Re: Open House/Homeroom Assignments/ Weekly Coffee Hour

Teachers will be posting a Recorded Video, introducing themselves, showing you and your child around the classroom and briefly sharing the structure of the day. Having this recorded, rather than live, will allow you the opportunity to really see what the classroom looks like under the new requirements and hear your teacher without external distractions.

This video will be uploaded to the teacher blogs, located on the school website by Thursday morning. If, after seeing the open house, you feel the need to meet briefly with your child's teacher, please reach out to him/her via email and something can be set up virtually or by phone.

Students in middle school: Please be watching for an email from your teacher by 9:00, Thursday morning. They will introduce themselves to you and welcome you to your new homeroom. To start the year, students will remain in the pods assigned. If/when restrictions in the school setting lift, you will have more opportunities to move about the building.

Beginning the week of September 21st, Mr. Stoneton and Mrs. Marvin will be inviting the school parent community to a virtual morning meeting to share updates and answer any questions parents may have as we progress through the new year. More information will be forthcoming regarding the day and time of this meeting.
