that day, he/she will not be penalized; however, his/her name will be included in the next screening.

A student who wishes to call his/her parent to come and check him/her out after the drug testing agency has come on campus will be penalized should his/her name be on the randomly generated list of students to be tested. Leaving campus without submitting to testing will be seen as a refusal to test, and the penalties will be the same as those penalties for a student who refuses to test.

All students who participate in extracurricular activities who undergo a counseling or rehabilitation program or who are suspended under the rules of the Code of Conduct for abuse of substances covered under this policy will be subject to unannounced testing for at least a twelve-month period. This portion of the policy refers to a student who has not tested positive under the guidelines of this policy but is seeking drug counseling, being served in a rehabilitation facility, or is being/has been punished for a violation of the *Code of Conduct* that involved a substance covered under this policy.)

3. The Board its lab shall rely, when practical, on the guidance of the Federal Department of Transportation Workplace Drug Testing Programs, 49 C.F.R. Parts 40.1 through 40.39, and on the further guidance of the Omnibus Transportation Employee Testing Act provided in 49 C.F.R. Parts 382, 391, 392, and 395.

4. Board will maintain a list of substances for which students may be screened. That list is subject to review and change without advance notice. This list may include, but not be limited to the following: alcohol, ecstasy (MDMA), marijuana, amphetamines, cannabinoids (marijuana and its derivatives), cocaine, opiates, anabolic steroids, tobacco, barbiturates, benzodiazepines, cocaine metabolites, LSD, marijuana metabolites, methadone, methaqualone, nicotine, phencyclidine, propoxyphene, inhalants, ketamine, gamma-hydroxybutyrate (GHB), gamma-butyrolactone (GBL), and rohypnol. Any illegal or illicit drug may be included on the list, and any student who is included in the screening pool is subject to being tested for all or any combination of drugs on the screening profile without advance notice.
5. The Board reserves the right to utilize blood, hair, breath, saliva, or urinalysis testing procedures. Random student drug testing will be done using methods and technologies generally accepted as reliable by the scientific community.
6. The Board will designate collection sites where individuals may provide specimens. Such designation will be determined by the Drug Testing Coordinator, subject to the review and approval of the Superintendent and the Board.
7. The Board and the approved laboratory are responsible for developing and maintaining a documented procedure for collecting, shipping and accessing specimens. A tamper-proof sealing system, identifying numbers, labels, and sealed shipping containers will be used for specimen transportation. The Board and the laboratory will utilize a standard Urine Custody and Control Form for all testing. The company and the laboratory will utilize a standard Breath Alcohol Testing Form for all student alcohol testing.
8. The testing agency will transmit by fax, mail, or computer, but not orally, the results of all tests to the Board's Medical Review Officer (MRO) who will be responsible for reviewing the test results. Prior to making a final decision and prior to contacting the Board's Drug Testing Coordinator (DTC), the MRO will notify the parent or guardian of a positive result and give the individual the opportunity to discuss the results.
9. After final review, the MRO will, promptly and in a confidential manner transmit to the DTC the name of any student who tests positive. After being informed of a positive test result, the DTC will schedule a conference between the student and his/her parents or guardians to discuss the test result and the consequences. If the parent/guardian refuses or delays the conference, penalties shall be imposed without such a conference.
10. All extracurricular students will be required to execute a Policy Consent/Release Form permitting the Board or its designee to release test results and related information to the school officials who need to know such as Board, Superintendent, School Principal, the coach or sponsor of the activity or activities from which the student is suspended. Refusal to execute a form will result in release from the activity as has been indicated in the Policy heretofore.

11. The MRO will retain the individual test results for five (5) years.

12. When there are observable circumstances which provide reasonable suspicion to believe a student who participates in extracurricular activities has used tobacco, alcohol, and/or other drugs, that student may be required to submit to drug testing at a Board approved laboratory. Determination that reasonable suspicion exists must be based on specific, contemporaneous, articulable observations concerning the appearance, behavior, speech or body odors of the student. The school official requiring testing shall complete and sign written documents explaining the circumstances and evidence upon which he/she relied within 24 hours of the testing, or before the results of the test are released, whichever is earlier.

Note:

In sports where there is all-day tournament, double-headers or all-day meets (any situation where more than one game or event occurs on a calendar day) that day will count as one play date.

A six-week suspension means that a student will not attend meetings or participate in any other activities of this organization whether those activities occur before, during, or after school.

