

★ Hi All-Star Artists! ★

These activities do not require internet access and can be completed on your own, without Zoom or OnCourse. Choose one and spend about 30 minutes working on it.

Have fun!

♥ Ms. Antoine

- ★ **DRAW A PORTRAIT**: Have a family member model for you while you draw their portrait! Search for basic shapes and lines in their face. No one around? Look at yourself in the mirror and draw a self-portrait. You may also choose to draw a pet portrait.
- ★ **DRAW A STILL-LIFE**: Set up a few of your favorite toys or other things from around your house and draw what you see. Will you crop or draw everything? Will you color your still-life or leave it in black and white?
- ★ **SIDEWALK CHALK**: If the weather allows, go outside and use chalk to write/draw a positive message for your neighbors and family to see!
- ★ **CARDMAKING**: Make “just because” cards for your family, friends, neighbors, teachers - anyone and everyone you can think of! Tell them how much you appreciate them, write a joke inside to make them laugh, or any other kind message.
- ★ **RECYCLABLE CHALLENGE**: What can you make from cereal boxes, cans, or anything else your family may be recycling? A car? A robot? A house? The possibilities are endless!
- ★ **BOOK ILLUSTRATIONS**: Become an illustrator! Draw new illustrations for your favorite book or the book you’re reading now. Illustrate the characters, a funny moment from the story, or anything else from the book that might be fun to draw!
