October 14, 2020

Dear TMS Parents,

Can you believe we are already at the end of the 1<sup>st</sup> quarter and beginning the 2<sup>nd</sup> quarter! I know the first quarter had some challenging moments, however, overall I am so proud of our TMS Savages and parents and teachers. I know we have all worked hard to navigate these ‘new normals’ we are experiencing, and your patience and support is greatly appreciated.

I am sending out this letter for two reasons. The first is to let you know that 1<sup>st</sup> quarter report cards are being distributed to students today during their Advisory class. We will mail report cards to those students who are virtual learners. You are also welcome to see your student’s official 1<sup>st</sup> quarter grades in their Wen-Gage Guardian Portal. This is the same website you used this summer to enroll your student for the 2020-21 school year.

The second reason for this letter is a request. During the course of the 1<sup>st</sup> quarter, we have distributed almost 400 cloth masks to students who forget their mask for school or have trouble with the one they bring from home. We are quickly coming to the end of our supply of masks to be able to help students. We need your help with this issue. Please take time over Fall Break to ensure your child has a supply of masks for school. We encourage students to bring two each day – one on their face and another tucked in a pocket of their backpack for use if needed. Also, if your child has brought home a black cloth mask from school, please send those back to school. We will launder them and add them back to our supply to help students who may need to borrow one in the future. Or, you are welcome to launder those masks yourself and add them to your child’s supply of school masks. THANK YOU for your help with this issue.

The year is a SAVAGE TEAM effort more than ever before. Your support and patience is greatly needed and appreciated. I hope all TMS Savages have a fantastic Fall Break!

Respectfully,  
Sarah Flowers
