

MILAN C-2 SCHOOL DISTRICT

BETTER MC2 – PROJECT 2020
OCTOBER 2020 Community Update

October 2020 –

PROGRESS UPDATE –

The various areas throughout project are really TAKING shape!

The front doors of the Cafeteria/Commons Area have been installed – as have the stairs and ramps!

The Food Service was able to fully begin using the new Kitchen during the last week of September!

The interior of the Cafeteria/Commons will have accent colors that match our school color of KELLY GREEN!

OCTOBER 2020 Community Update

The ceiling adjustments are being addressed and constructed – the next step is to install the dropped ceiling in the Cafeteria/Commons area!

This is a picture of the north side of the New Gym's exterior – you can see the natural gas connection, plus the cleaned exterior brick! Overall the NEW brick has matched up nicely with the old brick.

Figure 1ADD FRONT PIC OF ENTRANCE

The front of the cafeteria/commons area looks SHARP!

The loading dock and kitchen entry has been used several times and is the primary door for the food service team!

SUMMARY

The hope is to have the Cafeteria/Commons Area completed by the end of October, however – it is still questionable to have large groups in one place at a specific time.

The new gym and locker rooms will be ready for use in late December or early January – all in all, there are roughly 29 weather days accounted in the project (since it began in October of 2019)
