## About ICCS & This Guide

Over the past three decades, ICCS has taken action to help individuals and families in more than 1,000 Illinois communities across 90 counties. We have fed hundreds of thousands of children in the state's struggling towns and cities and partnered with communities to organize community programs, specifically for youth. We increase opportunities for independence, growth, and success.

This guide is to provide the community in Pike County with information and connections to education, emergency, health, housing, legal, rehabilitation, and other community services. While this guide is not an exhaustive list of all available local resources, it contains the most up-to-date information possible.
