Section 2. Your Rights

All of your rights discussed below may be initiated by your written request to Health Plan, directed to the person and at the address indicated in Section 5 below. Health Plan may require your completion of an applicable form for each request.

Right to Request Restrictions on PHI and Disclosures

You may request that Health Plan restrict Uses and Disclosures of your PHI other than as set forth above. However, Health Plan is not required to agree to your request unless the request is to Health Plan to restrict the Disclosure for purposes of carrying out Payment or Health Care Operations and is not otherwise required by law and the PHI pertains solely to a health care item or service for which the health care provider involved has been paid out of pocket in full.

Right to Receive Confidential Communications

Health Plan will accommodate reasonable requests to receive communications of PHI by alternative means or at alternative locations if you clearly state that Disclosure of all or part of your PHI could endanger you.

Right to Access and Copy PHI

You have the right to access and obtain a copy of your PHI contained in a Designated Record Set, subject to certain exceptions, for as long as Health Plan maintains the PHI. The requested information will be provided to you as soon as reasonably possible, but no later than thirty (30) days after your request, unless Health Plan provides a written statement of the reasons for delay and the date by which it will provide the requested information, in no event more than thirty (30) additional days. If access is denied, you or your personal representative will be provided with a written denial explaining the basis for the denial, a description of how you may exercise review rights and a description of how you may complain to the Secretary of the U.S. Department of Health and Human Services.

Health Plan does not use or maintain electronic health records, which are defined as "an electronic record of health-related information on an [i]ndividual that is created, gathered,

managed, and consulted by authorized health care clinicians and staff” with respect to Individuals’ PHI. However, if Health Plan were to do so, and you request to access your PHI in a Designated Record Set, then you have the right to receive a copy of such PHI in an electronic format or to have Health Plan (or its Business Associate, if appropriate) transmit such copy to any person or entity that you designate, provided that your choice is clear, conspicuous, and specific. Health Plan may charge you a reasonable, cost-based fee for providing such copy.

Right to Amend PHI

You have the right to request that Health Plan amend your PHI or a record about you in a Designated Record Set, subject to certain exceptions, for as long as the PHI is maintained in the Designated Record Set.

“Designated Record Set” includes the medical records and billing records about Individuals maintained by or for a covered health care provider; enrollment, payment, billing, claims adjudication and case or medical management record systems maintained by or for Health Plan; or other information used in whole or in part by or for Health Plan to make decisions about Individuals.

Health Plan will act on your request as soon as reasonably possible, but no later than sixty (60) days after your request. If the request is denied, in whole or in part, Health Plan must provide you with a written denial explaining the basis for the denial, a description of how you may exercise review rights and a description of how you may complain to the Secretary of the U.S. Department of Health and Human Services. You or your personal representative may submit to Health Plan a written statement disagreeing with the denial or require that your request and the denial be provided with any further Disclosures of your PHI.

You have the right to receive an accounting of Disclosures by Health Plan of your PHI during the six (6) years prior to the date of your request. The form and substance of the accounting to be given you will be in accordance with legal requirements. If you request more than one accounting within a 12-month period, Health Plan will charge a reasonable, cost-based fee for each accounting after the first one.

A Note About Personal Representatives

- a notarized power of attorney;
- a court order of appointment of the person as the conservator or guardian of the Individual; or

Health Plan retains discretion to deny access to your PHI to a personal representative if there are any safety concerns.

Section 3. Health Plan’s Duties

Privacy Notice

Health Plan is required by law to maintain the privacy of PHI, to provide participants with notice of its legal duties and privacy practices with respect to PHI, and to notify affected Individuals following a Breach of Unsecured PHI. This Notice is effective beginning October 14, 2020 and Health Plan is required to comply with the terms of this Notice. However, Health Plan reserves the right to change its privacy practices and the terms of this Notice, and to apply any such change to and make the new notice provisions effective for all PHI that Health Plan maintains, including any received or maintained by Health Plan prior to the date of such change. If there is a material change to this Notice, Health Plan will comply with the following notice requirements, as applicable:

- Health Plan shall prominently post the change or a revised Notice of Privacy Practices on any website it maintains by the effective date of the material change to the Notice of Privacy Practices, and include the revised Notice of Privacy Practices, or information about the material change and how to obtain the revised Notice of Privacy Practices, in its next annual mailing to Individuals covered by Health Plan.
- Health Plan shall provide the revised Notice of Privacy Practices, or information about the material change and how to obtain the revised Notice of Privacy Practices, to Individuals covered by Health Plan within sixty days of the material change to the Notice of Privacy Practices. Health Plan may distribute the revised Notice of Privacy Practices, or information about the material change and how to obtain the revised Notice of Privacy Practices, by inter-office or regular mail or hand delivery, but not by email or by leaving it in a central area for pick up.

Minimum Necessary Standard

When Using or Disclosing PHI or when requesting PHI from another Covered Entity, Health Plan will limit the Use, Disclosure or request to a “limited data set” to the extent practicable or, if needed, will limit the Use, Disclose or request to the minimum amount of PHI necessary to accomplish its intended purpose(s). For purposes of compliance with HIPAA, a “limited data set” is PHI that excludes your direct identifiers (listed in 45 CFR §164.514(e)(2)) or those of relatives, employers, or household members.

The minimum necessary standard will not apply in the following situations:

- Disclosure to or requests by a health care provider for Treatment;
- Uses or Disclosures made to you;
- Uses or Disclosures made pursuant to your authorization;
- Disclosures made to the Secretary of the U.S. Department of Health and Human Services;

- Uses or Disclosures that are required for Health Plan's compliance with legal regulations.

This Notice does not apply to information that has been de-identified. "De-identified information" is information that does not identify an Individual and with respect to which there is no reasonable basis to believe that the information can be used to identify an Individual.

Breach

If you are affected in the event that Health Plan or a Business Associate of Health Plan has a Breach of Unsecured PHI, Health Plan must notify you by regular mail without unreasonable delay and in no case later than sixty (60) days after discovering the Breach. If you are one of more than five hundred (500) residents of a State or jurisdiction whose Unsecured PHI is, or is reasonably believed to have been, accessed, acquired, Used or Disclosed as a result of a Breach, then Health Plan must notify you, the Secretary and prominent local media outlets in your State or jurisdiction of the Breach.

"*Breach*" means the acquisition, access, Use, or Disclosure of PHI in a manner not permitted under HIPAA's privacy rules, which compromises the security, or privacy of the PHI.

"*Unsecured PHI*" is PHI that is not rendered unusable, unreadable, or indecipherable to unauthorized persons through encryption, destruction or other methodologies that may be approved by the Secretary.

Exceptions to Breach

- Any unintentional acquisition, access, or Use of PHI by a workforce member or person acting under the authority of Health Plan or Business Associate of Health Plan, if such acquisition, access, or Use was made in good faith and within the scope of authority and does not result in further Use or Disclosure in a manner not permitted by HIPAA.
- Any inadvertent Disclosure by a person who is authorized to access PHI at Health Plan or Business Associate of Health Plan to another person authorized to access PHI within Health Plan or the same Business Associate of Health Plan, or organized health care arrangement in which Health Plan participates, and the information received as a result of such Disclosure is not further Used or Disclosed in a manner not permitted by HIPAA.

- A Disclosure of PHI where Health Plan or Business Associate of Health Plan has a good faith belief that an unauthorized person to whom the Disclosure was made would not reasonably have been able to retain such information.
