## STUDY SKILLS... SAY WHAT?

Studying for a test can be daunting for young kids, and many educators assume parents will help their kids during the grade school years. Introducing your child to study skills now will pay off with good learning habits throughout life.

Be sure to know when a test is scheduled so you can help your child study ahead of time rather than just the night before. You also might need to remind your child to bring home the right study materials, such as notes, study guides, or books.

Break down overall tasks into smaller, manageable chunks so preparing for a test isn't overwhelming. Taking a break after a 45-minute study period is an important way to help kids process and remember information.

**Please try to make sure your kids are on time for school. Classes start at 8:10 am. Also, teachers still have class up until 3:00. If you can please wait in the car rider line to pick your students up at the end of the day.**

*All of the donations for Elm Grove Elementary school in Texas were delivered. It was over 800 lbs of school supplies. Once again our cougar support came through!!!*

## Battle for Brynn

**Thank you for all your support. The elementary raised \$600.09 for Brynn and her family. Coach Behler was the winner of the pie in the face! The district raised more than \$5000! Way to go Cougars!!!**

The CRE newsletter will now be added to the website and app. Go to 'menu', 'documents', 'newsletters', 'CRE Newsletter'.