Exception: The student will attend class if the activity coincides with a class, and he/she will be expected to participate in the activities of the class for a grade just as any other student would be expected to do. If the activity from which the student is suspended issues grades as the result of a performance, it is the responsibility of the student to work with the teacher and make other arrangements for the grade.

The number of games in the regular season is the number used to derive the penalty number. However, if a season extends and a student has not completed his/her penalty, tournament or other such games or play dates shall be used as penalty games or play dates.

**AMENDED: October 11, 2004**

Change the penalty for the first positive test of nicotine to be 10% suspension for the second offense to be 20%, the third to be 25% and the fourth offense to be one year. The penalty would be separate from any other drugs for which the student may have tested positive.

**Student Attendance/Early Warning Truancy Prevention Policy**

The Alabama compulsory attendance laws require children between the ages of 7-17 to attend school. The laws also state that parents or guardians having control over school- age children are responsible for the child's regular attendance and proper conduct. Parents and/or guardians must provide to the child's teacher and/or attendance officer an explanation of each absence.

To participate in extracurricular activities after school, students must have been in attendance at school that day.

### **Noncompliance Attendance (NCA)**

Any student absent twelve (12) or more days during a semester shall be subject to loss of credit for the semester's work. A student who has been retained or who has lost credit(s) because of noncompliance with attendance policies shall receive a notation of Noncompliance Attendance (NCA) on his report card and cumulative record for that semester or year. The principal shall make the determination of retention or loss of credit due to noncompliance with attendance policies (NCA). In such cases, a parent or guardian and/or student may request a hearing with the principal. This request must be in writing, dated and signed, within five days of the notification of the loss of credit. A written appeal for a hearing with the superintendent may be made within five (5) days following the ruling of the principal regarding the loss of credit or retention. Failure of parent or guardian and/or student to request a hearing shall be sufficient basis for sustaining the loss of credit or retention. Credit which is lost because of absences will be made up in the same manner as academic failures.

**Excused Absences**

1. Illness
2. Legal requirements
3. Emergencies or other circumstances which are approved by the principal
4. Absence for reasons other than those listed shall be considered as unexcused.

**Make-Up Work**

If a student is absent for any excused reason, the student should make arrangements with the teacher the day he/she returns to school to make up missed work.

**Check-Ins And Check-Outs**

Any student who arrives after school has begun must go to the office and check in. Students who have a valid need to leave school before the dismissal bell must be checked out through the office in accordance with school procedures. The principal has the responsibility of making decisions relating to checkouts.

**Withdrawal from School**

In accordance with state law, whenever a student 17 years of age or older withdraws from school, the school shall notify the Department of Public Safety of the withdrawal. Withdrawal shall be defined as more than 10 consecutive or 15 days total unexcused absences during a single semester.

**Early Warning Truancy Prevention Program**

In order to maintain an attendance level which allows students to benefit from the offerings of the schools, the **EARLY WARNING TRUANCY PREVENTION PROGRAM** implemented in the Tallassee City Schools since 1989-90 school years will remain in effect. The guidelines regarding school attendance are listed below:

Truancy Definition: A parent, guardian, or other person having charge of any child officially enrolled in Alabama public schools (K-12) shall explain in writing the cause of any and every absence of the child no later than three (3) school days following return to school. A failure to furnish such explanation shall be evidence of the child being truant each day he is absent. The child shall also be deemed truant for any absence determined by the principal to be unexcused based upon the State Department of Education's current School Attendance Manual. Seven (7) unexcused absences within a school year constitute a student being truant for the purpose of filing a petition with the Court. The Interagency Committee on Youth Truancy Task Force recommendations known as the Early Truancy Prevention Program timeline for reporting truancy shall define the truancy status of any student as follows.

1. **FIRST TRUANCY/UNEXCUSED ABSENCE (WARNING)**
  - a. Parent/guardian shall be notified by the school principal or his/her designee that the student was truant and the date of the truancy.

- b. Parent/guardian shall also be provided with a copy of Alabama’s compulsory school attendance laws and advised of the penalties that can be applied and the procedures that shall be followed in the event other unexcused absences occur.

