A. Meeting called to order

B. Public Hearing

1. Public Notice of Intent to use CMAR Alternative Project Delivery Method

Public Notice of Intent to Use CMAR Alternative Project Delivery Method

Unified School District No. 410, Durham – Hillsboro – Lehigh, intends to use an alternative project delivery method called Construction Manager At-Risk (CMAR) for construction services for a potential future facilities bond referendum. Services to be requested will include pre-construction services during the potential bond campaign and, should the bond referendum be successful, post-bond referendum services. The potential scope and value of the projects which may be included in the potential bond referendum has yet to be determined but is anticipated to include work at both school campuses and the district office.

The USD 410 Board of Education will hear public comment regarding this intent to use the CMAR alternative project delivery method at a formal hearing it will hold on Monday, January 23, 2023, at 11:00 AM, at the USD 410 District Office at 416 South Date, in Hillsboro, Kansas.

➤ ***Recommended Action***

Open public hearing in reference to use CMAR alternative Project Delivery Method

Close public hearing after hearing comments.

C. Discussion/Action Items

1. CMAR Alternative Project Delivery method

➤ ***Recommended Action***

Motion to approve CMAR Alternative Project Delivery method for a potential future facilities bond referendum. Services to be requested will include pre-construction services during the potential bond campaign and, should the bond referendum be successful, post-bond referendum services.
