Body Mass Index (BMI)

<input checked="" type="checkbox"/>	The school has conducted an analysis of the School Level Body Mass Index screening data.
-------------------------------------	---

Develop a brief narrative of student BMI trends based on the analysis of the data.

The BMI classifications for students in grades K, 2, and 4 at Barton Elementary School 2019-2020 are as follows: Males-healthy underweight 40.85 %, overweight and obese 26.39 %; females-healthy underweight 51.61 %, overweight and obese 25.55%. Overall, BMI classification result for Barton Elementary School shows: 12.77% of all children measured in the overweight category and approximately 13.20% of all children measured were identified as obese. (3.23% of 4th graders were incomplete and 100% of 6th grade due to Covid 19)

The school nurse reported results to parents to inform them if their child has a health risk. There h

been a great effort to provide healthier lunches and snack with more fruits and vegetables.

The LEA will coordinate with child nutrition personnel to ensure menus are reviewed quarterly by the district wellness committee. The LEA will ensure that the district policy is in compliance with state and federal mandates.

AR department data system indicated a total enrollment of 371 in the school and 223 in grades to which BMI assessments are required (K,2,4 and6). (3.23% of 4th graders were incomplete and 10% of 6th grade due to Covid 19)

Other Health and Wellness Related Data (Optional)

Section III: Health and Wellness Goals

Indicate the LEA's compliance with the following Act 1220 requirements:

- ☒ The LEA will coordinate with child nutrition personnel to ensure menus are reviewed quarterly by the district wellness committee.
- ☒ The LEA will ensure that the district policy is in compliance with state and federal mandates.

Goal 1: The LEA will provide coordination and support to create a healthy nutrition environment for students.

Goal 1 Measurable Objective

After the review of the past year's data, 66% of onsite students will be informed of nutritional food services during the school year.

Goal 1

Activity	Person Responsible	Timeline
Nutritional posters will be displayed throughout the cafeteria.	Vicki Turner	May 2021
Fresh fruit and vegetable grant is used to provide healthy nutritional foods to students daily.	Vicki Turner	May 2021
A bottle of water along with milk products and juice will be provided to all students during the lunch meal daily.	Vicki Turner	May 2021

Every student will receive free breakfast and lunch daily.	Tina Morrow	May 2021
All virtual students 7-12 will have the opportunity to receive free breakfast and lunch daily.	Vicki Turner	May 2021

Reviewer Comments:

Good job on your team's efforts to address nutrition on the school campus!

Goal 2: The LEA will provide coordination and support to create an environment that promotes physical activity and provides quality physical education for students.

Goal 2 Measurable Objective

After review of the current physical activity within the school, opportunities for student engagement will increase overall by 50% by May 2021 for 66% onsite learners and 34% offsite learners.

Goal 2

Activity	Person Responsible	Timeline
All virtual learners will receive PE instruction through google classroom.	Jarrold Bailey	May 2021
BSD has completed the new PE facility to be utilized for all sports, band and cheer. The facility is used for afterschool activities.	Paul Burkhead	May 2021
5th and 6th grade PE classes are conducted in the new facility.	Paul Burkhead	May 2021

Reviewer Comments:

Good job on your team's efforts with incorporating physical activity on the school campus and with your virtual learners!

Goal 3: The LEA will provide professional development for school staff that promotes healthy nutrition and physical activity.

Goal 3 Measurable Objective

Professional development will be provided concerning health and wellness.

Goal 3

Activity	Person Responsible	Timeline