2. NO EARLIER THAN THE FIFTH UNEXCUSED ABSENCE (CONFERENCE)

- a. The parent, guardian, or person having control of the child shall (1) attend a conference with the attendance officer and the principal or his/her designee and/or (2) participate in the early warning program provided by the juvenile court.
- b. Attendance at one of these conferences shall be mandatory except where prior arrangements have been made or an emergency exists.
  - c. Failure to appear at the school conference and/or appear at the early warning program shall result in the filing of a complaint/petition **against the parent under the Code of Alabama (1975), §16-28-12© (failure to cooperate), or a truancy against the child, whichever is appropriate.**

3. NO EARLIER THAN SEVENTH UNEXCUSED ABSENCE, BUT WITHIN TEN (10) SCHOOL DAYS (COURT)

- a. File complaint/petition against the child and/or parent/guardian, **if appropriate.**

4. CHILD UNDER PROBATION

- a. The school attendance officer should be notified by the juvenile probation officer of all children in the school system under probation supervision by the juvenile court as consistent with state statute, Code of Alabama (1975), §12-15-100 and 105.
- b. Where a child under probation is truant, the school attendance officer should immediately notify the juvenile probation officer.

Underlined information contains recommendations from the State Superintendent of Education Advisory Committee; excerpted from recommended Policies and Procedures for Court/School Truancy Prevention Programs.

Note: The Attendance Supervisor will use his/her discretion in reporting to Juvenile Court students who are absent and can provide a signed excuse from appropriate medical personnel.

**ESSA (Every Student Succeeds Act)—Parents’ Right-to-Know**

In compliance with the federal law, it is our responsibility at the beginning of each school year to notify parents of each student attending any school receiving funds under this part (Title I, Part A) that the parents may request, and the agency will provide the parents on request (and in a timely manner), information regarding the professional qualifications of the student’s classroom teachers, including, at a minimum, the following:

- 1. Whether the teacher has met State qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction.

2. Whether the teacher is teaching under emergency or other provisional status through which State qualification or licensing criteria have been waived.

3. The baccalaureate degree major of the teacher and any other graduate certification or degree held by the teacher, and the field of discipline of the certification or degree.
4. Whether the child is provided services by paraprofessionals and, if so, their qualifications.

A school that receives funds under this part shall provide to each individual parent:

1. Information on the level of achievement of the parent's child in each of the State academic assessments as required under this part; and

If you have questions or need further assistance, or if you wish to receive the above mentioned information, parents may contact the Board of Education Office at (334) 283-6864.

### **Special Services**

The Special Services Department of the Tallassee City Schools System promotes opportunities for students served under the mandates of the Individuals with Disabilities Education Improvement Act 2004 ([IDEA/Special Education](#)), Gifted, English as a Second Language (ESL) and/or English Learners (EL), [Migrant Education](#), Homeless & Students in Foster Care, and Section 504 to fully participate in all appropriate educational activities in order to become productive citizens. The Special Services Department provides supportive leadership to parents, local school administrators, and teachers in their efforts to ensure a free and appropriate public education to all students. You may contact the Special Education/504 Coordinator, Dr. Brock Nolin, at 334-283-5675 if you have any questions/concerns about special student services or if you would like to make a referral.

#### **Child Find Notice**

Tallassee City Schools is in the continuous process of identifying and locating children in need of special education services. If you think your child may be in need of such services, contact your child's teacher or the school principal to request an evaluation for special education services.

The Special Services Department promotes opportunities for students with disabilities to participate in educational activities designed to facilitate maximum student achievement. A full range of services, meeting the needs of all identified disabled students (Pre-K – 12), is offered in all schools in the Tallassee City School System.

#### **Problem Solving Team**

Each school in the Tallassee City School System has a school-based team composed of teachers and administrators who help guide general education intervention services for all students who have academic or behavior difficulties. To receive further information on how to access the services provided by the Problem Solving Team contact a counselor or the principal at the school the student attends.

**Gifted Education**

Tallassee City Schools complies with Alabama Act 106 and the Alabama Administrative Code (AAC) that mandates school systems identify and serve gifted students. Intellectually gifted children and youth are those who perform or have demonstrated the potential to perform or have demonstrated the potential to perform a thigh levels in academic or creative fields when compared with others of their age, experience, or environment. These children and youth require services not ordinarily provided by the regular school program. Children and youth possessing these abilities can be found in all populations, across all economic strata, and in all areas of human endeavor.

A student may be referred for consideration for gifted services by teachers, counselors, administrators, parents or guardians, peer, self, and other individuals with knowledge of the student's abilities. Additionally, all second grade students will be observed as potential gifted referrals using a gifted behavior checklist provided by the State Department of Education.

