

WHAT WE OFFER

1. Participation in Forums

Forum is a confidential small group of 6-10 peers (like a Mastermind group, but better). Forums typically meet once a month to work through the Top 5% and Bottom 5% of your lives. It's a mix of personal and professional development that has been utilized for over 40 years in other industries. The structure of the meeting pulls out meaningful discoveries by utilizing experience sharing vs. advice giving.

2. Forum Training

Included in your membership price is Forum training provided by the top trainers in the world for peer groups. This virtual instructional workshop will ensure you have a solid foundation and understanding in Forum process and protocols to enjoy a successful Forum journey. You must complete this training before joining a Forum to understand the protocols of participating in an effective Forum meeting.

3. Exclusive Learning Opportunities

Gain access to the world class speakers and training schedule in a private setting. Join to interact with thought-leading speakers or watch later using our on-demand feature. We build out an annual learning calendar focused specifically on the needs of School Leaders.

4. 24-hour Access to the Private Online Peer Community

Once you join, you are now part of an exclusive group that shares your values of learning, growing, and leading your best life. You'll be able to interact with other School Leaders in a confidential manner - whenever you need.

THE EXCLUSIVE
**PEER
NETWORK**
FOR SCHOOL LEADERS

WHY ELO?

Imagine a peer organization that helps you achieve your full potential in your career and personal life through life-enhancing connections, shared experiences and collaborative learning. We have a simple mission, Improve Education. The most effective way to improve education is to improve the quality of leadership within the schools. Organizations will only go as far as the leaders that take them. That is why ELO exists. We know that you, as School Leaders, face many unique challenges. But you don't have to face it alone.

"After a year of being in ELO with my peer network, I have grown as a professional and as a person. The collaboration and honest conversations are helping me look intrinsically to grow in areas I need to improve. I truly can't imagine going through next school year without the support of my ELO."

Jim Saxer

Superintendent
Dalton Local Schools, OH

FREQUENTLY ASKED QUESTIONS

What role do you need to have to become a member of ELO?

We are currently enrolling 3 different peer tracks of K-12 school leaders. After registration, you'll be asked to join one of these:

- 1) Superintendent or the top position of private or charter schools
- 2) Leaders on the Rise for district leaders such as Assistant Superintendents, Curriculum Directors, etc.
- 3) School Principals

What types of educational opportunities are available?

The primary growth opportunity is the participation of Forum. This confidential setting of your peers is the top rated benefit of ELO and has lifechanging effects. After the initial training, the Forums become member led and typically meet on a monthly basis with additional training support available as needed.

Beyond Forum, the learning calendar is led by the Learning Chair of the Board each year. Being member driven, the learning opportunities are based on what is most impactful. It is a mix of profession and personal development, with a focus beyond the normal speakers/topics that you would find at other educational conferences. For example, we go beyond the walls of the education sector and find unique topics and

guests to focus on leadership and personal fulfillment. The learning opportunities are virtual and exclusive to ELO, so there is built in time to interact with the speaker for Q&A and real-world discussions. The events are also recorded and available on-demand.

How long does my membership last?

Membership is for 12 months based on your registration date.

Is there discounted pricing for multiple members from my district?

If you plan to have more than 5 members of your staff participate in ELO, please reach out to us for group discounts.

How is this different from other organizations?

Most education organizations and associations have a focus on professional development and advocacy. ELO is all about helping you, the leader, become the best version of yourself in all aspects of your life through proven practices in other industry peer groups.

Can I use district funds to pay for my membership?

Most members use district funds or professional development money to pay for their membership. However, we try to keep the costs low to allow school leaders to pay for it out of pocket.
