Plans will be modified as public health guidelines are updated.
The Dollarway School District is diligently working to ensure that our staff and students have a safe and enriching educational experience for the 2020-2021 school year. We continue to closely monitor all guidance from the Arkansas Department of Health and the Division of Elementary and Secondary Education. While there is still much uncertainty related to the COVID-19 pandemic situation, we (staff and students) are planning to return to school on **August 25th**. Changing back and forth between instructional delivery systems can be difficult for students, and is discouraged. To make a change, families will need to communicate with the building counselor and follow the procedures for changing their student’s placement.

The following health and safety guidance has been recommended by the Arkansas Department of Health for the reopening of schools based on current information and will be updated as the situation changes.

### HEALTH SCREENING & PROTOCOLS

#### Screening

The district is committed to maintaining the health and safety of all students and staff. It is our commitment to put protocols in place that will limit the spread of COVID-19, while maintaining an educational environment that is nurturing and values the continuing education of our students.

- **STUDENT SCREENING:** Parents should check their child’s temperature each morning for signs of illness. If the child has a temperature of 100.4 degrees or higher, they should not go to school. Make sure your child does not have a sore throat or other signs of illness, like a cough, diarrhea, severe headache, vomiting, or body aches.

- **STAFF SCREENING:** Staff will be expected to screen daily prior to coming to work. Any staff member who has a fever, or symptoms of COVID-19 such as sore throat or other signs of illness, like a cough, diarrhea, severe headache, vomiting, or body aches will need to remain at home.

#### Confirmed COVID-19 Case & Isolation Protocol

- If a student is diagnosed with COVID-19, they should notify the school immediately and begin the isolation period.
- Employees who test positive for COVID-19 should contact their direct supervisor. A list of Probable Close Contacts will be compiled and provided to the Arkansas Department of Health. *Probable Close Contact is defined as an individual who was likely to have been within 6 feet for 15 cumulative minutes or longer within a 24 hour period to a person who has tested positive for COVID-19.* Probable Close Contacts will be notified by the Arkansas Department of Health and complete a 14-day quarantine if they are as a confirmed close contact.

**Arkansas Children’s Hospital Hotline:** 1-800-743-3616  
**MAIN COVID-19 Hotline:** 1-800-803-7847

The district will collaborate closely with the Arkansas Department of Health and adhere to strict guidelines for following the protocol for confirmed cases and determining probable close contacts.
Throughout the Day...

The district is committed to providing a safe and clean environment. The building custodial staff will clean and disinfect workspaces at designated cleaning times; however, employees and students are encouraged to assist in maintaining their own personal workspace as needed, giving special attention to commonly touched surfaces. The district has provided alcohol-based hand sanitizer throughout the workplace and in common areas. Cleaning sprays and wipes will be available to clean and disinfect frequently touched objects and surfaces such as telephones and keyboards.

Taking personal responsibility is a key character trait. The district will use this opportunity to teach personal responsibility for cleaning and sanitizing one’s work space throughout the day with students. Together, we are stronger and can keep each other safe by encouraging handwashing, wiping work surfaces, wearing our face coverings, and practicing physical distancing.

Facilities

Schools and buses have been completely cleaned and disinfected this summer. The district’s staff will adhere to the general disinfection measures outlined by the state and district. All employees will be responsible for maintaining their space. At the end of each day, custodial staff will follow daily disinfecting and cleaning guidance.

Additionally…
- All students, staff, parents, and visitors will be screened upon entry.
- Staff and Students are required to wear a face mask or covering. The district will provide 5 per staff/student.
- Parents and visitors will have limited access to the school campus.
- Arrival and Dismissal times may vary depending upon grade level and campus.

Deep cleaning and disinfecting protocols are initiated when an employee or student is identified as positive for COVID-19 based on testing. General disinfection measures will be taken with additional measures to electrostatically fog affected spaces with disinfecting equipment/chemicals will be performed after students and staff have left the building.

Transportation

School buses have been completely cleaned and disinfected this summer. The district will continue to provide bus transportation to students who elect to ride the bus for the F2F instructional option.

Additionally…
- Students will be screened on the bus.
- All students and bus drivers will be required to wear a face covering. The district will provide face coverings, if needed.
- Siblings or students who live together may be assigned to sit together.
- Students are required to wear a face covering and physically distance when possible while at the bus stop.
Learning Options

**Blended Learning Environment**

(On-site)

- **Location**
  - On-site assigned campus

- **Teacher**
  - Dollarway School District Teachers

- **Student Expectations**
  - Attend school daily
  - Follow social distancing guidelines and adhere to seating charts
  - Participate in blended learning using Edgenuity Learning Management System
  - Complete formative and summative assessments
  - Transition to virtual learning when required by the Dollarway School District (DSD), AR Department of Health (ADH), Center for Disease Control (CDC), and the AR Division of Elementary and Secondary Education (DESE).
  - Wear a face-covering or mask covering the nose and mouth (see "How to Safely Wear and Take Off a Face-covering").
  - Make efforts to limit social interaction as required by ADH directives.

**Virtual Learning Environment**

(Online)

- **Location**
  - Students remain a part of their assigned campus but participate virtually

- **Teacher**
  - Dollarway School District Teachers

- **Student Expectations**
  - Engage appropriately in learning
  - Demonstrate satisfactory progress in meeting learning goals
  - Access digital content and assignments through Edgenuity Learning Management System
  - Complete online formative and summative assessments as required.
  - Complete all assignments and assessments by due dates.
  - While virtual students will have some flexibility to work at their own pace within specific parameters, they must ensure they stay on track to complete all assignments by the end of the semester.
