COMPULSORY ATTENDANCE AGES

Under South Dakota law, children between the ages of six (6) and eighteen (18) are of compulsory school age. It is the responsibility of every person having under their control a child between those ages to see to the child's attendance at school until the child has reached the age of eighteen (18), unless excused.

Any person who does not see to the school attendance of a child in their care will be guilty of a misdemeanor and if convicted, will be subject to a fine as established by law.

No student will be denied the right of attending school without due process of law.