For each student referred, information is gathered in the areas of Aptitude, Characteristics, and Performance. The information is entered on a matrix where points are assigned according to established criteria. The total number of points earned determines if the student qualifies for gifted services.

To make a referral, contact the Gifted Program Director, Dr. Brock Nolin at (334) 283-5675.

**ESL, Homeless, Migratory, Students in Foster Care**

Section 3001 of Title III of the ESSA 2015 and the Stewart B McKinney-Vento Homeless Assistance Act, for serving students who are homeless, migratory, limited-English proficient (LEP) and immigrant students, children in foster care, requires that children must have equal access to the same free appropriate public education, provided to other children and youth. Such children will be provided the opportunity to meet the same challenging state content and state student performance standards to which all students are held, without being stigmatized or isolated. Tallassee City Schools identifies all language-minority students and provides them with academic or social support through accommodations in the regular education program and assistance with the acquisition of English language skills. For inquiries call Dr. Brock Nolin at (334) 283-5675.

**Section 504 Services**

Section 504 of the Rehabilitation Act of 1973 prohibits discrimination on the basis of disability and requires that appropriate educational services (accommodations) are provided to qualified students. Tallassee City Schools provides accommodations in the educational setting that do not alter the content of the curriculum or level of expectation for a student with a disability but allows the student to access the general education curriculum in order to participate in public education programs and activities. You may contact the 504 Coordinator, Dr. Brock Nolin, at 334-283-5675 if you have any questions/concerns about services or if you would like to make a referral.

## **MEDICATIONS AT SCHOOL**

Whenever possible, medication should be given at home by the parent/guardian prior to coming to school. If it is necessary for medication to be administered by school personnel, the following guidelines will apply:

1. Medication to be administered during school should be brought to school by the parent in the original container. The following information should be included on the container: Student's name, physician's name, the date of the prescription, the name/dosage/route/strength of the medication, the time interval, and the medication's expiration date.
2. A signed "School Medication Prescriber/Parent Authorization Form" must accompany all medications (including over-the-counter) to be given at school.
3. All medication will be kept by the school nurse or in an area designated by the school nurse.
4. Students may not possess any type of medication (including over-the-counter pain relievers) on campus unless a doctor's prescription is provided. Note: Asthma inhalers and EpiPens can be carried and self-administered if so ordered by a doctor.
5. No medications will be held over at the end of the school year. Unclaimed and/or unused medications will be destroyed by the school nurse.

A copy of the "Medication Administration Policy" can be obtained from the school nurse.

Neighborhood Children’s Internet Protection Act, and the Protecting Children in the 21<sup>st</sup> Century Act.

Procedures for the disabling or otherwise modifying any technology protection measures shall be the responsibility of the Administrators on each school campus or their designated representatives.

Each school will provide age appropriate training for students who use the school’s internet facilities. The training provided will be designed to promote Tallassee City Schools’ commitment to:

### **General Rules Regarding Computer/Internet Use**

We expect you to have consideration for the personal and material rights of others. Tallassee City Schools views information as a form of property, and electronic mail (E- mail) as a form of speech. Taking advantage of a student who inadvertently leaves a computer without logging out is no different from entering an unlocked room and stealing, reading a personal letter, or destroying their property.

Tallassee City Schools treats electronic mail similar to ordinary paper mail. We respect the privacy of E-mail messages – both for students and faculty. As a matter of manners, one should not share an E-mail message with a wider audience unless the author has agreed. Similarly, the contents of one’s files on the

network will be considered private. Tallassee City Schools reserves the right to inspect user directories and/or e-mail. “Junk mail” or other nuisance electronic mail should be deleted and not re-sent to other members of the Tallassee City Schools community.

Tallassee City Schools’ students and faculty will be granted full or supervised access to the Internet, including E-mail and the ability to access computers at other locations. When using the Internet through the Tallassee City Schools connection, you are a representative of Tallassee City Schools. In that role, you must comport yourself in a way that is not hurtful to others or their property.

### **School Web Page Group Picture**

The Tallassee City Board of Education has established guidelines for appropriate use of school web pages. One important guideline is that no individual pictures of students are allowed, in order to protect the identity of your child. Pictures are acceptable, but students are not to be personally identified in any way. This will be done only with parent permission. To allow your child to be in group pictures displayed on our school website, you must complete and return the Tallassee City Technology Agreement. If you have any questions you can either call your school principal or the Tallassee City Schools System’s technology coordinator at 283-6864.

