

Ellis Clark Regional Agriscience and Technology Center at

Nonnewaug High School Woodbury, CT

ARE YOU INTERESTED IN A UNIQUE HIGH SCHOOL EXPERIENCE?

Things to know:

1. You have a choice where you can attend high school next year.
2. The Agriscience Program at the Nonnewaug High School in Woodbury, Connecticut is a FREE public school.
3. We focus on agricultural science with hands-on learning.

Is this for me?

- Do you like working with animals such as dogs, cats, cows, horses, goats, sheep, pigs, fish, turtles and rabbits? **Because we raise all of these right at the school!**
- Do you enjoy learning about the environment, nature, plants, beekeeping, maple syrup production, operating chainsaws and saw mills? **Because we do all of that!**
- Do you love working on engines, tractors, equipment, welding, building, plumbing, electrical, hydraulics and/or woodworking? **We have a mechanics shop that includes all of this.**
- Does any of the following career choices interest you? Landscaping, veterinary science, fish farming, gardening, animal therapy, greenhouse plants, flower arranging, forestry, horseback riding or showing animals at a local fair? **If so, then this is the program for you!**

We accept applicants from the following towns.

Ansonia ~ Bethel ~ Derby ~ Naugatuck ~ Oxford ~ Region 5 (Bethany, Woodbridge) ~
Region 15 (Middlebury, Southbury) ~ Region 16 (Beacon Falls, Prospect) ~ Seymour ~
Watertown (Oakville)
