

Campbellsport Parents and Students,

October 6

Well here we are in October. While the numbers related to this health issue rise in the state and region, our school buildings and the district-wide are found to be stable as of today. Student absences reflect an increase due to contact outside of school with a person who tested positive. Meanwhile, staff absence due to non-COVID related reasons today, total five of the seven staff members out. With everything taken into account the District will carry on with school occurring like we have for the last number of weeks. Elementary and Middle School will continue meeting everyday with the High School following their Cohort model.

Be Safe whether you are in or out of school. To date we have no cases of this viral transmission occurring in school. Keep up the good work. Thank You All.

PAA

**Special Note for the High School:**

For planning purposes, 10/19-10/21 is a three-day week. We want to communicate that assuming we are in the Cohort Model at the HS, Cohort A will attend Monday, 10/19, Cohort B will attend Tuesday, 10/20. Virtual learning occurs when your cohort is not in person. Both cohorts have a Virtual Learning Day Wednesday 10/21.

The following week is a 4-day week. On 10/26 there is no school. Cohort A will attend 10/27 and 10/28. Cohort B will attend 10/29 and 10/30.

Paul A. Amundson

District Administrator

Campbellsport School District
