Gloversville Enlarged School District - FamilyID

This year, the Gloversville Enlarged School District is using the program FamilyID for parents/guardians to provide up-to-date information, for all students. (I.E. - Emergency contacts, current addresses and phone numbers for dismissals, medical information, medications, etc.)

This information is very important to have updated, as this is how school staff/teachers will communicate with parents/guardians in case of emergencies, early dismissals, illnesses, injuries, academic, athletic and/or behavioral concerns.

Below is a step-by-step process on how to set up a FamilyID account. Please visit the District's webpage, click on MENU, in the maroon bar at the top of the page, and click on FamilyID to access the link.

How to Create a FamilyID Account:

1. Click on the blue **Create Account** link in the top right-hand corner of FamilyID.com.

2. Create your secure FamilyID account by entering your name, email address twice, a password twice, and checking the **I agree to the FamilyID Terms of Service** box. Then select the blue **Create Account** button.

3. After clicking **Create Account** you will see the following message:

   X An activation email has been sent to your email address. If it takes more than 20 minutes

   For your email provider to deliver this email to your inbox. Click to resend.

4. To start using your FamilyID account, you will first need to activate it. Please check your inbox for the Activation Instruction email. The email will have a clickable link which will allow you to activate and log into your new account. (This email may take several minutes to receive depending on your email provider. If you do not see the email, check your spam or junk folders. if it takes longer than 15 minutes, please contact support).

5. Once you click the activation link, you will be automatically logged into your account where you can begin the registration process.
