## **Guidelines for Indoor Extracurricular Activities** (Subject to change at any time based on new data or restrictions.)

Welcome to McCurtain Public Schools! In an effort to meet recommendations for safety during the current epidemic, we ask that participants in all indoor extracurricular activities observe the following guidelines. These guidelines are established to lower risk of COVID-19 transmission between participants of these activities, thereby allowing indoor extracurricular activities to continue. Please help us provide an atmosphere for safe participation in these activities for everyone involved.

The following guidelines will be used for basketball games and other large indoor school related gatherings.

- **Temperatures will be checked when entering the gymnasium, auditorium, etc.**
- **Masks will be required to enter and should be worn when within 6 feet of others (except when eating or drinking).**
- **Social distancing of 6 feet or more should be utilized when physically possible except when sitting in a family group.**

At this time, we are **not** limiting capacity except in isolated situations when conditions require it (such as requirements by the State or conference.)

When possible, we will attempt to move indoor activities outside to increase our ability to social distance.

These are guidelines and are subject to change based on circumstances such as number of local cases or numbers of cases of opponents.

Sincerely,

Deward Palmer

Superintendent, McCurtain Public Schools
