
LINTON PUBLIC SCHOOL

RESPONDING TO THE “COVID SLIDE”

Linton School is pleased to offer structured academic tutoring before and after school to support any students in grades 6-12. Many educators across the country are dubbing the potential academic regression during this global pandemic the “COVID SLIDE”. This opportunity can be utilized for help in homework completion, individual tutoring time, or small group academic support.

Tutoring is available Monday-Friday on days when school is in session. The morning tutoring schedule is from 7:30-8:25 AM. Afternoon tutoring sessions is from 3:30-4:30 PM. No appointment is necessary, and the teacher tutor schedule is posted near both school offices.

In the elementary we have structured additional support for our students beginning next week during the school day.