### **Use of Digital Device During the Administration of a Secure Test**

The possession of a digital device (including but not limited to cell phones, MP3 players, cameras, or other telecommunication devices capable of capturing or relaying information) is strictly prohibited during the administration of a secure test. If a student is observed in possession of a digital device during the administration of a secure test, the device will be confiscated.

If a student is observed using a digital device during the administration of a secure test, testing for the student will cease, the device will be confiscated and is subject to search, the student will be dismissed from testing, and the student’s test will be invalidated.

Local education agency (LEA) personnel will make all students, parents, and/or guardians aware of this prohibition through inclusion of this policy in the Student Code of Conduct Handbook and other regularly used modes of communication

### **Guidelines for the Search of Digital Device Seized During the Administration of a Secure Test**

1. Assuming that a student is observed in the possession of or use of a digital device during the administration of a secure test, the device will be confiscated by the test administrator. “Smart phones” should temporarily be turned off to prevent any remote-access data-wipe.
2. The test administrator should deliver the device as soon as practicable to a school administrator.
3. A “chain of custody” list should be kept to record everyone who had possession of the device and when the device was transferred to someone else. The device should be stored by the school administrator in a secure location until the next step is taken.
4. For the purposes of determining whether a search of a digital device should take place, the school administrator should:
  - i. Learn the facts regarding the seizure of the device from the test administrator, and, ii. Determine whether it is reasonable under all the circumstances to believe that the student could have been using the device to cheat or for some other unpermitted purpose.

5. If the school administrator determines that the student was merely in possession of the digital device then it may be returned to the student in accordance with the school system's policy.
6. If the school administrator believes that it is reasonable to suspect that the student was using the device for an impermissible purpose then he or she may search the device, limiting the search to only what is necessary to reasonable determine whether the student was cheating, copying secure test information, or violating a school rule. The school administrator should follow the local policy requirements regarding the search of student property.
7. If no wrongful activity is discovered on the device then it may be returned to the student in accordance with the school system's policy.
8. If wrongful activity is discovered on the device regarding the test at issue or if other wrongful activity is inadvertently discovered on the phone, then the school administrator should secure the device in accordance with the school system's policy and notify the system test coordinator, school system attorney, or local superintendent as appropriate.
9. Following a search in which wrongful activity is discovered, and when the device is a "smart phone," the device should be turned off after the search to prevent a potential remote-access data-wipe.
10. Any disciplinary actions should be taken in accordance with the school system's disciplinary policy.
11. Test irregularity reports should be completed in accordance with the Alabama State Department of Education's student assessment handbook.
12. In any situation involving the search and seizure of a student's property, a school administrator should consult with his or her supervisor in accordance with the school system's policy.

## **Tallassee City Technology Agreement**

In order to make sure that all members of the Tallassee City Schools community understand and agree to these rules of conduct, all students must sign if they intend to use technology at the schools. This agreement must be signed on an annual basis. Technology use is not allowed by any member of the Tallassee City Schools community without agreeing to these basic standards of acceptable technology use.

I, \_\_\_\_\_(print name), have read and understand the school rules as they apply to the **Tallassee City Network**. **PARENTS PLEASE READ THE  
FOLLOWING  
INFORMATION CAREFULLY**

The Juvenile Court System and the Tallassee City Board of Education realize this letter will not be necessary for all parents. Most parents/guardians make a great sacrifice to see that their child is in school every day and conduct themselves properly, but we have the responsibility to make every effort to protect all children and enforce the law. Therefore we feel we must share the following legislation with all parents/guardians to have an effective truancy prevention program.

**Section 16-28-3 of the Code of Alabama, 1975, provides in part that:**

“Every child between the ages of seven and seventeen years shall be required to attend public, private, or church school, or be instructed by a competent private tutor for the entire length of the school term in every scholastic year...”

**Section 16-28-12 of the Code of Alabama, 1975, requires that:**

“Any parent/guardian who enrolls a student in school be responsible for the students’ regular attendance and proper conduct. Also, parent/guardian who fails to compel each child to regularly attend and to properly conduct himself as a pupil, shall be guilty of a misdemeanor and, upon conviction, shall be fined not more than \$100.00 and may also be sentenced to hard labor for the county for not more than 90 days.

If you have any questions with this policy, please feel free to contact the Attendance Officer at the Tallassee City Board of Education, 283-6864.
