**NOTIFICATION OF CONFIRMED COVID-19 CASE ON CAMPUS**

October 9, 2020

Dear Parent/Guardian,

In keeping with Nixon-Smiley CISD's practices to respond to COVID-19, we are notifying you that a High School student is lab-confirmed to have COVID-19. The student was last present on campus Tuesday, October 6, 2020. Due to privacy requirements, we will not be releasing the name of the individual or details that may identify him or her.

Students and employees who are considered to have been in close contact with the individual will be notified separately of their need to quarantine. While we do not have reason to believe that those who were not in close contact with the infected individual need to quarantine, we ask that you, as always, watch for symptoms of COVID-19.

**According to CDC.gov, people with COVID-19 have had a wide range of symptoms reported, ranging from mild symptoms to severe illness. Symptoms may appear 2-14 days after exposure to the virus. Please watch for these symptoms:**

- Fever or chills
- Cough
- Shortness of breath or difficulty breathing
- Fatigue
- Muscle or body aches
- Headache
- New loss of taste or smell
- Sore throat
- Congestion or runny nose
- Nausea or vomiting
- Diarrhea

This list does not include all possible symptoms.

If symptoms are present, we encourage you to contact your physician. We also ask that anyone in the Nixon-Smiley High School community who is lab-confirmed to have COVID-19, please notify our school by contacting (830) 582-1536 ext 405.

If you have any questions or concerns, please reach out to (830) 582-1536 ext. 405 or visit our website at [www.nixonsmiley.net](http://www.nixonsmiley.net).

Sincerely,

Lisa Jackson, RN MSN

District Nurse
