

**Reminder:** Next week is a three (3) day week with a break scheduled on the calendar.

The weekly 'snapshot ' from the County on the positive test in the area including the school district. We also have attendance numbers from today plus staffing impact. Staff members directly affected remain stable but Johnson Bus has three drivers impacted as of today. Student absence in the District is 'moderately high' with the viral impact varied by building. Percent of students absent for any reason range from under 4% to just under 12%. In those buildings with the higher percent absence it is still less than during an Influenza outbreak in many years.

**We will be continuing** in the instructional mode we have been in for the last number of weeks. So Elementary and Middle School students will be in school Monday through Wednesday. For the High School Cohort A will be here on Monday while Cohort B will attend on Tuesday. Wednesday will be a Virtual Learning Day for both Cohorts.

Be Safe and practice good hygiene. If showing symptoms please keep your students home. Help us keep the staff healthy and your schools open.
