Self-Control

Dear Parents/ Guardians,

With Covid-19 cases on the rise and flu season quickly approaching, it is vital that we protect ourselves this winter. The combination of the two viruses can be devastating; we can do the one thing that has proven to lessen the severity of respiratory symptoms. Get the flu shot!!

In partnership with Lincoln Health and the Family Care Center, Influenza vaccinations will be offered to BRES and BRHS students this **October (date to be determined)**. This will be a one-day flu clinic.

Flyers with more information and permission sheets are coming home today!
If you would like to have your student receive the flu vaccine at school we must have your permission slip returned to the school nurse no later than Friday, October 9th.

- Please read the vaccination information sheets attached to this letter.
- If you would like your child to receive the influenza vaccination, please complete the Health Screen & Permission Form and return it to the school no later than **October 9th**. This form must be filled out completely or we will be unable to give your student the immunization at school.
- There is no charge to you for the flu shot for a student under the age of 18. For a student 18 years or older a charge may be incurred if not covered by insurance.
- This will be the **only day** flu shots are offered at the school.
