

SACS Thursday Bulletin

October 8, 2020

Note from the Nurse:

This is just a reminder that our Annual PreK-12 Flu Shot Clinic will be held next Friday, October 16th, starting approximately 7:30 a.m. Permission forms were sent home with all PreK-12 students on September 14th. The flu shot can help prevent Influenza and its spread, and this is especially important during the COVID-19 pandemic. It is important to help protect yourself/prevent other illnesses that could weaken the immune system and make you more susceptible to other illnesses/disease. Please have your child check in with the school health office if he/she did not get a form and you would like him/her to have the flu shot. Thanks so much. Kathy Chamberland, R.N., B.S.N., School Nurse

Conferences

Conferences are scheduled for today, Thursday, October 8th, 3-7 pm and tomorrow, October 9th, 8-11 am. Conference times, needed devices and information have been sent home by teachers. If you struggle with signing into the Google Meet, you can call the elementary office or your child's teacher for assistance. 757-8206

Mock Election

Mrs. Clark and her 4th grade students will be conducting the State of Maine Official Mock Election on October 21st. The 4th graders will be ballot clerks, and grades 2-5 will have the opportunity to vote.

Cherrydale Fundraiser

The Cherrydale fundraiser starts today. Packets were sent home today. This fundraiser has ordering happening online, and orders will be shipped directly to homes.

Reminder for End-of-Day Pickups of Elementary Students

For the safety of all our elementary students, we ask that all traffic drive around the school clockwise. We also ask that everyone pull into a parking spot when picking students up. When cars are parked across the road and behind the parked cars, we have elementary students crossing the road, which can't happen. Please get out of your vehicle to meet your child as they exit the building. Your cooperation is appreciated.
