COVID GUIDELINES:

As we travel to many area schools for athletic competitions, we will abide by the home team's return to play guidelines. We must understand many surrounding communities and county health departments have different circumstances regarding Covid-19. Each week we will send out reminders about guidelines for each game as they are provided to us. We must respect the guidelines and show good sportsmanship. The ability to play each week will be dependent upon both schools being able to play and having enough players.

- Spectators will be limited to 4 per player
- Masks must be worn by spectators
- Families will need to sit together in the stands
- Social distancing between spectators not in the same family
- Each player will be responsible for individual water bottles; no team jug will be provided
- A limited concession stand will be provided based on local guidelines; please social distance in line
- Coaches and players will wear a mask on sidelines
- Games will be contingent upon both teams having enough available players to compete. This includes academic eligibility.
- If not enough players to compete then the game will be forfeited and will not be rescheduled.
